What You Need To Know About Franchising *Generally*

Continuing responsibility to pay fees. You may have to pay royalties and other fees even if you are losing money.

Business model can change. The franchise agreement may allow the franchisor to change its manuals and business model without your consent. These changes may require you to make additional investments in your franchise business or may harm your franchise business.

Supplier restrictions. You may have to buy or lease items from the franchisor or a limited group of suppliers the franchisor designates. These items may be more expensive than similar items you could buy on your own.

Operating restrictions. The franchise agreement may prohibit you from operating a similar business during the term of the franchise. There are usually other restrictions. Some examples may include controlling your location, your access to customers, what you sell, how you market, and your hours of operation.

Competition from franchisor. Even if the franchise agreement grants you a territory, the franchisor may have the right to compete with you in your territory.

Renewal. Your franchise agreement may not permit you to renew. Even if it does, you may have to sign a new agreement with different terms and conditions in order to continue to operate your franchise business.

When your franchise ends. The franchise agreement may prohibit you from operating a similar business after your franchise ends even if you still have obligations to your landlord or other creditors.

Some States Require Registration

Your state may have a franchise law, or other law, that requires franchisors to register before offering or selling franchises in the state. Registration does not mean that the state recommends the franchise or has verified the information in this document. To find out if your state has a registration requirement, or to contact your state, use the agency information in Exhibit C.

Your state also may have laws that require special disclosures or amendments be made to your franchise agreement. If so, you should check the State Specific Addenda. See the Table of Contents for the location of the State Specific Addenda.

Special Risks to Consider About *This* Franchise

Certain states require that the following risk(s) be highlighted:

1. **Out of State Dispute Resolution.** The franchise agreement requires that you resolve disputes for monies due and owing by litigation in Cook County, Illinois. The franchise agreement requires that you resolve disputes other than those for monies due and owing by arbitration only in Cook County, Illinois. Out of state litigation/arbitration may force you to accept a less favorable settlement for disputes. It may also cost you more to litigate/arbitrate with us in Illinois than in your own state.
2. **Mandatory Minimum Payments.** You must make minimum royalty or advertising fund payments, regardless of your sales levels. Your inability to make the payments may result in termination of your franchise and loss of your investment.
3. **Inventory Control.** You must make inventory and supply purchases of at least \$1,250 each year from us, even if you do not need that much. Your inability to make these purchases or to maintain inventory levels at all times may result in termination of your franchise and loss of your investment.

Explanatory Notes

1. You may obtain your business liability insurance locally from your own agent. The monthly cost for this coverage is estimated to range from \$125 to \$500 and is dependent upon the operations, geographic location and sales of your franchise. Franchises are currently obtaining insurance coverage for service vehicles depending upon the carrier, deductible and the franchise location, for approximately \$ 75 to \$ 300 per month per vehicle. Worker's compensation coverage is pursuant to applicable state statute. Contractors Pollution Liability insurance premiums vary based on location and revenue.
2. Franchise owners generally start operations from their homes and move to other quarters when their business outgrows the home environment. When you operate your franchise from your home, you will not have expenses for such items as real property, leasehold improvements, fixtures, construction, remodeling and security deposits. The amounts will vary depending upon the type of location you select, whether purchased or leased and whether or not remodeled and furnished.
3. This item estimates your initial six month start-up expenses. These figures are estimates, and we cannot guarantee that you will not have additional expenses starting the business. Your costs will depend on factors such as: how much you follow our methods and procedures; your management skill and business experience; local economic conditions; the local market for your services; competition; and the sales level reached during the initial period. These estimates are based on Duraclean's ninety-three years of experience.

4. You may use your existing white van, you may purchase a used white van or you may choose to begin your business with the purchase or lease of a new white van. The equipment manufacturer recommends installation of the CDS cleaning machine in a new Chevy Express or GMC cargo van (3/4 or 1 tone with v8 engine) or in a used van less than 2 years old with less than 30,000 miles on the engine.
5. You are responsible for additional travel expenses that may be incurred during Duraclean's Success Institute.
6. This amount includes equipment, solutions, supplies, manuals, vehicle graphics, printing, a business website template and the first year subscription to Duraclean's web based computer software.

Item 8

Members of the staff who are instructors collectively have over one hundred years of experience in the industry. The *Success Institute* is directed by Vincent J. Caffarello, Chairman & CEO of Duraclean. Duraclean will pay room and board expenses for you, your spouse and partners authorized on the agreement who are registered in advance and Duraclean will give you one (1) round trip air ticket to Chicago, or pay car mileage allowance at .50 per mile up to value of air fare. You are responsible for additional expenses during Duraclean’s Success Institute. During this period you will develop a step-by-step business plan with Duraclean’s staff of experienced professionals, many of whom have operated businesses offering the same services you will be offering, to help you in the orderly and efficient start-up of your business. Talk with your counselors about your situation but it is generally recommended that, several weeks before you attend the Success Institute, you receive your equipment and supplies so you will be familiar with items and procedures when you arrive for the Success Institute training. You should avail yourself of the above described programs soon after commencing operations. You are required to attend the Success Institute within two months after you sign the Franchise Agreement. (Franchise Agreement paragraph I.3).

Item 12

TERRITORY

You and Duraclean jointly will determine a custom designed location in which you will operate one Duraclean Franchise (the "Primary Marketing Area"). To establish the Primary Marketing Area for which there is no minimum size, a number of factors are taken into account, such as population of the area, the number of residential households by income strata, market potential for commercial business, etc. You will concentrate your sales and servicing efforts in your assigned Primary Marketing Area, which does not necessarily need to be the city or town in which you reside. However, you must maintain a telephone and a street address or post office box address within the assigned Primary Marketing Area for customer contact purposes. (Franchise Agreement paragraph III.8)

Duraclean will approve the relocation of the franchise when the territory requested can support the addition of a Duraclean Franchise without conflict.

The right of first refusal to purchase specific additional limited available franchise territories may be agreed to when the Primary Marketing Area is designed, however, Duraclean is not required to offer the right of first refusal to purchase additional territories.

When possible, the Primary Marketing Area is designed for just one Franchise. The Primary Marketing Area is nonexclusive.

You will not receive an exclusive territory; you may face competition from other franchisees, from franchises that we own, or from other channels of distribution or competitive brands that we control.

Duraclean will not establish additional franchises in an Area where it believes the existing franchise owner(s) have adequate Duraclean customers or have a marketing plan with Duraclean in place to service the Area with continued minimal growth.

If you default on your franchise agreement or your Primary Marketing Area agreement Duraclean may modify your territorial rights.

Duraclean reserves the right to use other channels of distribution, such as the internet, telemarketing, or other direct marketing sales, to make sales of products or services within the Primary Marketing Area using Duraclean's principal trademarks or trademarks different from the ones you will use under the franchise agreement. Dependent upon your involvement in the services provided and by agreement compensation may be paid to you however Duraclean is not required to pay such compensation.

Duraclean retains sole ownership of the Names and Marks that it has developed and may develop in the future. We know of no "effective material determination" of the Patent and Trademark Office, trademark trial and appeal board, or the trademark administrator of this state or any court; pending infringement, opposition or cancellation; pending material litigation, and/or any superior prior right. No agreements limit Duraclean's right to use or license the use of Duraclean's Names and Marks.

It is the policy of Duraclean to take actions necessary to protect the Names and Marks although the Agreement does not specifically require us to do so. When you learn about an infringement of or challenge to your use of our trademark you must notify Duraclean immediately. In the past, Duraclean has taken legal action, when necessary, to stop others from the use of a name that was confusingly similar to the name "Duraclean."

Duraclean does not know of any superior or infringing uses that could materially affect your use of Duraclean's Names and Marks.

Duraclean does not limit who you can hire or require that employees have specific training or equity interests in the franchise. You own the franchise as an independent business person.

Each individual who owns an interest in the franchisee entity, which may or may not include your spouse, must sign an agreement (Exhibit A) assuming and agreeing to discharge all obligations of the “Franchisee” under the Franchise Agreement. Item 16

You are not prohibited from selling **non-related** goods and services however the sales of any goods or services under the Duraclean name are subject to Royalty. Duraclean reserves the right to modify services and products from time to time.

You will devote your best efforts to develop satisfied Duraclean customers for your service business and will not directly or indirectly engage in, support or work for any non-Duraclean business offering services competitive to those of Duraclean during the term of the Agreement.

While you are obligated to offer the services of the Franchise acquired, you do not have to provide all the services available from Duraclean to your customers. You may add Duraclean services and have your business grow at your own pace.

There are no other restrictions limiting your access to customers.

You will sell Duraclean patented equipment to another authorized Duraclean franchisee or to Duraclean at the then current fair market value considering age and condition. You will remit Royalty payments and interest per month until all these actions are completed, including receipt of equipment by another franchisee or Duraclean.

6. Also, if this Agreement is terminated or not renewed for any reason, to protect the Duraclean system, you will immediately stop using the Duraclean name, trade and service marks, service equipment, copyrighted materials, advertisements, business cards, vehicle identification, websites, social media and uniforms and cease referencing any association with Duraclean and remove any reference to the Duraclean name in your corporate or business name. ADDENDUM

To Duraclean International, Inc.
Franchise Agreement
REQUIRED BY THE STATE OF CALIFORNIA

THE CALIFORNIA FRANCHISE INVESTMENT LAW REQUIRES THAT A COPY OF ALL PROPOSED AGREEMENTS RELATING TO THE SALE OF THE FRANCHISE BE DELIVERED TOGETHER WITH THE DISCLOSURE DOCUMENT 14 DAYS PRIOR TO EXECUTION OF AGREEMENT.

In recognition of the requirements of the State of California Department of Financial Protection and Innovation and the rules and regulations promulgated there under, the Franchise Agreement of Duraclean International, Inc. shall be modified as follows:

1) The following shall be added to the end of Section VI:

- a) California Business and Professional Code Sections 20000 through 20043 provide rights to the franchise concerning termination, transfer or non-renewal of a franchise. If the franchise agreement contains a provision that is inconsistent with the law, the law will control.
- b) The franchise agreement contains a covenant not to compete which extends beyond the termination of the franchise. This provision may not be enforceable under California law.
- c) The franchise agreement contains a liquidated damages clause. Under California Civil Code Section 1671, certain liquidated damages clauses are unenforceable.
- d) Our website (www.duraclean.com) has not been reviewed or approved by the California Department of Financial Protection and Innovation. Any complaints concerning the content of this website may be directed to the California Department of Financial Protection and Innovation at its website address www.dfpi.ca.gov.
- e) Franchisees must sign a personal guaranty, making you and your spouse individually liable for your financial obligations under the agreement if you are married. The guaranty will place your and your spouse's marital and personal assets at risk, perhaps including your house, if your franchise fails.
- f) You will not receive an exclusive territory. You may face competition from other franchisees, from outlets that we own, or from other channels of distribution or competitive brands that we control.
- g) The franchise agreement contains a covenant not to compete which extends beyond the termination of the franchise. A contract that restrains a former franchisee from engaging in lawful trade or business is to that extent void under California Business and Professions Code 1660.

2) The following shall be added to the end of Section VII:

- a) The franchise agreement requires application of the laws of Illinois. This provision may not be enforceable under California law.
- b) No statement, questionnaire, or acknowledgement signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.
- c) For franchisees operating outlets located in California, the California Franchise Investment Law and the California Franchise Relations Act will apply regardless of choice of law or dispute resolution venue stated elsewhere. Any language in the Franchise Agreement or any amendment thereto or any agreement to the contrary is superseded by this condition.

Franchised Territory

When possible, the Primary Marketing Area is designed for just one Franchise. The Primary Marketing Area is nonexclusive; you will not receive an exclusive territory however, Duraclean will not establish additional franchises in an Area where it believes the existing franchise owner(s) have adequate Duraclean customers or have a marketing plan with Duraclean in place to service the Area.

When a territory has been agreed upon you will be asked to sign a Primary Marketing Area letter which will include the following language:

The purpose of this letter is to define your Primary Marketing Area:

PMA – the physical territory may be described by county or city boundaries and may be shared by other Franchises on a non-exclusive basis. Revenue stipulations may be agreed upon.

Duraclean recognizes that you, as well as other franchises, may, from time to time, receive occasional business from outside your Primary Marketing Area, as a result of referrals and recommendations from satisfied customers. However, as covered in Section II.8 of your Agreement, the Primary Marketing Area is where you will be devoting all your business sales and promotional efforts including: having an office with a street address and a telephone listing; yellow page and classified newspaper advertising; direct mailings; penny savers, Val-Pacs, etc.; telephone solicitation and direct sales representation. In consideration of the above conditions, it is assumed that you will actively market your Duraclean Franchise. This marketing will be in a reasonable and professional manner to increase your overall customer base.

If you advertise in media, including websites, Google Business Accounts, social media, etc., that may extend beyond your Primary Market Area you must include language explaining the approved area to be serviced by your franchise.

Please sign, date and return this letter. The second copy should also be signed and is for your files.

INDEPENDENT AUDITORS' REPORT

To the Stockholders of
Duraclean International, Inc.
1585 Barclay Blvd
Buffalo Grove, IL 60089

Unmodified Opinion on 2024 and Qualified Opinion on 2023 and 2022

We have audited the accompanying financial statements of Duraclean International, Inc., which comprise the balance sheets as of December 31, 2024, 2023, and 2022, and the related statements of income, changes in stockholders' equity, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, except for the effects on the years 2023 and 2022 financial statements of the matter described in the Basis for Qualified Opinion section of our report, the financial statements referred to above present fairly, in all material respects, the financial position of Duraclean International, Inc. as of December 31, 2024, 2023 and 2022 and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Unmodified Opinion on 2024 and Basis for Qualified Opinion on 2023 and 2022

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Duraclean International, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unmodified audit opinion on the year 2024 financial statements and our qualified audit opinion on the 2023 and 2022 financial statements.

As more fully described in Note G, the 2023 and 2022 financial statements do not reflect lease assets and lease liabilities on the balance sheet for those leases classified as operating leases, and omit certain financial statement disclosures required by ASU 2016-02, Leases (Topic 842). This does not conform with accounting principles generally accepted in the United States of America. Quantification of the effects of that departure from U.S. generally accepted accounting principles on the financial statements of Duraclean International, Inc. is not practicable.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Duraclean International, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

NOTES TO FINANCIAL

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Duraclean International, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Duraclean International, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

**DURACLEAN INTERNATIONAL,
NOTES TO FINANCIAL**

NOTE A- NATURE OF OPERATIONS

Duraclean International, Inc. (the "Company") is primarily engaged in the sale and support of cleaning franchises throughout the United States of America and internationally. Major sources of revenue come from the sale of franchises, franchise royalties and equipment supplies sales. The Company also operates a company-owned franchise in the Chicago area.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The summary of significant accounting policies is presented to assist in understanding the Company's financial statements. The financial statements and notes are representations of the Company's management, which is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Due to the inherent uncertainty involved in making estimates, actual results could differ from those estimates.

REVENUE RECOGNITION

The Company is engaged in the sale and support of cleaning franchises throughout the United States and internationally. These contracts are fixed price contracts each negotiated separately with the customer. The franchise agreement contains multiple performance obligations. The initial franchise fee is allocated to these performance obligations, which include the provision of training and support services, equipment and product, and the franchise fee license. The timing of the satisfaction of the service and product performance obligations is at the opening of the franchisee's operations, and, accordingly, initial franchise fees are recognized at the opening of the franchisee's operations. The timing of the satisfaction of the franchise fee royalties is over the term of the related agreement, and these franchise fee royalty revenues are recognized primarily on a bi-monthly basis, from reports received from franchisees shortly

DURACLEAN INTERNATIONAL,

NOTES TO FINANCIAL

after period-end. Reports and payments are due within seven days after each bi-monthly period. Estimates are utilized in certain instances when actual numbers have not been received. Revenue from franchise fees can be impacted by the number of new franchises, the overall number of franchises, and franchisees' revenues.

The Company also operates a company-owned franchise providing cleaning and restoration services in the Chicago area. These contracts are fixed price contracts each negotiated separately with the customers. Service jobs are short-term in nature, ranging from several hours to several weeks. The performance obligation is satisfied upon completion of the job, and revenue is recognized at that time. Payment is typically due upon receipt of the invoice. Each of these sales contracts consists of a single performance obligation to deliver cleaning or restoration services. Thus, the transaction price is not required to be allocated to multiple performance obligations. Control of the services is transferred to the customer upon their approval of the services. Revenue from services can be impacted by general economic conditions, relationships with third-party administrators for insurance companies, and the size of the jobs.

DURACLEAN INTERNATIONAL,
NOTES TO FINANCIAL

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

REVENUE RECOGNITION (Continued)

The Company is engaged in the sale of cleaning equipment and supplies. These contracts are fixed price contracts each negotiated separately with the customer. These products are primarily sold to its franchisees. Revenues are recognized at a point in time when control of the products are transferred to the customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for the product. Product sales have contractual payment terms of net 30 days. Each of these sales contracts consists of a single performance obligation to deliver a specified number of products to the customer. Thus, the transaction price is not required to be allocated to multiple performance obligations. The timing of the satisfaction of the performance obligation is at the point in time when the control of the product is transferred to the customer. The Company considered several factors in determining that control transfers to the customer upon shipment of retail and wholesale products. These factors include that legal title transfers to the customer, the Company has a present right to payment, and the customer has assumed the risks and rewards of ownership at the time of shipment. Historically, returns have been negligible and, consequently, the transaction price of plastics injection molded gears is not considered to contain an element of variable consideration. Returns are recognized when they occur. Revenue from sale of product can be impacted by the number of new franchises and demand for product by the franchisees.

Revenues are recognized when control of these products or services are transferred to its customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those products or services. Shipping and handling fees charged to customers are reported within revenue. Shipping and handling costs associated with outbound freight after control over a product has transferred to a customer are accounted for as a fulfillment cost and are included in cost of revenues. Incidental items that are immaterial in the context of the Company's contracts are recognized as expense. The Company does not have any significant financing components as payment is received at or shortly after the point of sale. Costs incurred to obtain a contract will be expensed as incurred when the amortization period is less than a year. Sales and similar taxes that are imposed on sales and collected from customers are excluded from revenue.

The following table disaggregates the Company's revenue based on the timing or satisfaction of performance obligations for the years ended December 31, 2024, 2023, and 2022:

	<u>2024</u>	<u>2023</u>	<u>2022</u>

REVENUE RECOGNITION (Continued)

The allocation of the performance obligations associated with the initial franchise fee are as follows:

Products and supplies	<u>2,700</u>
	\$ 59,500

Contract Assets	7,901	14,948	9,348	18,394
Contract Liabilities		10,000		

Contract assets consist of installment notes receivable. Contract liabilities consist of deferred revenue. The Company, may, from time to time, offer to finance its franchisees' accounts receivable debt when franchisees have accumulated large outstanding accounts receivable balances. Contract liabilities consist of customer deposits.

No impairment losses were incurred in 2024, 2023, or 2022 with respect to contract assets arising from contracts with customers.

CASH AND CASH EQUIVALENTS

The Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

CONCENTRATION OF CREDIT RISK

At times during the year, the Company may have cash and cash equivalents in excess of federally insured limits of \$250,000 at one banking institution. These amounts potentially subject the Company to credit risk if the banking institution fails. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any

DURACLEAN INTERNATIONAL,

NOTES TO FINANCIAL

significant credit risk on cash and cash equivalents.

DURACLEAN INTERNATIONAL,
NOTES TO FINANCIAL

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

ACCOUNTS RECEIVABLE

Accounts and installment notes receivable are stated at the amount management expects to collect from outstanding balances. Installment notes receivable from franchisees, are generally unsecured with various interest rates and terms of one to four years. The Company records an allowance for lifetime credit losses that are expected to be incurred as of the date that a receivable is originated. The allowance reduces the carrying amount of the receivables to the net amount expected to be collected. The determination of the allowance requires us to collectively evaluate receivables by classifying them into pools that share similar risk characteristics such as type of receivable, size of the receivable, date of origination, etc. while individually evaluating such assets, if any, that do not possess risk characteristics similar to those in the identified pools.

The normal terms for the Companies sales to individuals are 30 days from invoice. The Company considers a receivable to be past due when the 30-day normal terms have been exceeded and an assessment of the current status of individual accounts is completed.

Receivables are written off after all reasonable collection efforts have been exhausted. Write offs are recognized as a deduction from the allowance for credit losses. Amounts previously written off that are now expected to be recovered are included in the determination of the allowance for credit losses.

Estimate of the required allowance for credit losses is based on:

- Available and relevant internal and/or external information about historical loss experience with similar assets,
- Current conditions, and, if applicable,
- Reasonable and supportable forecasts that affect the expected collectability of the reported amount of financial assets that have an extended contractual term

FIXED ASSETS (Continued)

Major classifications of property and equipment and their respective lives are summarized below:

		<u>Lives in Years</u>	<u>2024</u>	<u>2023</u>	<u>2022</u>
Leasehold improvements	39	\$ 13,763	\$ 10,454	\$ 10,454

		<u>\$ 363,040</u>	<u>\$ 560,479</u>	<u>\$ 522,702</u>	

Maintenance and repairs, which neither materially add to the value of the property nor appreciably prolong its life, are charged to expense as incurred. Gains and losses on dispositions of property and equipment are included in income.

CARRYING VALUE OF LONG-LIVED ASSETS

In the event that facts and circumstances indicate that the Company's long-lived assets may be impaired, an evaluation of recoverability would be performed. Such an evaluation entails comparing the estimated future undiscounted cash flows associated with the asset to the asset's carrying amount to determine if a write down to market value or discounted cash flow value is required. The Company considers that no circumstances currently exist that would require such an evaluation.

GOODWILL

Goodwill represents an acquired company's acquisition cost less the fair value of assets. Goodwill is assigned to specific reporting units and is reviewed for possible impairment upon the occurrence of an event or when circumstances indicate that a reporting unit's carrying amount is greater than its fair value. When evaluating whether goodwill is impaired, the Company compares the fair value of the reporting unit to which the goodwill is assigned to the reporting unit's carrying amount, including goodwill.

The fair value of the reporting unit is estimated on the present value of expected future cash flows. Management has determined that goodwill of \$68,578 was not impaired for the year ended December 31, 2024. No triggering event occurred during the year ended December 31, 2024 that required goodwill impairment testing and, accordingly, no impairment loss was recorded in 2024.

DURACLEAN INTERNATIONAL,

NOTES TO FINANCIAL

For tax purposes, goodwill continues to be amortized over 15 years resulting in a \$4,572 deduction on the 2024 tax return.

INCOME TAXES

There is no provision for federal corporate income taxes because the stockholders have elected to pay these taxes in accordance with S Corporation rules of the Internal Revenue Code. A provision for state replacement tax has not been made due to the availability of state net operating loss carryforwards.

The Company has adopted the provision of ASC Topic 740, Income Taxes, relating to the accounting for uncertainty in income taxes. The Company files income tax returns in the U.S. federal jurisdiction, and various states. Management is not aware of any uncertain tax positions.

ADVERTISING

Non-recurring expenses occurred in 2023 as Wil Gage, a major stockholder of the company, passed away. These expenses were one-time expenses that consisted of key-employee payout to Wil's spouse and legal fees.

SUBSEQUENT EVENTS

The Company has evaluated subsequent events through February 28, 2025, the date which the financial statements were available to be issued.

This method of recognizing rent expense and the absence of recording a lease liability and asset is a departure from

accounting principles generally accepted in the United States of America. Total rent expense, including common area maintenance fees, was \$125,266, and \$124,365 for the years ended 2023 and 2022, respectively.

NOTE G - LEASE COMMITMENTS (Continued)

The Company has entered into various lease commitments on buildings used for its activities. The current terms of the leases provide for annual rents of \$1,619 and \$4,085 payable monthly, increasing to \$1,794 and \$4,850 throughout the life of the leases. The Company may also be responsible for operating expenses and real estate taxes, which exceed the base year defined in the lease. NOTE H - TREASURY STOCK

In February 2019, the stockholders proposed the Company repurchase 1,950 shares of common stock from a principal stockholder. In 2022, 2023, and 2024, the Company completed the repurchase of 325 shares each year at an aggregate cost of \$23,280 a year. Additionally, the Company paid \$17,460 in deposits towards the repurchase of an additional 325 shares to be completed approximately March 2023. During the year ended December 31, 2023, the Company paid \$5,820 in deposits towards the purchase of Will Gage's stock of an additional 660 shares. These treasury stock shares may be cancelled upon the Board of Directors approval.

NOTE I - ALLOWANCE FOR CREDIT LOSSES

Credit loss activity consists of the following for the year ended December 31, 2024:

	<u>2024</u>
Balance, beginning of year	\$ 2,000
Write-offs	(7,736)
Recoveries	
Credit loss expense	<u>7,736</u>
Balance, end of year	<u>\$ 2,000</u>

The risks attributable to portfolio of accounts receivable relate to the liquidity and financial viability of customers. The credit risk relative to the customer environment is largely due to factors such as general economic conditions, inflation rates, interest rates, and employment status in the geographic areas in which the customers conduct their business.

The Company determines the allowance for credit losses by using an accounts receivable aging schedule and utilizing historical loss percentages adjusted for the effects of current conditions and reasonable and supportable forecasts of the future. The factors that influenced judgments in the current and forecast periods were as follows: change in Gross Domestic Product (GDP), evaluation of interest rates published by the U.S. Federal Reserve, and the rate of inflation.

The Company determines the allowance for credit losses by using a probability-of-defaults for unbilled receivables. The factors that influenced judgments in the current and forecast periods were as follows: change in Gross Domestic Product (GDP), changes in the unemployment rates, evaluation of interest rates published by the U.S. Federal Reserve, and the rate of inflation.

DURACLEAN INTERNATIONAL,

NOTES TO FINANCIAL

The Company adjusted historical loss rates to reflect the anticipated effects caused by some of the factors listed above. Due to the short-term nature of accounts receivable, it was not necessary for the Company, in making computations, to adjust the estimate of the rate of expected lifetime credit losses for reasonable and supportable forecasts or revert to historical data for periods subsequent to a reasonable and supportable forecast period.

NOTE J - ACCOUNTING CHANGE

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842) and subsequently issued additional ASUs to amend and clarify Topic 842. As of January 1, 2024, the Company elected to adopt these ASUs using a modified retrospective approach and utilized all of the available practical expedients. The most significant impact was the recognition of right-of-use assets and lease liabilities for operating leases. As a result of adopting the new standards, the Company recorded additional net lease assets and lease liabilities of approximately \$293,295. Adoption of the new standard did not materially impact the Company's net income and had no impact on cash flows.

ADDENDUM

To Duraclean International, Inc.
Franchise Disclosure Document
REQUIRED BY THE STATE OF CALIFORNIA

THE CALIFORNIA FRANCHISE INVESTMENT LAW REQUIRES THAT A COPY OF ALL PROPOSED AGREEMENTS RELATING TO THE SALE OF THE FRANCHISE BE DELIVERED TOGETHER WITH THE DISCLOSURE DOCUMENT 14 DAYS PRIOR TO EXECUTION OF AGREEMENT.

California Corporations Code Section 31119 requires that the offering circular together with all proposed agreements relating to the sale of the franchise be delivered to prospective franchisees at least 14 days prior to execution by the prospective franchisee of any binding franchise or other agreement, or at least 14 days prior to the receipt of any consideration, whichever occurs first.

In recognition of the requirements of the State of California Department of Financial Protection and Innovation and the rules and regulations promulgated there under, the Uniform Franchise Disclosure Document of Duraclean International, Inc. shall be modified as follows:

1. The following shall be added to the end of Item 5; The Department has determined that we, the franchisor, have not demonstrated we are adequately capitalized and/or that we must rely on franchise fees to fund our operations. The Commissioner has imposed a fee deferral condition, which requires that we defer the collection of all initial fees from California franchisees until we have completed all of our pre-opening obligations and you are open for business. For California franchisees who sign a development agreement, the payment of the development and initial fees attributable to a specific unit in your development schedule is deferred until that unit is open.
2. The following shall be added to the end of Item 17;
 - a. California Business and Professional Code Sections 20000 through 20043 provide rights to the franchise concerning termination, transfer or non-renewal of a franchise. If the franchise agreement contains a provision that is inconsistent with the law, the law will control.
 - b. The franchise agreement contains a covenant not to compete which extends beyond the termination of the franchise. This provision may not be enforceable under California law.
 - c. The franchise agreement contains a liquidated damages clause. Under California Civil Code Section 1671, certain liquidated damages clauses are unenforceable.
 - d. The franchise agreement requires binding arbitration. The arbitration will occur at Chicago, Illinois with filing costs being borne by each of the parties, except that the filing fee will be borne by the party filing the demand and each party will be responsible for its own attorney's fees, unless the arbitrator rules otherwise based upon the provisions of the franchise agreement and applicable law. Prospective franchisees are encouraged to consult private legal counsel to determine the applicability of California and federal laws (such as Business and Professions Code Section 20040.5, Code of Civil Procedure Section 1281, and the Federal Arbitration Act) to any provisions of a franchise agreement restricting venue to a forum outside the State of California.
 - e. The franchise agreement requires application of the laws of Illinois. This provision may not be enforceable under California law.
 - f. Franchisees must sign a personal guaranty, making you and your spouse individually liable for your financial obligations under the agreement if you are married. The guaranty will place your and your spouse's marital and personal assets at risk, perhaps including your house, if your franchise fails.

- g. You will not receive an exclusive territory. You may face competition from other franchisees, from outlets that we own, or from other channels of distribution or competitive brands that we control.
- 3. The franchisor nor any person nor franchise broker in Item 2 of the Franchise Disclosure Document is subject to any currently effective order of an national securities association or national securities exchange, as defined in the Securities Exchange Act of 1934, 15 U.S.C.A. 78a et seq., suspending or expelling such person from membership in such association or exchange.
- 4. Before the franchisor can ask you to materially modify your existing franchise agreement, Section 31125 of the California Corporations Code requires the franchisor to file a material modification application with the Department that includes a disclosure document showing the existing terms and the proposed new terms of your franchise agreement. Once the application is registered, the franchisor must provide you with that disclosure document with an explanation that the changes are voluntary.
- 5. The franchise agreement provides for termination upon bankruptcy. This provision may not be enforceable under federal bankruptcy law. (11 U.S.C.A. Sec. 101 et seq.).
- 6. Our website (www.duraclean.com) has not been reviewed or approved by the California Department of Financial Protection and Innovation. Any complaints concerning the content of this website may be directed to the California Department of Financial Protection and Innovation at its website address www.dfpi.ca.gov.

The registration of this franchise offering by the California Department of Financial Protection and Innovation does not constitute approval, recommendation, or endorsement by the commissioner.
