Here are some questions you may be asking about buying a franchise and tips on how to find more information:

QUESTION	WHERE TO FIND INFORMATION

How much will I need to invest?	Items 5 and 6 list fees you will be paying to the franchisor or at the franchisor's direction. Item 7 lists the initial investment to open. Item 8 describes the suppliers you must use.
Does the franchisor have the financial ability to provide support to my business?	Item 21 or Exhibit E includes financial statements. Review these statements carefully.
Is the franchise system stable, growing, or shrinking?	Item 20 summarizes the recent history of the number of company-owned and franchised outlets.
Will my business be the only Good Neighbor Pharmacy business in my area?	Item 12 and the "territory" provisions in the franchise agreement describe whether the franchisor and other franchisees can compete with you.
Does the franchise have a troubled legal history?	Items 3 and 4 tell you whether the franchisor or its management have been involved in material litigation or bankruptcy proceedings.
What's it like to be an Good Neighbor Pharmacy franchisee?	Item 20 or Exhibit D lists current and former franchisees. You can contact them to ask about their experiences.
What else should I know?	These questions are only a few things you should look for. Review all 23 Items and all Exhibits in this disclosure document to better understand this franchise opportunity. See the table of contents.

What You Need To Know About Franchising *Generally*

Continuing responsibility to pay fees. You may have to pay royalties and other fees even if you are losing money.

Business model can change. The franchise agreement may allow the franchisor to change its manuals and business model without your consent. These changes may require you to make additional investments in your franchise business or may harm your franchise business.

Supplier restrictions. You may have to buy or lease items from the franchisor or a limited group of suppliers the franchisor designates. These items may be more expensive than similar items you could buy on your own.

Operating restrictions. The franchise agreement may prohibit you from operating a similar business during the term of the franchise. There are usually other restrictions. Some examples may include controlling your location, your access to customers, what you sell, how you market, and your hours of operation.

Competition from franchisor. Even if the franchise agreement grants you a territory, the franchisor may have the right to compete with you in your territory.

Renewal. Your franchise agreement may not permit you to renew. Even if it does, you may have to sign a new agreement with different terms and conditions in order to continue to operate your franchise business.

When your franchise ends. The franchise agreement may prohibit you from operating a similar business after your franchise ends even if you still have obligations to your landlord or other creditors.

Some States Require Registration

Your state may have a franchise law, or other law, that requires franchisors to register before offering or selling franchises in the state. Registration does not mean that the state recommends that franchise or has verified the information in this document. To find out if your state has a registration requirement, or to contact your state, use the agency information in Exhibit A.

Your state also may have laws that require special disclosures or amendments be made to your franchise agreement. If so, you should check the State Specific Addenda. See the Table of Contents for the location of the State Specific Addenda.

Special Risks to Consider About *This* Franchise

Certain states require that the following risk(s) be highlighted:

1. **Out-of-State Dispute Resolution**. The franchise agreement requires you to resolve disputes with the franchisor by mediation, arbitration, or litigation only in Pennsylvania. Out-of-state mediation, arbitration, or litigation may force you to accept a less favorable settlement for disputes. It may also cost more to mediate, arbitrate, or litigate with franchisor in Pennsylvania than in your own state.

Certain states may require other risks to be highlighted. Check the "State Specific Addenda" (if any) to see whether your state requires other risks to be highlighted.

ITEM 1
THE FRANCHISOR AND ANY PARENTS, PREDECESSORS, AND AFFILIATES

The Franchisor is AmerisourceBergen Drug Corporation. To simplify this Disclosure Document, AmerisourceBergen Drug Corporation is referred to as "ABDC", "we", "us" or "our". "You" means the person or legal entity who buys the franchise, the franchisee (called a "Customer" in the agreements). If you are a corporation, limited liability company, partnership or any other type of legal entity, certain provisions of the GNP Premier Agreement (defined below) also will apply to, and be binding upon, certain of your owners (referred to as your "Principals").

AmerisourceBergen Drug Corporation

We are a Delaware corporation, formed on June 24, 1985. We do business only under our corporate name, including "**AmerisourceBergen Drug Corporation**", "**AmerisourceBergen**", and the names "**Good Neighbor Pharmacy**" and "**Elevate Provider Network**." Our principal business address is 1 West First Avenue, Conshohocken, PA, 19428. Our agents for service of process are listed in Exhibit A. We have offered franchises since 2009. We have not conducted business nor offered franchises in any other line of business.

Our parent company is AmerisourceBergen Corporation ("AB"), a Delaware corporation, formed on March 16, 2001 in contemplation of the August 2001 merger of AmeriSource Health Corporation ("AHC") and Bergen Brunswig Corporation ("BBC"). In August 2001, AHC and BBC became subsidiaries of AB. AHC and BBC continued as subsidiaries of AB until October 2002, at which time BBC was merged with and into AHC. AHC was the survivor and was renamed AmerisourceBergen Services Corporation ("ABSC"). ABSC survives today as a subsidiary of AB.

AB is one of the largest global pharmaceutical sourcing and distribution services companies, helping healthcare providers and pharmaceutical and biotech manufacturers improve patient access to products and enhance patient care. We deliver innovative programs and services designed to increase the effectiveness and efficiency of the pharmaceutical supply chain. More specifically, we distribute a comprehensive offering of brand-name and generic pharmaceuticals (including specialty pharmaceutical products), over-the-counter healthcare products, home healthcare supplies and equipment, and related services to a wide variety of healthcare providers located in the United States and select global markets, including retail chain and independent pharmacies, mail order pharmacies, acute care hospitals and health systems, physician practices, medical and dialysis clinics, long-term care and other alternate site pharmacies, and other customers. We also provide pharmacy services to certain specialty drug patients. Additionally, we furnish healthcare providers and pharmaceutical manufacturers with an assortment of related services, including reimbursement and pharmaceutical consulting services, niche premium logistics services, claim management services, and pharmacy management, along with retail strategies and front-end management, marketing and advertising services, digital media tools, and educational opportunities.

Our Predecessor and Affiliates

We acquired a substantial portion of our assets from Bergen Brunswig Drug Company ("BBDC"), which merged with and into AmeriSource Corporation ("ASC") in October 2002. ASC was the survivor, under the name AmerisourceBergen Drug Corporation (us), and we acquired BBDC's assets pursuant to the merger. In Puerto Rico, we operate through our wholly owned subsidiary, J.M. Blanco, Inc. ("Blanco"), a Delaware corporation, which maintains the same principal business address as us. In 2012, we acquired World Courier Group, Inc., which operates in over 50 countries and is a leading global specialty transportation and logistics provider for the biopharmaceutical industry. In February 2015, we acquired MWI Veterinary Supply, Inc. ("MWI"), a leading animal health distribution company in the United States

and in the United Kingdom. MWI sells pharmaceuticals, vaccines, parasiticides, diagnostics, micro feed ingredients, and various other products to customers in both the companion animal and production animal markets. MWI also offers its customers a variety of value-added services, including its e-commerce platform, technology management systems, pharmacy fulfillment, inventory management system, equipment procurement consultation, special order fulfillment, and educational seminars. In June 2021, we acquired a majority of the Alliance Healthcare business from Walgreens Boots Alliance. Alliance Healthcare is one of the largest pharmaceutical wholesalers primarily in Europe and also operates retail pharmacies and provides manufacturer services in certain of its countries of operation.

Although Customers may, from time to time, choose to do business with our affiliates, other than Blanco, such business would not be connected with the GNP Premier Agreement.

Our predecessors, parents and affiliates have not previously offered franchises in any line of business. Except as described above, our predecessors, parents and affiliates do not provide products or services to our franchisees as part of the franchise relationship.

Our Legacy Voluntary Program

From 1982 until July 2019, we offered independent community pharmacies a license to operate under the Good Neighbor Pharmacy trade name ("Voluntary Pharmacy") on terms substantially different than those contained in the GNP Premier Agreement. As of July 2019, we no longer offer new independent pharmacies the opportunity to sign up as Voluntary Pharmacies; however, a significant number of legacy Voluntary Pharmacies continue to operate. As part of the Voluntary Pharmacy program, we provide products and services to independent community pharmacies, regional retail chain pharmacies and other healthcare providers, including hospitals, physician offices and clinics and other alternate care facilities. Voluntary Pharmacies did not sign the GNP Premier Agreement, which we began offering in 2009. As of September 30, 2022, there were 240 Voluntary Pharmacies and 2,275 GNP Premier Pharmacies (for a total of 2,515). *See* Item 20.

Description of the Franchise

We grant franchises for GNP Premier Pharmacies that operate under the "Marks," which include (i) the "Good Neighbor Pharmacy" and related service marks, (ii) the "Elevate Provider Network" service marks, (iii) the elements and components of a GNP Premier Pharmacy's trade dress, and (iv) any and all additional, different or replacement trade names, trademarks, service marks, logos and slogans that we adopt from time to time to identify the GNP Premier Program and products and services that can be offered by a GNP Premier Pharmacy or the GNP Premier Program, including Available Programs. Though there are currently none operational, we reserve the right to own and/or operate GNP Premier Pharmacies.

ABDC, as a pharmaceutical distribution services company, delivers medicines and other products to thousands of retail customers on a just-in-time basis, which are then dispensed or sold to patients and consumers. We also provide business coaching services to help those customers who are GNP Premier Pharmacies improve their businesses and focus on their strengths. GNP Premier Pharmacies offer other retail products and services, including traditional drug store categories such as vitamins, cough and cold, first aid, and analgesics. Some GNP Premier Pharmacies carry home healthcare products, such as canes, walkers and other durable medical equipment.

We offer GNP Premier Agreements that grant to eligible Customers the right to convert one or more existing or start-up pharmacies to each become a GNP Premier Pharmacy at a designated site ("Pharmacy Location"). The GNP Premier Agreement is attached to this Disclosure Document as Exhibit B. If you currently operate a pharmacy, we assume that you have an existing location, inventory, equipment and other items necessary to operate a pharmacy at the time you sign the GNP Premier

Agreement. You have the right to terminate the GNP Premier Agreement at any time on 60 days' notice without cause.

To be eligible to participate in the GNP Premier Program, you must meet our minimum requirements ("Premier Minimum Requirements"), including having a computer system for pharmacy management that allows participation in our InSite program from ABDC. For stores whose existing pharmacy management system does not enable participation in our program, we estimate it would take two to four months for a store to plan, evaluate, purchase and install the required system. *See* Items 8 and 11.

You must operate your GNP Premier Pharmacy and utilize Available Programs in accordance with the GNP Premier Agreement and the standards we establish ("Standards"). The Standards are described in our manuals and other directives to you, whether on paper or electronic form ("GNP Manual"), which we revise and supplement from time to time. The Standards pertain to, among other things, purchases of prescription pharmaceuticals, over-the-counter products, including our GNP private label products ("GNP Private Label Products"), health and beauty care products, signage and layouts, equipment, specifications for products and services, training, methods of inventory control, advertising and marketing programs and information technology, all of which we may improve, further develop or otherwise modify from time to time.

GNP Premier Program

Among other things, the GNP Premier Agreement, which we began offering in 2009, provides an integrated bundle of programs and services ("Available Programs"), including programs and services for no additional fee such as Elevate Provider Network, InSite from ABDC, Claim Reconciliation, and Business Coaching. See description of the Available Programs under "Description of Available Programs" below in this Item, and in Term Sheets 1-10 of the GNP Premier Agreement (each, a "Term Sheet"). You must participate in certain Available Programs after your GNP Premier Agreement becomes effective and you may, from time to time, elect to enroll in others optional Available Programs some of which have additional fees. *See* pages 3-4 and Term Sheets 1-10 of the GNP Premier Agreement (Exhibit B to this Disclosure Document). Term Sheets 1-10 of the GNP Premier Agreement describe Available Programs we currently offer or provide to you.

Terms and conditions for each Available Program are provided on applicable Term Sheets, which are agreed to as part of the GNP Premier Agreement (see Term Sheets 1-10 which are attached to the GNP Premier Agreement). In addition, you will sign a Data Authorization to the Master Program Agreement (which is attached to the GNP Premier Agreement), which we then provide to one or more of your designated system vendors and our program partners as authorization to enable us to receive your business transaction data.

You may be required to fulfill certain prerequisite conditions before the services offered in such Available Program are made available to you. For an Available Program that is Optional, you may (i) enroll during the Term by submitting applicable information required to set-up your participation and requesting that ABDC begin providing such Available Program and (ii) disenroll by requesting that ABDC discontinue providing such Available Program, pursuant to the terms of such Term Sheet. Term Sheet 10

The General Market

We consider the market for pharmacies to be very well developed. GNP Premier Pharmacies offer most of their products and services to all types of consumers on a walk-in, retail basis. Some GNP Premier Pharmacies also serve long term care, assisted living, or similar facilities. Sales of prescription products

are restricted by law to patients with a valid prescription. Sales of some products, both prescription and OTC, such as vaccines or cough and cold remedies, are generally seasonal.

Industry Specific Regulation

You must comply with all federal, state and local laws relating to the offer and sale of prescription medicines, as well as regulations adopted by state pharmacy boards and the U.S. Food and Drug Administration and U.S. Drug Enforcement Administration, including to whom prescription pharmaceuticals may be sold and the storage, security and disposal of prescription pharmaceuticals. You must comply with regulations under the federal Health Insurance Portability and Accountability Act of 1996 ("HIPAA"). *See*, for example, HIPAA Business Associate Agreement, Exhibit B of the GNP Premier Agreement (which is Exhibit B of this Disclosure Document).

Development and operation of your GNP Premier Pharmacy will also be subject to compliance with applicable zoning and environmental regulations as well as federal and state employment and health and safety laws, including minimum wage laws governing some of your employees. Some of your GNP Premier Pharmacy's personnel may be paid at rates related to the federal minimum wage and, accordingly, further increases in the federal, state or local minimum wage will affect your labor costs. There may be other laws affecting your GNP Premier Pharmacy.

We are not aware of any laws or regulations that would apply to a GNP Premier Pharmacy differently than those that already apply to you if you operate an existing pharmacy or that will apply to you if you are opening a new start-up pharmacy. We recommend that you check with your state and local agencies to determine which laws apply to the operation of a GNP Premier Pharmacy in your area. You should consider these laws and regulations when evaluating your decision to participate in the GNP Premier Program.

Competition

You will compete with other GNP Premier Pharmacies. You will also compete with other independent pharmacies and chain pharmacies in a variety of locations, including grocery and mass merchandisers and in some instances, hospital and clinic facilities. With respect to non-pharmaceutical products, you will compete with grocery stores, drug stores, discount stores and similar retail outlets.

ITEM 3
LITIGATION

AB, our parent, is one of the largest global pharmaceutical sourcing and distribution services companies. As a result, at any given time, AB and its subsidiaries may be involved in lawsuits, administrative proceedings, government subpoenas and investigations which may be viewed as

ordinary and routine. Such matters may allege or involve, among other things, fraud, unfair practices or comparable allegations.

Other than the matters below, at this time, we do not view these matters as material to prospective franchisees. AB's audited financial statements describe certain of these matters. *See* Note 13 and Note 14 of Exhibit E to this Disclosure Document. Further, AB may have been involved in matters in which it was alleged to have violated antitrust or securities law or to have engaged in fraud, misrepresentation or similar behavior which may be considered other than routine in nature, but which we do not believe, at this time, are material to a prospective franchisee.

United States ex rel. Michael Mullen v. AmerisourceBergen Corporation, et al., Civil Action No. CV-10-4856 (E.D.N.Y); United States ex rel. Omni Healthcare Inc. v. AmerisourceBergen, et al., Civil Action No. CV-12- 1178 (E.D.N.Y); United States ex rel. Daniel Sypula and Kelly Hodge v. AmerisourceBergen Drug Corporation, et al., CV-13-10439 (E.D.MI.). In these three related cases, AB settled civil claims pertaining to a formerly operating subsidiary of AmerisourceBergen Specialty Group, LLC's alleged violation of the False Claims Act, 31 U.S.C. §3730(b). AB paid the sum of $625 million to settle the cases without any admission of liability.

In re: National Prescription Opiate Litigation, Case Number 1:17-md-02804 (N.D. Ohio). A significant number of counties, municipalities, and other governmental entities in a majority of U.S. states and Puerto Rico, as well as numerous states and tribes, filed lawsuits in various federal, state and other courts against pharmaceutical wholesale distributors (including AB and certain subsidiaries, such as ABDC and H.D. Smith), pharmaceutical manufacturers, retail pharmacy chains, medical practices, and physicians relating to the distribution of prescription opioid pain medications.

An initial group of cases was consolidated for Multidistrict Litigation ("MDL") proceedings before the United States District Court for the Northern District of Ohio (the "Court") in December 2017. In April 2018, the Court issued an order creating a litigation track, which included dispositive motion practice, discovery, and trials in certain bellwether jurisdictions. In November 2019 and January 2020, the Court filed Suggestions of Remand with the Judicial Panel on Multidistrict Litigation that identified four cases filed against AB for potential transfer from the MDL back to federal courts in California, Oklahoma, and West Virginia for the completion of discovery, motion practice, and trial. All four cases were remanded to those federal district courts. Trial in the two consolidated cases in West Virginia commenced in May 2021 and concluded in July 2021. On July 4, 2022, the court entered judgment in favor of the defendants, including AB. The plaintiffs filed an appeal of the court's decision on August 2, 2022. The Oklahoma case, in which the plaintiff was the Cherokee Nation, was resolved through a settlement with the Cherokee Nation, as announced on September 28, 2021. The California case, in which the plaintiff was the City and County of San Francisco, was resolved pursuant to the comprehensive settlement described below, and all claims against AB have been dismissed in both cases.

On July 21, 2021, AB announced that it and the two other national pharmaceutical distributors had negotiated a comprehensive settlement agreement that, if all conditions were satisfied, would result in the resolution of a substantial majority of opioid lawsuits filed by state and local governmental entities. The comprehensive settlement agreement became effective on April 2, 2022 and as of September 30, 2022, it included 48 of 49 eligible states (the "Settling States") as well as 99% by population of the eligible political subdivisions in the Settling States. Pursuant to the comprehensive settlement agreement and related agreements with Settling States, AB will pay up to approximately $6.4 billion over 18 years and comply with other requirements, including establishment of a clearinghouse that will consolidate data from all three national distributors. The exact payment amount will depend on several factors, including the extent to which states take action to foreclose opioid lawsuits by subdivisions (e.g., laws barring opioid lawsuits by subdivisions). West Virginia and its subdivisions and Native American

tribes are not a part of the comprehensive settlement agreement and AB has reached separate agreements with these groups.

On July 22, 2022, the State of Alabama sought and was subsequently granted leave to amend its complaint in a pending state court action against another distributor in order to add AB as a party. The amended Complaint was filed on July 25, 2022.

While AB,as reflected in its audited financial statements, has accrued its estimated liability for opioid litigation, it is unable to estimate the range of possible loss associated with the matters that are not included in the settlement accrual. The amount of ultimate loss may differ materially from the amount accrued to date. Until such time as otherwise resolved, AB will continue to litigate and prepare for trial and to vigorously defend itself in all such matters.
In addition to the above-referenced matters, please see AB's SEC filings, which disclose additional lawsuits not directly related to the franchise offering or franchise system involving the manufacturing, administering, prescribing, distributing, or storing of pharmaceutical products where AmerisourceBergen has been named as a defendant.

No other litigation information is required to be disclosed in this Item.

ITEM 4
BANKRUPTCY

No bankruptcy information is required to be disclosed in this Item.

ITEM 5
INITIAL FEES

Premier Agreement

Although we do not charge you an initial franchise fee, you may have to pay us or our affiliates for certain goods or services upon signing the Premier Agreement as described in the "Start of GNP Premier Program Billing" subsection below (existing store) or prior to your store's opening date (start-up store).

Initial Inventory of Pharmaceutical and Front-End Products

For an existing pharmacy, no incremental inventory may be required other than the requirements for GNP Private Label Products described below. Accordingly, the low-end estimate for this cost for an existing pharmacy is $0. Depending on your existing inventory of pharmaceutical and front-end products, we estimate in certain cases an existing pharmacy may be required to expend up to $25,000 for an initial inventory of these products. For a start-up pharmacy, we estimate that before your opening date you will pay us $75,000 to $125,000 for an initial inventory of pharmaceutical and front-end products.

GNP Private Label Products

For an existing pharmacy that is already stocked with a broad selection of GNP Private Label Products, we anticipate little or no additional expenditure for GNP Private Label Products will be required. However, if you are a start-up franchisee or your existing pharmacy does not currently stock a broad selection, you must place an order for GNP Private Label Products with us in quantities you determine are reasonable to meet anticipated consumer demand. We estimate this amount may be $0 to $1,200 for existing stores that have regularly stocked GNP Private Label Products. We estimate that a store with no or minimal existing inventory of GNP Private Label Products may place an order ranging from

$5,000 to $12,000 (see Item 7 and Item 8), depending on the size of the store, front-end categories carried, the number of facings, and the market where it is located.

Interior and Exterior Signage

We provide complimentary signage packages to all new franchisees that, when applied according to our standards, meet our minimum requirements (for an existing Voluntary Pharmacy converting to a GNP Premier Pharmacy we may provide only a partial package as compliant signage may already be installed). To encourage you to enhance the appearance of your GNP Premier Pharmacy and further apply the Good Neighbor Pharmacy trade dress at your location, we offer new franchisees a one-time purchase match of up to $2,500 per location to order additional or enhanced signage and other trade dress that meets our specifications within 180 days of signing the Premier Agreement (the "Purchase Match Amount"). We will match your initial purchase, dollar for dollar, up to $2,500 for qualified expenses which meet our specifications. For example:

- If you spend $1,000, you will get a $1,000 match
- If you spend $2,500, you will get a $2,500 match
- If you spend $3,000, you will get a $2,500 match

To obtain the Purchase Match Amount, you must place your signage order within 180 days of signing the Premier Agreement and order through our approved vendor (currently GoodNeighborPharmacySigns.com) or submit pre-approved estimates and copies of paid invoices, along with photos of the installed trade dress to the Good Neighbor Pharmacy department in our Conshohocken office via email to programs@amerisourcebergen.com. If you terminate the Premier Agreement for any reason other than an uncured default by ABDC prior to the end of the first full twelve (12) month period that the Premier Agreement is in effect, you will pay ABDC, in addition to any other amounts or damages that may be owed to ABDC under any other agreement and not as liquidated damages, an amount equal to the Purchase Match Amount.

Typically, all signage must be purchased from an approved vendor. From time to time, ABDC will pre-purchase signage from the approved vendor to facilitate delivery of signage, in which case you may be billed for signage originally purchased by ABDC from this outside vendor. The cost of the various signage and trade dress available for purchase from our approved vendors and according to our specifications will range between $0 and $25,000 depending on your choices. Since our complimentary signage package meets our minimum requirements the low estimate on expenses is $0.

Leasehold Improvements

If you have an existing pharmacy, depending on the design and layout of your pharmacy, you may not need to incur any additional leasehold costs. If you do need to incur leasehold costs, these improvements vary substantially based on the location and condition of your existing pharmacy.

If you are opening a start-up pharmacy, the cost of leasehold improvements will vary based on the size and existing configuration of the premises as well as local factors such as wage rates and availability and price of materials. These costs may also vary if the landlord agrees to incur the costs and allocate them over the term of the lease.

Our pharmacy transformation services group can, at your option, evaluate your existing pharmacy, recommend improvements and manage the project for you for a base fee of $1,500. Additional fees may apply.

Optional Available Programs

At this time, there are no initial fees for Available Programs in which you elect to participate, as described in Term Sheets 1-10 of the GNP Premier Agreement (Exhibit B to this Disclosure Document).

Start of GNP Premier Program Billing

ABDC invoices any monthly fees such as the Premier program fee, and initial fees (applicable to optional programs and promotional material) in arrears (typically on the 25th of the month). Typically you will pay on the same terms on which you pay for other goods and services purchased from us or as we mutually agree (such as by the 10th of the following month).

Release from Claims

As part of your consideration for entering into the GNP Premier Agreement with us, you, your owners and affiliates agree to release us from any and all claims in connection with offering ABDC's Voluntary Pharmacy program. This release does not apply to any claim related to this offer of the GNP Premier Agreement.

The fees described above are uniform as to all customers who sign the GNP Premier Agreement and such fees are fully earned when paid and not refundable.

Explanatory Notes to Charts A and B.

a) Real property lease, leasehold improvements, furniture, fixtures and equipment. If you have an existing pharmacy, depending on the design and layout of your pharmacy, you may not need to incur any additional leasehold costs. If you do need to incur leasehold costs, these improvements vary substantially based on the location and condition of your existing pharmacy. Our pharmacy transformation services group can evaluate your existing pharmacy, recommend improvements and manage the project for you. If you are opening a start-up pharmacy, the cost of leasehold improvements will vary based on the size and existing configuration of the premises as well as local factors such as wage rates and availability and price of materials. These costs may also vary if the landlord agrees to incur the costs and allocate them over the term of the lease.

b) Pharmacy Management Systems. Pharmacy management systems enable the prescription dispensing process including patient profiles, clinical screening, inventory replenishment, claim submissions and connectivity to e-prescribing networks. As discussed above, you must participate in InSite from ABDC, a proprietary pharmacy performance analytics system that measures pharmacy performance using data from your pharmacy management system. If your existing system is from one of the participating industry vendors with whom we have agreements to facilitate your participation in InSite, we anticipate you will incur minimal or no expense. The above estimate is for start-up pharmacies and for existing pharmacies that need to purchase or replace computer hardware, software and related services from a participating vendor.

c) Point-of-Sale Systems. Point-of-sale systems enable retail checkout processes such as UPC scanning, credit and debit card processing, inventory replenishment, and sales reporting. Use of a point-of-sale system is not required under the GNP Premier Agreement but is highly recommended. As discussed above, we offer you optional participation to upload your sales transaction data into InSite from ABDC, a proprietary pharmacy performance analytics system that measures pharmacy performance using data from pharmacy management and point-of-sale systems. Uploading your sales transaction data into InSite may be required for participation in certain front-end retail programs such as merchandising services and our Hot Price Program. If your existing point-of-sale system is from one of the participating industry vendors with whom we have agreements to facilitate your participation in InSite, we anticipate you will incur minimal or no expense. The above estimate is for start-up pharmacies and for existing pharmacies that need to purchase or replace computer hardware, software and related services from a participating industry vendor.

d) Interior and Exterior Signage. We provide complimentary signage packages to all new franchisees that meet our standard, minimum requirements at the time of application (for an existing Voluntary Pharmacy upgrading to a Premier Pharmacy we may provide only a partial package as compliant signage might already be installed). Therefore, we anticipate that you will have minimal or no initial expense for signage. The above estimates are provided in the event that you wish to further enhance the appearance of your location with Good Neighbor Pharmacy exterior signage and/or interior trade dress. In the event you choose to purchase or replace exterior signage, your costs will depend on the physical features of your location and whether you have architectural, municipal or lease restrictions on the signage you can use. In all cases, you must meet or exceed our specifications for your signage unless you are restricted by local ordinance or lease provisions from meeting our specifications. While such expenses vary widely, for purposes of comparison, we estimate you may spend up to $5,000 if you choose to purchase additional interior trade dress and up to $20,000 if you choose to enhance your exterior signage. For additional information on signage and trade dress, see Item 5 above.

e) Optional Goods and Services. The low-end estimate assumes you do not enroll in any optional programs while the high-range estimate assumes you will choose to enroll and pay fees for optional products and services. See Item 6.

f) Insurance. If you have an existing pharmacy, we anticipate you will incur no incremental expense for required insurance coverage. For start-up pharmacies, the amount in the table represents our best estimate of the annual premiums in the marketplace to provide the coverage/limits for comprehensive general liability and professional liability insurance that meet our requirements. See Item 8 for a more detailed description of insurance requirements. Costs for insurance may vary substantially based on the geographic location of your pharmacy.

g) Opening Inventory. If you have an existing pharmacy, we anticipate you will incur modest incremental expenses (from $0 - $25,000) to meet our recommendations which may include categories carried, adjacencies and number of facings of product on your shelves. For start-up pharmacies we estimate a range of $75,000 to $125,000 depending on the size of your location to stock a reasonable supply of front-end and prescription products.

h) GNP Private Label Products. If your pharmacy is an existing Voluntary Pharmacy, we anticipate you will incur little or no additional investment ($0 - $1,200) in GNP Private Label Product inventory. If you are a start-up pharmacy or an existing pharmacy with no GNP Private Label product on your shelves we estimate an investment of $5,000 to $12,000 so that, as you reasonably determine based on your experience, you can carry a representative assortment to meet consumer demand, taking into account, among other things, your Pharmacy's size and market. Any such initial inventory that is purchased from us will typically be on terms that are the same or substantially similar to those that would be available to you whether or not you are a GNP Premier Pharmacy.

i) Pharmacy and Business Licenses. You must obtain certain business licenses and occupancy permits to operate a retail pharmacy. If you have an existing pharmacy, we assume you have all required licenses and, as such, will have minimal or no incremental expenses. For start-up pharmacies we estimate a range of $500 to $2,500 to obtain the licenses under state and federal law required to operate a pharmacy as well as permits. The costs will vary by state and may be impacted by local ordinances. We assume that licenses or other fees for pharmacists, pharmacy technicians or other employees are not your expenses.

j) Advertising and Marketing. If you have an existing pharmacy, you may feel you have no significant need for "new business" advertising in which case we have estimated no expense at the low end. In addition, we will expend certain amounts on advertising (see Item 11) to promote the Good Neighbor Pharmacy franchise system generally. However, we recommend that both start-up pharmacies and existing pharmacies also promote a grand opening for their new GNP Premier Pharmacy. Amounts for such promotions vary widely based on the extent to which you advertise and the media you elect to use. Accordingly, we have estimated $15,000 at the high end. Advertising is suggested as a best practice regardless of when the pharmacy opened.

k) Additional Funds. For start-up pharmacies and for purposes of comparison, we estimate that a typical pharmacy would incur the following on-going expenses over a three-month period of operation: phone ($2,000-$3,000); other utilities ($15,000-$20,000); rent ($30,000-$35,000); security ($2,000-$3,000); trash/waste removal ($500-$1,000); legal, accounting and other professional services ($6,000-$7,000); office systems ($6,000-$7,000); and miscellaneous/other ($58,500-$74,000); for a total of $120,000 to $150,000.

l) Total Initial Investment. These figures are an estimate of your total opening and operating expenses for the initial three months of business. They are based on the experiences of pharmacy owners that have operated pharmacies over more than 10 years.

We do not offer, directly or indirectly, any financing arrangements for your initial investment in connection with the GNP Premier Pharmacy franchise relationship. To our knowledge, costs and expenses described above are not refundable.

ITEM 8
RESTRICTIONS ON SOURCES OF PRODUCTS AND SERVICES

To ensure that the quality of the products and services you offer under our Marks is consistent, the furniture, fixtures and equipment, as well as all signage for your GNP Premier Pharmacy, must meet the Standards we establish as contained in the GNP Premier Agreement and GNP Manual. We modify Standards (including those for vendors) by revisions to the GNP Manual and other periodic written directives to you. If your pharmacy is an existing Voluntary Pharmacy, we expect that you will have already acquired and installed a significant amount, if not all, such items. We formulate and modify these Standards based on research, industry trends, guidance from regional and national advisory boards and our general business plan.

Restrictions on Programs

To be eligible to sign the GNP Premier Agreement and thereby participate in the GNP Premier Program, you must meet the Premier Minimum Requirements, which necessitate that you (1) be an existing pharmacy or a start-up pharmacy; (2) have a Prime Vendor Agreement (PVA) with ABDC; (3) be willing to immediately implement the GNP signage requirements described below in this Item; (4) utilize a pharmacy management system from one of the participating industry vendors that enables connectivity with our programs; (5) immediately enroll in Elevate Advanced Features and InSite from ABDC (which requires you to sign our Data Authorization to the Master Program Agreement and GNP Premier Agreement (see Exhibit B) to initiate our cooperation with your participating vendor); (6) unless otherwise approved by ABDC in writing, utilize Change Healthcare as your switch vendor (or immediately initiate the transition to Change Healthcare) to activate the capture and upload of your data to InSite; *See* Items 1 and 11 and also Exhibit B. Additionally, you must comply with prerequisites or other qualifications for the specific Available Programs you select, including any base Available Programs for which other Available Programs are enhancements, maintain the on-going obligations for those Available Programs as stated in the GNP Manual, and remain in compliance with our Standards, also as described in the GNP Manual. Where equipment, software and other items we determine are

necessary for Available Programs you select, such costs are your responsibility. Certain third party vendors utilized in the provision of Available Programs may pay ABDC a fee for pharmacies that enroll in additional program offerings by such vendor. You may only use the Available Programs at Pharmacy Locations that are covered under a GNP Premier Agreement.

You must comply with the Elevate Provider Network℠ program terms (Term Sheet 1 of the GNP Premier Agreement, which is Exhibit B to this Disclosure Document), under which we will assist you to participate in and obtain payment from Payors (as defined in Item 16) that offer pharmacy benefit plans to their members. Under the Elevate Provider Network program, only we may negotiate and enter into contracts with Payors on your behalf (unless you contract directly or through another pharmacy services administration organization ("PSAO") that we approve to provide covered services for all Payors with which ABDC has contracted so that we may promote the capabilities of all GNP Premier Pharmacies to Payors). Except as noted in the preceding sentence, you will not appoint any other PSAO or any other party to act as your contracting entity for agreements with Payors (although you may always contract directly). We regularly, as a course of business, add, discontinue and revise arrangements with Payors, typically in response to changes by Payors, and Payors regularly add, discontinue and modify pharmacy benefits plans. When such changes occur, we will promptly notify you and you can accept such changes or withdraw from the Elevate Provider Network.

Restrictions on Systems

You must use a pharmacy management system from one of the participating industry vendors that enables connectivity with our programs; and (1) sign our Data Authorization to the Master Program Agreement (Exhibit E of the GNP Premier Agreement which is attached to this Disclosure Document as Exhibit B) to initiate our cooperation with your participating vendor; and (2) have the capture and upload of your data to InSite in full operation. *See* Items 1 and 11 and also Exhibit B.

While use of a point-of-sale system is optional, some Available Programs require use of a point-of-sale system from one of the participating industry vendors that enables connectivity with InSitePOS (managed in conjunction with our Program Partner Retail Insights) and to have the capture and upload of your data to InSitePOS in full operation. We may add, discontinue or modify arrangements with participating industry vendors.

Restrictions on Signage and Trade Dress

Each Pharmacy must be identified as a participating "Good Neighbor Pharmacy®" as ABDC designates. At each pharmacy location, within 90 days after signing the GNP Premier Agreement, Customer must remove any and all non-GNP pharmacy-franchise-related signage and/or trade dress (if applicable) and install GNP signage and trade dress that meets our Standards. Our current signage Standards require: (i) at least one "GOOD NEIGHBOR PHARMACY" identification window decal, (ii) at least one "GOOD NEIGHBOR PHARMACY" logo, which is available in both standard and customized interior and exterior versions, (iii) "GOOD NEIGHBOR PHARMACY" member plaque and (iv) any other signage required by ABDC, as set forth in the GNP Manual.

We provide complimentary signage packages to all new franchisees that when applied according to our standards meet our minimum requirements. If you are an existing Voluntary Pharmacy we may provide only a partial package as compliant signage may already be installed. You may purchase additional GNP signage which is typically purchased from an approved vendor that is not affiliated with ABDC. However, in order to facilitate administration, ABDC generally pays for signage ordered from its approved vendor and then invoices the pharmacy for such signage. ABDC may also pre-purchase signage from the approved vendor to facilitate delivery, in which case ABDC will also bill the pharmacy for signage purchased by ABDC from this outside vendor.

The GNP Manual describes Standards for appearance, placement and visibility of signs. You must keep the signage in good repair at all times. As discussed above, if you do not yet have required signage, you must do so within 90 days of signing the GNP Premier Agreement and should immediately begin taking necessary steps, such as initiating and pursuing permits and approvals. We may modify signage requirements and at that time you must comply with such modifications at your expense. You may not vary from any of the signage Standards unless we have approved the change in writing before you use any non-compliant signage. Variations and exceptions are reviewed and approved by the Good Neighbor Pharmacy department before use.

Restrictions on Internet Marketing

You may promote your GNP Premier Pharmacy and sell products using the Marks on the internet in accordance with the GNP Manual and Standards, so long as you clearly identify your business and comply with all applicable laws. Specifically, you cannot identify your store as a Good Neighbor Pharmacy store without also clearly indicating the full name under which you are licensed or do business, as well as your geographic location. We do not require that you get our prior approval for any internet domain name, home page address or internet content. We may restrict use of an internet domain name, vanity URL, home page or other web address that includes a Mark (or require a separate license for such use), limit your use of hyperlinks or require use of hyperlinks or other material (including required links to the MyGNP Website) and restrict use of material in which any third party has any interest. However, your website, including any use of Marks on or in connection with it, must comply with applicable Standards, and you must modify or discontinue your website if we notify you that any use or material is disapproved. *See* sections 1(c), 8(a), and 8(b) of the GNP Premier Agreement (which is Exhibit B to this Disclosure Document). You are solely responsible for accuracy of content you provide on the internet.

Restrictions on Products

As a GNP Premier Pharmacy, you must purchase from us brand and generic prescription (Rx), over-the-counter ("OTC") and health and beauty care ("HBC") products and GNP Private Label Products pursuant to a distribution agreement such as a prime vendor agreement ("PVA") or other buying arrangement through an approved group purchasing organization or retail buying group. Typically, distribution agreement terms are the same or substantially similar to those that would be available to you whether or not you are a GNP Premier Pharmacy. We will provide access to electronic catalogs of such products, which are typically updated daily. You must place orders using one of our then-current order systems, with purchases subject to terms in your distribution agreement or as otherwise agreed, including terms for payment, credit, liability, risk of loss, shortages, delays and compliance with law. All such orders will be at our standard then-current wholesale prices under your distribution agreement. You may purchase new products, including Rx and GNP Private Label Products, as they are available.

You must accept delivery of AutoShip products from us, sent without a corresponding order from you, and promote them as required in the Front-End Solution Program terms, Term Sheet 5 of the GNP Premier Agreement (which is Exhibit B to this Disclosure Document). "AutoShip" is a service that we provide to make you more competitive and includes certain new market break items, line extensions, GNP Private Label Products, Rx-to-OTC switch and other OTC products. You must promote the products to consumers using promotional materials we have provided and display them according to our schematic diagrams ("Planograms").

Additionally, you are required to support national advertising programs, for example by stocking products and providing services that are featured. Also, you must use shelf sign kits, shelf talkers and other promotional material that we provide, display advertising circulars in your GNP Premier Pharmacy and comply with Planograms.

Restrictions on Approved Suppliers

Purchases of GNP supplies and services are often restricted to approved vendors. In general, vendors we approve are those who demonstrate, to our continuing reasonable satisfaction, their ability to meet our Standards. All vendors we approve must have adequate quality controls and the capacity to supply the needs of GNP Premier Pharmacies promptly and reliably over an extended period of time at a competitive price. Currently, we are an approved supplier of brand and generic prescription (Rx), over-the-counter ("OTC") and health and beauty care ("HBC") products and GNP Private Label Products pursuant to a distribution agreement such as a prime vendor agreement ("PVA") or other buying arrangement through an approved group purchasing organization or retail buying group. Except as otherwise disclosed in this Item, neither we nor our affiliates are currently approved suppliers.

We may designate other specific vendors and suppliers in the future. Let us know if you desire to purchase supplies or products from a supplier that is not already approved and we will evaluate the need to do so. Our prior written approval may take up to 90 days or more after we receive all requested information, including information regarding the supplier's fiscal strength, demonstrated customer service, product quality, product safety and market presence. We do not charge any fees related to obtaining alternate supplier approval. If GNP determines that a previously approved alternate supplier of GNP supplies and services no longer demonstrates to our satisfaction their ability to meet our Standards, such alternate supplier will be removed from our list of approved vendors.

We may receive revenue from the sale of items to GNP Premier Pharmacies and expect to contract with vendors that may provide volume discounts, rebates or other benefits based on aggregate purchases of supplies and products by GNP Premier Pharmacies. We expect to receive payment from third party vendors on the sale of certain logoed items (such as shirts and key chains) to GNP Premier Pharmacies. The payment from third party vendors on the sale of certain logoed items should not exceed 25% of the cost to acquire such logoed items. These items will not be offered for resale, and you are not required to buy them. However, if you choose to purchase these items, they must meet our trademark standards. We anticipate that most such benefits we receive based on your purchase of products and supplies related to the GNP Premier Program will be used to enhance and promote Available Programs or otherwise used to benefit GNP Premier Pharmacies generally. In certain cases we may allocate such benefits directly and proportionally to participating GNP Premier Pharmacies and we may deduct our expenses to administer and coordinate suppliers. We reserve the right to receive revenue from the sale of items to you by others. In the GNP Premier Agreement, you assign to us for collection and for our account promotional and advertising allowances related to the GNP Premier Program and all related products and services. Additionally, ABDC charges outside reconciliation service vendors a data interchange fee (typically a monthly flat fee per location, currently $30.00) as compensation for our consolidating remittance advices from multiple Payors into a single, consistent format. Except as described above, as of the date of this Disclosure Document, no third-party vendors are providing rebates, discounts or other benefits to us based on required purchases by GNP Premier Pharmacies from any third party vendor, and there are no agreements in effect which would require them to do so.

Restrictions on Insurance

Because operation of each GNP Premier Pharmacy reflects on other GNP Premier Pharmacies and the goodwill of the GNP Premier Program, we expect that you and all other GNP Premier Pharmacies will use your best efforts to operate with diligence and vigor, and maintain the highest possible ethics, as well as maintain your Pharmacy and personnel in a manner that are a credit to the community and reflect the high standards and quality of the GNP Premier Program. However, with such interdependence, there is some increase in the risk that we, you, or other GNP Premier Pharmacies could be sued as the result of actions for which we are not responsible. As such, each GNP Premier Pharmacy must carry comprehensive general liability and professional liability insurance in the amounts

and on terms required by Payors, with minimum requirements described in note (f) of Item 7. We anticipate this is comparable to insurance already in place for most existing pharmacies and, as such, there will be little or no incremental expense. Such insurance will be underwritten on an occurrence basis, covering activities and errors and omissions of your GNP Premier Pharmacy and your personnel, in each case naming ABDC and our affiliates as additional insureds and requiring at least 30 days' written notice to ABDC if such insurance is cancelled or coverage is reduced. You will provide ABDC with a copy of such policies upon request. Any pharmacist or other health care professional providing Covered Services who is not separately insured by policies with similar coverage and limits must be covered on your insurance. *See* Section 4(l), Elevate Provider Network program terms, Term Sheet 1 of the GNP Premier Agreement (which is Exhibit B to this Disclosure Document).

Licensing Requirements

As a condition to being a GNP Premier Pharmacy, including as a condition to providing any covered services to persons covered by Payor pharmacy benefit plans, you must be fully licensed at your Pharmacy location. If you have an existing pharmacy, we anticipate all such licensing would already be in place and, as such, there will be little or no incremental expense. If you have a start-up pharmacy, please review our estimated licensing costs for start-up pharmacies provided within Item 7.

Other

None of our officers own any interest in any Payor (other than those times we function as the Payor) or other approved vendor.

We have not arranged any purchasing cooperatives for our franchisees, and, except as described above, we do not negotiate purchase arrangements with suppliers for your benefit. We also do not provide material benefits to our franchisees, such as renewal or granting additional franchises, based upon their purchases of particular products or services and their use of certain designated suppliers or vendors.

During fiscal year 2022, our parent company, AB, had revenues of $238,587,006,137, which includes parts of its business other than ABDC. The US Healthcare Solutions Division of AB, which includes ABDC, had revenues during fiscal year 2022 of $212,100,202,110. ABDC's revenues during fiscal year 2022 were $198,031,995,784, of which about $0.56 billion (approximately 0.3%) was derived from sales of products and services to Voluntary Pharmacies and about $6.69 billion (approximately 3.4%) was derived from sales of products and services to GNP Premier Pharmacies.

We estimate that the purchases described above may be nominal (5% or less) of the cost to open a GNP Premier Pharmacy for an existing Voluntary Pharmacy. Typically, for purposes of comparison, the cost to purchase inventory for a community pharmacy can range from approximately 65% to 80% of ongoing operating expenses. We estimate that the ongoing required purchases of GNP Private Label Products will be nominal (1% or less of total operating expenses for a GNP Premier Pharmacy), as determined by you in your reasonable discretion based on your general business experience.

ITEM 10
FINANCING

We do not offer direct or indirect financing other than the payment terms included in your PVA. We do not guarantee your note, lease or any other financial obligation.

ITEM 11
FRANCHISOR'S ASSISTANCE, ADVERTISING, COMPUTER SYSTEMS AND TRAINING

Except as listed below, ABDC is not required to provide you with any assistance.

Pre-Conversion.

After you execute the GNP Premier Agreement, but before you operate as a GNP Premier Pharmacy:

We will make accessible to you the GNP Manual, in electronic format, which contains our Standards. (Section 2(c) of the GNP Premier Agreement, which is Exhibit B to this Disclosure Document). The GNP Manual is currently 97 pages long, and the table of contents is attached to this Disclosure Document as Exhibit C.

Computer Systems

Computer hardware and software systems, which range in cost from $0 to $55,000, include a required pharmacy management system and an optional point-of-sale system. Pharmacy management systems enable the prescription dispensing process including patient profiles, clinical screening, inventory replenishment, claim submissions and connectivity to e-prescribing networks. Point-of-sale systems enable retail checkout processes such as UPC scanning, credit and debit card processing, inventory replenishment, and sales reporting. While capability, features and the type of data generated and stored on such systems vary among vendors that provide point-of-sale systems that meet program requirements, typically data includes a master file (items a store sells and their prices, including sale or other special prices), transaction information (item sold, its price, and how it was paid for, such as cash, credit card, etc.) and inventory information (number of units ordered, received, sold and on-hand). We will not have independent access to the information stored in your system. However, Select Vendors

and participating vendors may have access to your system and directly or indirectly coordinate the transmission of certain information to us, subject to applicable law and agreements, including the Data Protection Provisions and any HIPAA Business Associate Agreement.

System vendors typically provide regular maintenance updates under support contracts which typically range from $2,000 to $5,000 per year depending on your system's size and the options you select. The costs associated with maintenance updates and support contracts are subject to the terms you negotiate with your system vendor.

Post-Conversion.

Our Assistance with Programs

Our Assistance with Training

GNP Premier Pharmacies will be owners and operators of an existing or start-up pharmacy and, as such, we do not currently offer any initial training.

Our Assistance with Advertising and Promotions

The GNP Premier Agreement, the Front-End Solution Programs Term Sheet and Digital Marketing Term Sheet and (Term Sheets 5 and 6, respectively) describe advertising and marketing assistance that we provide and your obligations. The GNP Premier Agreement contains provisions regarding advertising on the internet. The Front-End Solution Program terms describe the various types of merchandising support that we offer to you (see Item 1 for a description).

Under the Front-End Solution Programs, we provide: (i) automatic shipment (without your order) of certain over-the-counter ("OTC") products to facilitate your prompt stocking of products to meet anticipated consumer demand (First To Shelf™), (ii) a set of schematic diagrams ("Planograms") with periodic updates showing recommended layout of specific product categories, (iii) periodic suggested retail prices for a broad range of health and beauty aids, OTC and other non-prescription products, based on various factors (Retail Product Zone Pricing Service), (iv) access to promotional monies available from consumer goods manufacturers to promote with "Hot Price" promotional materials (Hot Price Program), (v) optional merchandising assistance, and (iv) a point-of-sale data analytics system used to measure and compare the performance of pharmacy front-ends (InSitePOS from ABDC).

We are not obligated to conduct advertising, nor to spend any amount in connection with advertising in your area or territory. We do not currently require you to join a regional advertising cooperative or contribute to an advertising fund.

You may use your own advertising materials (including internet advertising, as described in Item 8), so long as the materials comply with our Standards.

Our Assistance with Advertising Council & National Advisory Boards

We do not currently have a franchisee advertising council that advises on advertising policies. We may form one in the future, but we have no obligation to do so. If we do, we will have the right to determine how its members are selected and the scope of its authority as well as the right to change or dissolve the franchisee advertising council.

We currently have a national advisory board consisting of owners/operators of GNP Premier Pharmacy owners. The number of members on the national advisory board may vary between 5 and 18, but currently includes 12 members. Members of the national advisory board provide us with advice and recommendations on issues related to the Good Neighbor Pharmacy Program and its administration, participate in design of new and modified programs and value added services, including Available Programs, make presentations to peers on the GNP Premier Program and related services, recommend new business opportunities for us and community pharmacies and otherwise assist us. National advisory board members are nominated and selected by AmerisourceBergen and agree to participate actively in the GNP Premier Program and comply with certain standards. Typically, they serve a 3-year term but may resign at any time and extensions may be offered. Advisory board members are not paid, although we may reimburse their expenses to attend in-person meetings in some circumstances.

Our Assistance with Internet Capability

We have advertising on the internet for consumers and control its design and contents, which we plan to maintain but may discontinue it at any time. *See* GNP Premier Agreement, Section 8(c).

We may establish and maintain a portal through which GNP Premier Pharmacies may communicate with each other and through which we may disseminate updates and supplements to the GNP Manual and other Confidential Information ("GNP Portal"). We will establish policies and procedures and other terms of use to address issues such as (i) restrictions on the use of abusive, slanderous or otherwise offensive language; (ii) restrictions on communications that endorse or encourage breach of any agreement, including a GNP Premier Agreement; (iii) confidential treatment of materials contained in the portal; (iv) password protocols and other security precautions; (v) grounds and procedures for suspending or revoking your access to the GNP Premier Pharmacy Portal; (vi) a privacy policy governing our access to and use of electronic communications that franchisees post on the GNP Portal; and (vii) compliance with laws, including antitrust laws and HIPAA. Your right to access the GNP Portal will continue until your GNP Premier Agreement's expiration or termination. To increase usefulness of the GNP Portal, you must allow us to use, publish and copyright photographs of your GNP Premier

Pharmacy and your statements with or without identifying information for editorial, promotional, advertising or other purposes, at any time and in any medium, including advertising on the internet for consumers and the GNP Portal. We plan to maintain the GNP Portal but have the right to discontinue it at any time. *See* GNP Premier Agreement, Section 8(d).

ITEM 12
TERRITORY

GNP Premier Agreement

Under the GNP Premier Agreement, we grant you the right to operate one or more GNP Premier Pharmacies under the Marks and our GNP Premier Program, each at an approved Pharmacy Location specified in the GNP Premier Agreement. Your use of the Marks or any element of the GNP Premier Program in the operation of a business at any other address or in any other channel of distribution without our express prior written authorization will constitute willful infringement of our rights in the Marks and the GNP Premier Program. We do not permit the relocation of an approved location. In the event that you would like to change your location or open an additional franchise, you must complete the same approval process used to establish your current franchise location(s). Additionally, you must be in good standing with our wholesale distribution business and in compliance with the standards set forth by this Disclosure Document and the Premier Participation Agreement. We do not grant you any options, rights of first refusal or any similar right to obtain additional franchises under the GNP Premier Agreement.

You will not receive an exclusive territory. You may face competition from other franchisees, from outlets that we own, from other channels of distribution or competitive brands that we control.

You will have no competitive protection at all. We reserve rights to do any of the following without compensation to you, regardless of proximity to or competitive impact on you:

(i) Allow others to establish and operate GNP Premier Pharmacies, Voluntary Pharmacies or other businesses, and do so ourselves;

(ii) Offer and sell the GNP Premier Program and related products and services to other customers;

(iii) Establish, operate, offer and sell other businesses, goods and services, or allow others to do so, including those that are the same, similar or different and using some, all or none of the Marks; and

(iv) Advertise and promote the sale of any products and services in any area and advertise and promote franchises for other GNP Pharmacies.

We do not impose any restrictions on your right to use other channels of distribution in connection with the GNP Premier Pharmacy franchise relationship.

We have no obligation or duty to insulate or protect your revenues from erosion as the result of your GNP Premier Pharmacy's competition with other GNP Premier Pharmacies, with Voluntary Pharmacies or with other pharmacies not affiliated with us to whom we may provide goods and services.

ITEM 13

You must sign any documents we require to protect the Marks or to maintain their continued validity and enforceability. In addition, you may not directly or indirectly contest the validity of our ownership of the Marks, or of our rights in the Marks.

You may use the Marks in connection with advertising on the internet, subject to your compliance with the GNP Manual, our Standards and applicable law. Although we do not require that you get our prior approval for any internet domain name, vanity URL, home page or other web address or internet content, we may restrict use that includes a Mark (or require a separate license for its use), limit your use of hyperlinks or require use of hyperlinks or other material (including required links to our advertising on the internet for consumers), and restrict use of material in which any third party has any interest. You must discontinue any use if we notify you that any use or material is disapproved. You are responsible for the accuracy of all content.

Upon expiration or termination of your GNP Premier Agreement for any reason, you must immediately discontinue the use of all the Marks. You must take appropriate action to remove the Marks from your GNP Premier Pharmacy location and online presence.

There are no currently effective determinations of the U.S. Patent and Trademark Office, the Trademark Trial and Appeal Board or the trademark administrator of any state or any court, nor are there any pending infringement, opposition or cancellation proceedings involving the Marks. Nor is there any pending material federal or state court litigation regarding our use or ownership rights in the Marks. If we modify or discontinue the use of the Marks, you must promptly comply with and adopt all such modifications at your own expense.

ITEM 14

You may not disclose any element of the GNP Premier Program, any of the Trade Secrets or the contents of the GNP Manual, or make the GNP Manual available, to anyone who is not actively and regularly involved in your GNP Premier Pharmacy's management, including, if you are a business entity, a shareholder, director, officer, partner, member or manager (other than your Designated Manager) who is not actively managing your Pharmacy.

You and your Principals must not use any element of the GNP Premier Program, any of the Trade Secrets or the operating, management or marketing procedures in the GNP Manual in connection with the operation of any establishment or enterprise other than your GNP Premier Pharmacy, and must promptly discontinue use of the GNP Premier Program, the Trade Secrets and the operating, management and marketing procedures in the GNP Manual upon the expiration or termination of your GNP Premier Agreement.

You and your Principals must not, without our prior written consent, copy or permit any person to inspect, copy or reproduce any part of the GNP Manual and any other printed, graphic or audio/visual item designated by us as containing Trade Secrets or otherwise permit their use or inspection by any person other than you, your Designated Manager and your employees who need to be disclosed to in order to perform their job duties, and our authorized representatives.

We have the right to control any administrative proceedings or litigation involving the copyrighted materials and will take whatever action we deem appropriate.

Although we are not contractually obligated to defend the copyrighted materials, we intend to do so vigorously. We will defend and indemnify you against third party claims of infringement or unfair competition arising from your authorized use of copyrighted material that complies with the GNP Premier Agreement and Standards. Your indemnity of us will include an infringement claim arising from

use that is not authorized or is not compliant. See Exhibit C, Paragraph 6, of the GNP Premier Agreement.

If we modify or discontinue the use of any copyrighted materials, you must promptly comply with and adopt, at your own expense, all such modifications.

You, your GNP Business Coach and certain of your employees are bound by confidentiality provisions (see Item 17) concerning the proprietary information and may be required to enter into a confidentiality agreement (see Item 15).

If you develop or suggest an innovation or improvement that we decide to incorporate into the GNP Premier Program, either temporarily or permanently, the innovation or improvement will become our Confidential Information and property without compensation to you.

ITEM 15
OBLIGATION TO PARTICIPATE IN THE ACTUAL OPERATION OF THE FRANCHISE BUSINESS

You must appoint a Designated Manager to be your primary contact with us to administer and coordinate our relationship. As explained in Item 11, we do not currently offer any initial training, other than continuing education courses offered at our annual trade show and optional education available on Good Neighbor Pharmacy University. In the future, we may offer other training, at our option, with or without a fee.

Your Principals will be bound by certain provisions of the GNP Premier Agreement. Principals include each of your officers and directors and those of any of your affiliates and anyone with a direct or indirect interest in you or your affiliates, the GNP Premier Agreement or the assets, revenues or income of your GNP Premier Pharmacy, each as we may determine. If the franchisee is a business entity, the Designated Manager is not required to have any equity interest in the franchisee's business. By signing the GNP Premier Agreement, you agree your Principals will be bound by provisions relating to confidential treatment of our Trade Secrets and use of our copyrighted material.

You also must ensure that your Designated Manager, other employees and other representatives are aware of their obligations and do not disclose any ABDC Confidential Information.

By signing the GNP Premier Agreement, you and your Principals agree to be bound by a HIPAA Business Associate Agreement (in Exhibit B of the GNP Premier Agreement, which is Exhibit B to this Disclosure Document, or as we may agree otherwise) in connection with Available Programs, such as Elevate Provider Network, Elevate Advanced Features, Pre and Post Edit Solutions, Claim Reconciliation Services, Patient Engagement Center, InSite from ABDC and Business Coaching, that involve access to protected health information. A HIPAA Business Associate Agreement requires that we, you and your Principals to comply with the federal Health Insurance Portability and Accountability Act of 1996, as amended, relating to privacy of protected health information, which describes the uses and limits of use on the covered health information.

ITEM 16
RESTRICTIONS ON WHAT THE FRANCHISEE MAY SELL

GNP Premier Pharmacy franchisees must participate in the Elevate Provider Network, our program that provides access to pharmacy benefit plans of Payors and provides for the processing and payment of covered claims you submit (or through another pharmacy services administration organization ("PSAO") that we approve to provide covered services for all Payors with which ABDC has entered into Payor contracts on behalf of pharmacies in the Elevate Provider Network). A "Payor" is

health maintenance organization, preferred provider organization, indemnity insurance carrier or pharmacy benefit manager or plan provider (including prepaid, fee-for-service, employer self-funded or insured), or government agency that provides pharmacy benefits to eligible people. Payor agreements typically require you to provide certain covered services to eligible persons covered by a Payor's pharmacy benefit plan specifications. These services include dispensing pharmaceuticals or devices to eligible persons and providing such other services for which you accept any co-payment and compensation from a Payor as full payment.

If you offer products and services described in a Term Sheet, you may do so only if you comply with the Standards and the GNP Manual, and acquire all equipment, software and other items required for the services covered by the selected Term Sheet. You may sell products and services on internet websites only as we authorize in the GNP Manual or otherwise.

A Term Sheet only applies to a GNP Premier Pharmacy covered under a GNP Premier Agreement. You may not enroll for one GNP Premier Pharmacy, and then use Available Programs in another store even if you also own or control such other store unless it is otherwise permitted to do so.

You must comply with all laws, including maintaining all licenses and other required approvals and reporting or reflecting discounts, rebates and other price reductions relating to cost reports or claims submitted to federal or state healthcare programs. You must retain and make available upon request any invoices and related pricing documents.

You must feature the GNP Private Label Products as your preferred alternative to national brands, and use your best efforts to promote and sell GNP Private Label Products. You must periodically order a representative assortment of GNP Private Label Products, as you determine is reasonable to meet anticipated consumer demand, based on your experience, taking into account, among other things, your Pharmacy's size and market. You must also accept automatic delivery of promotional and new products (see Item 8), and participate in the special promotions and new product introductions for those products.

We have the right to change the products and services without limitation, and you must promptly comply with the new requirements, unless you exercise your right to terminate the GNP Premier Agreement.

We regularly, as a course of business, add, discontinue and revise arrangements with Payors, typically in response to changes by Payors, and Payors regularly add, discontinue and modify pharmacy benefits plans. When such changes occur, we will promptly notify you and you can accept such changes or withdraw from the Elevate Provider Network.

ITEM 20
OUTLETS AND FRANCHISEE INFORMATION

We did not offer franchises for the operation of GNP Premier Pharmacies prior to 2009 but, since 1982, have permitted Voluntary Pharmacies the opportunity to operate using the Good Neighbor Pharmacy trade name. As of July 2019, we are no longer offering new independent pharmacies the opportunity to operate as Voluntary Pharmacies, though the legacy Voluntary Pharmacies described in the Tables below continue to operate. Tables 1 and 3 are broken out to describe Voluntary Pharmacies and GNP Premier Pharmacies separately to provide information on both our franchises and the legacy Voluntary Pharmacy program. Please note that our fiscal year ends September 30.

TABLE NO. 3

OUTLETS STATUS SUMMARY
FOR FISCAL YEARS 2020 TO 2022

We did not offer franchises for the operation of GNP Premier Pharmacies prior to 2009 but, since 1982, have permitted Voluntary Pharmacies the opportunity to operate using the Good Neighbor Pharmacy trade name. As of July 2019, we are no longer offering new independent pharmacies the opportunity to operate as Voluntary Pharmacies, though the legacy Voluntary Pharmacies described in the Tables below continue to operate. For purposes of comparison, the following list summarizes the number of Voluntary Pharmacies in recent years, by state. Other than stores that became GNP Premier, we do not have records to indicate whether stores that discontinued being Voluntary Pharmacies did so because we terminated them, they choose to not renew, or they went out of business, were sold or otherwise discontinued operations. We have not purchased or operated any GNP Premier Pharmacies.

List of Current Franchisees

A list of current franchisees is provided in Exhibit D.

List of Former Franchisees and Licensees

We did not offer franchises for the operation of GNP Premier Pharmacies or otherwise until 2009 and have never refused to renew a franchise (other than as part of a total account closure for non-franchise related reasons such as credit concerns); 20 franchisees transferred ownership during 2022, and no franchisee has failed to communicate with us during the 10 weeks preceding the date of this Disclosure Document. If you buy this franchise, your contact information may be disclosed to other buyers when you leave the franchise system. Former franchisees are listed in Exhibit D.

If you enter into a GNP Premier Agreement, information about your agreement may be disclosed to others who are interested in the GNP Premier Program if you leave the GNP Premier Program.

Purchase of Previously-Owned Franchise

If you are purchasing a previously-owned GNP Premier Pharmacy or Voluntary Pharmacy from us, we will provide you additional information on this previously-owned pharmacy in an addendum to this Disclosure Document, but only to the extent we have such information.

Confidentiality Clauses

During the last three fiscal years, we have not signed any agreements with Voluntary Pharmacies or GNP Premier Pharmacies that contain confidentiality clauses that would restrict their ability to speak openly about their experience (or we will agree to waive any such restriction upon request).

Trademark-Specific Franchisee Organizations

We are not currently aware of any trademark specific franchisee organizations associated with the franchise GNP Premier Program which we have created, sponsored or endorsed, or any independent franchisee organizations that have asked to be included in this Disclosure Document. As noted above, there are regional and national GNP Advisory Boards. *See* Item 11.

Good Neighbor Pharmacy®
Premier Participation Agreement

A. ABDC, a nationwide wholesaler of pharmaceuticals and sundries, and its corporate affiliates have, with expenditure of time, skill, effort and money, developed an advertising and merchandising program, "Good Neighbor Pharmacy" for community pharmacies. As used in this Agreement, a "**Corporate Affiliate**" means a person or entity that controls, is controlled by or is under common control with another person or entity, either by virtue of equity ownership, by contract or by other means.

B. Customer owns and operates one or more community pharmacies (each a "**Pharmacy**") and desires to obtain the right to use the Good Neighbor Pharmacy® Premier program ("**GNP Premier Program**") in operating each Pharmacy pursuant to this Agreement, which right ABDC is willing to grant.

C. Customer is joining the GNP Premier Program to promote and advertise its Pharmacy, to contribute to the collective goodwill of the GNP Premier Program and to actively participate in its programs.

D. This Agreement, including its Exhibits, Term Sheets as amended from time to time, as well as their respective Sign Up Forms and Data Authorizations is the entire agreement between the parties related to the GNP Premier Program (excluding only the disclosure document described in Recital G below) and, pursuant to Section 13(g), is independent of any unrelated business relationships between the parties. This Agreement supersedes any Master Program Agreement signed between the parties for so long as the customer is party to the Premier Participation Agreement. Although any obligations outstanding as of the Effective Date originating from the Master Program Agreement, any Available Program Selections, any Data Authorization forms relating to Available Programs, and any other terms or agreements the context of which show the parties intended them to survive shall carry over into this Agreement and shall survive and such Master Program Agreement shall be reinstated upon termination of the Premier Participation Agreement. Nothing in this Agreement or in any related agreement will disclaim ABDC's representations in the Franchise Disclosure Document.

E. By signing this Agreement, Customer confirms that no one representing ABDC made any oral, written or visual claim, presentation or representation that stated or suggested that Pharmacy may attain any actual or projected level of revenue, expenses, profits or other measurements; or made any promise other than this Agreement to induce Customer to sign this Agreement.

F. Customer acknowledges that any business venture is uncertain and no one, including ABDC, can guarantee business success or state exact costs to operate a GNP Pharmacy (defined in Section 4(a)); that success and costs depends primarily on Customer's own efforts and business ability; and that this Agreement is an arm's length commercial relationship that cannot be transformed into a fiduciary or other special relationship by course of dealing, special indulgences or benefits ABDC may bestow, or inference from conduct.

G. Customer confirms that, as reflected on the Summary and Signature Page, it received (1) a complete copy of this Agreement, including its exhibits, with all blanks filled in at least seven days before execution, and (2) the Franchise Disclosure Document, required by the Trade Regulation Rule of the Federal Trade Commission entitled "Disclosure Requirements and Prohibitions Concerning Franchising," at least 14 days before execution.

1. Grant

(a) Use of Marks & GNP Premier Program. Subject to this Agreement, ABDC hereby grants and Customer accepts certain non-exclusive rights to use all or part of the GNP Premier Program. In turn, Customer will use the Good Neighbor Pharmacy and related service marks and their successors ("**Marks**") to operate Pharmacy under the GNP Premier Program, and to advertise and promote Pharmacy using the Marks, all as required by this Agreement. Customer's use of the Marks is subject to the conditions set forth in Section 9 of this Agreement.

(b) Pharmacy Locations. Pursuant to this Agreement, Customer may operate each Pharmacy as a GNP Pharmacy at its existing Pharmacy Location, where Customer was previously operating its pharmacy business, or new Pharmacy Location, where Customer is a start-up pharmacy. In granting rights under

this Agreement, ABDC makes no assurance, express or implied, about suitability of such location for a pharmacy or any other purpose and ABDC will not be responsible if Pharmacy does not meet Customer's expectations for revenue, operations or other criteria.

(c) Internet Operations. Customer may sell products and services using internet websites only as authorized by ABDC in writing.

(d) Unapproved Operations. Customer may not use any Mark or other distinctive or unique elements of the GNP Premier Program to operate any business other than Pharmacy at the Pharmacy Location, without ABDC's express prior written approval. Such use constitutes willful infringement of the Marks and the GNP Premier Program.

(e) Non-Exclusivity. Customer's rights with respect to the GNP Premier Program are not exclusive. ABDC may among other things (1) establish and operate GNP Pharmacies (defined in Section 4(a)) and allow others to do so, including ones in the GNP Premier Program, (2) offer and sell the GNP Premier Program and related products and services to other customers, and (3) establish, operate, offer and sell other businesses, goods and services, or allow others to do so, including those that are the same, similar or different and using some, all or none of the Marks, in each case regardless of proximity to or competitive impact on GNP Pharmacies.

(f) Administration. In certain instances, ABDC receives revenue from the sale of items (other than our core distribution items such as Rx, OTC, etc.) related to the GNP Premier Program that are purchased by GNP Pharmacies from third parties, such as volume discounts, rebates or other benefits based on GNP Pharmacies' aggregate purchases. Such benefits will be used to generally enhance and promote the GNP Premier Program or to benefit GNP Pharmacies generally. This provision is not meant to circumvent or eliminate opportunities for revenue sharing with GNP Pharmacies and in such cases ABDC may allocate such benefits directly and proportionally to participating GNP Pharmacies and deduct expenses to administer and coordinate suppliers. In connection with programs for GNP Pharmacies and related products and services, Customer assigns ABDC the right to collect related promotional and advertising allowances.

2. Fees

(a) Initial Fee. In consideration of Customer's anticipated initial expenditures which may be required to meet GNP Premier Program requirements ABDC does not charge an initial fee associated with its granting rights in this Agreement.

(b) Periodic Fees. In consideration for Customer's continuing use of the Marks and the GNP Premier Program and participating in Available Programs that are Required or Optional (defined in Section 4(g)-(h)), Customer agrees to pay ABDC for each Pharmacy Location the GNP Premier monthly fee on the Summary and Signature Page ("**Monthly Fee**"). ABDC will add to the billed amount fees for Available Programs (defined in Section 4(g)) and applicable sales, use or other tax or charges. Unless otherwise agreed, payment is due pursuant to payment terms under Customer's PVA (defined in Section 4(f)). ABDC may increase the Monthly Fee upon 120 days' notice.

(c) GNP Manual. ABDC will loan to Customer the GNP Manual (defined in Section 4(a)), in electronic format, and additions and supplements to the GNP Manual as they become available. Customer agrees that the version of the GNP Manual on file in ABDC's offices is the standard, official version for purposes of resolving any question or dispute concerning its contents.

3. Modification of GNP Premier Program and Marks

(a) Modifications. ABDC may modify the GNP Premier Program and Marks, including (i) adding, changing or discontinuing them; (ii) changing decorative, non-functional components that provide Pharmacy a distinctive, memorable appearance ("**Trade Dress**"); and (iii) adding, changing or discontinuing "Good Neighbor Pharmacy" brand private label product ("**GNP Private Label Product**"). Customer will comply

with and adopt, at its expense, such changes, including changing Trade Dress, signage and Pharmacy operations items.

(b) Innovations. The GNP Premier Program is continually enhanced through feedback provided by GNP Pharmacies, including sharing of successful and innovative uses of the GNP Premier Program. If Customer suggests, enhances or develops an innovation or improvement related to any aspect of the GNP Premier Program and ABDC incorporates it into its programs for use in other GNP Pharmacies (whether on a temporary or permanent basis and whether applicable to some or all GNP Pharmacies), such innovation or improvement will become part of such programs without compensation to Customer or any other party and Customer will assign ownership of such innovations and improvements to ABDC and take any additional steps ABDC may request to assign ownership to ABDC.

4. Customer's Obligations

(a) Pharmacy Operation. Operation and appearance of each pharmacy that operates under the GNP trademark and other Marks, including those in the GNP Premier Program and pharmacies operating under a Good Neighbor Pharmacy Voluntary License (collectively, "**GNP Pharmacies**") reflect on other GNP Pharmacies and goodwill of the GNP Premier Program. Customer will use best efforts to operate its business at each Pharmacy with diligence and vigor, and maintain the highest possible ethics and maintain Pharmacy and personnel in a manner that are a credit to the community and reflect the high standards and quality of the GNP Premier Program, including, without limitation, interacting with and treating all customers and GNP personnel in a respectful and professional manner. GNP prescribes or recommends standards, practices, procedures, policies and advice relating to the appearance, operations, management and marketing of GNP Pharmacies, including Available Programs ("**Standards**"), as updated by ABDC from time to time in the materials it provides to you ("**GNP Manual**"). Customer is expected to make commercially reasonable efforts to be active and compliant with all required Available Programs within 120 days after the Effective Date of the GNP Premier Agreement. It may take 4 to 6 weeks for a third-party Payor to recognize that you are authorized to provide Covered Services to its Members. Customer will operate Pharmacy and perform its obligations pursuant to this Agreement, the GNP Manual and Standards and other agreements. Customer will comply fully with all laws applicable to its business.

(b) Pharmacy Appearance and Integrity. Customer will maintain all interior and exterior areas at each Pharmacy Location in a safe and sanitary condition. Customer will keep equipment, decorations, fixtures, furnishings and improvements in good order and repair or replace those that are damaged, worn or obsolete. Customer will provide appropriate training for Pharmacy personnel on proper use and display of Marks under this Agreement, the GNP Manual and Standards.

(c) Signage. Customer will purchase exterior and interior signage from suppliers meeting Standards to ABDC's reasonable satisfaction and display all required signage at each Pharmacy.

(d) Placard. Customer will display in a reasonably visible manner in each Pharmacy a notice stating "This business is independently owned and operated by [insert name of Customer]." Customer may make no statement or representation contrary to Paragraph 8.5 of the Provisions (Exhibit C).

(e) Designated Manager. Customer will designate one owner, partner or other person as to be Customer's primary contact ("**Customer's Designated Manager**") with ABDC and its staff to administer and coordinate the relationship under this Agreement.

(f) Prime Vendor Agreement. Customer will purchase brand and generic prescription (Rx), over-the-counter (OTC), health and beauty care (HBC) and GNP Private Label Products from ABDC pursuant to a prime vendor agreement ("**PVA**"), which shall be executed separately. Separately, animal health products may be purchased from MWI Veterinary Supply Co., an affiliate of ABDC, pursuant to a GNP - Animal Health Purchase Agreement. ABDC will provide access to electronic catalogs of such products, which are typically updated daily including new products as they are available. Customer will place orders using one of ABDC's available order systems, with purchases subject to the PVA or otherwise agreed, including

terms for payment, credit, liability, risk of loss, shortages, delays and compliance with law. All such orders will be at ABDC's standard then-current wholesale prices under the PVA.

(g) Available Programs. ABDC offers a variety of programs and services ("**Available Programs**") in which pharmacies may participate to improve their operational and financial performance. General terms for Available Programs are in the Master Program Agreement (Exhibit E) and the Provisions (Exhibit C), with specific descriptions in Term Sheets 1 to 10 ("**Term Sheets**"). ABDC may develop new or modify existing Available Programs and their policies and procedures, which are effective 60 days after they are available or any shorter period specified in a Term Sheet. As noted in the Master Program Agreement, Customer may incur additional expenses for Available Programs. Current Term Sheets are posted on AB Central (https://abcorder.amerisourcebergen.com). ABDC will provide notice by email that a Term Sheet or the Data Protection Provisions (Exhibit A) HIPAA Business Associate Agreement (Exhibit B), or Provisions (Exhibit C) has been updated.

(h) Required & Optional Programs. Each GNP Premier Program participant must participate in certain Available Programs ("**Required**") and has the option to participate in others that are included with or without an additional cost ("**Optional**"). Customer enrollment and onboarding in Required Available Programs will begin as of the Effective Date. Customer may be required to fulfill certain prerequisite conditions before the services offered in such Available Program are made available to Customer, and some Available Programs may not be immediately available to Customer. For an Available Program that is Optional, Customer may (i) enroll during the Term by submitting applicable information required to set-up Customer's participation and requesting that ABDC begin providing such Available Program and (ii) disenroll by requesting that ABDC discontinue providing such Available Program, pursuant to the terms of such Term Sheet. (i) Elevate Provider Network℠. GNP Premier Program participants each participate in the Elevate Provider Network® ("**Elevate Provider Network**"), pursuant to which ABDC will assist Customer to participate in and obtain payment from certain third party pharmacy benefit providers ("**Payors**"). Customer must designate the Elevate Provider Network as its primary contracting entity and may not appoint any other pharmacy services administration organization ("**PSAO**") or other party to act as its primary agent/contracting entity for agreements with Payors without ABDC's prior written approval or ABDC may terminate this Agreement. ABDC will reasonably approve Customer's choice to contract directly or designate an alternative PSAO if such PSAO contracts with substantially the same Payors as the Elevate Provider Network so that ABDC may represent all GNP Pharmacies to Payors. Such termination will be effective at the earlier of the date on which Customer's designation of another PSAO is effective or 30 days after Customer's receipt of ABDC's termination notice under this Section 4(i). Participation in Elevate Advanced Features is required notwithstanding Customer's designation of an alternative PSAO.

(j) Business Coaching. Within six (6) months of Customer completing all prerequisite conditions necessary to enroll in the Required Available Programs, Customer will be enrolled in the Business Coaching Available Program and assigned a Business Coach, who will provide to Customer certain recommendations related to increasing Pharmacy's performance. Business Coaching is provided at no additional cost to Pharmacies enrolled in the GNP Premier Program.

(k) Confidential Information. Customer will maintain in confidence all ABDC Confidential Information (as defined in and in accordance with Paragraph 4 of the Provisions (Exhibit C) and Term Sheets) and take all necessary action to ensure that its employees and other representatives do not disclose any ABDC Confidential Information.

(l) Display of Material. Customer will display at each Pharmacy (i) Good Neighbor Pharmacy product identification material, (ii) point-of-purchase promotional material, (iii) promotional memorabilia and merchandise, and (iv) other advertising and marketing material that ABDC requires Customer to use in operating Pharmacy, in such manner as ABDC periodically designates.

5. Required Signage

(a) Initial Signage. Each Pharmacy must be prominently identified as a participating "Good Neighbor Pharmacy®" as ABDC designates. At each pharmacy location, within 90 days after signing the GNP Premier Agreement, Customer must install GNP signage and trade dress that meets our Standards. Our current signage Standards require: (i) at least one GOOD NEIGHBOR PHARMACY identification window decal, (ii) at least one GOOD NEIGHBOR PHARMACY logo, which is available in both standard and customized interior and exterior versions, (iii) "GOOD NEIGHBOR PHARMACY" member plaque and (iv) any other signage required by ABDC, as set forth in the GNP Manual. All signage will meet Standards (including for appearance, placement and visibility of signs) in the GNP Manual and be kept in good repair. Customer will use best efforts to maximize visibility of exterior Good Neighbor Pharmacy signs subject to any legal limitations. For each Pharmacy Location, Customer will obtain all required approvals, including government permits, before installing or removing any signs, structures or other items associated with the Marks.

(b) Initial Signage Allowance. We provide complimentary signage packages to all new franchisees that when applied according to our standards meet our minimum requirements (for an existing Voluntary Pharmacy converting to a GNP Premier Pharmacy we may provide only a partial package as compliant signage may already be installed). To encourage you to enhance the appearance of your GNP Premier Pharmacy and

further apply the Good Neighbor Pharmacy trade dress at your location, we offer new franchisees up to $2,500 in matching funds as a one-time allowance of up to $2,500 per location to install additional or enhanced exterior signage and other trade dress that meets our standards within 180 days of signing the Premier Agreement. If the Customer terminates this Premier Agreement for any reason other than an uncured default by ABDC within twelve (12) months of executing the Premier Agreement, Customer will reimburse ABDC, in addition to any other amounts or damages that may be owed to ABDC under any other agreement, the full amount ABDC paid to Customer in matching funds under this provision. Customer acknowledges and agrees that the foregoing reimbursement does not constitute liquidated damages, and is not exclusive of any other rights or remedies that may be available to the parties. ABDC associates are unable to assist with measuring or installation of any signage items.

(c) Compliance Exceptions. If Customer needs to vary signage from requirements under this Agreement or the GNP Manual, variations will be documented on a GNP Compliance Exception Request Form to be reviewed and approved by ABDC. Such approval must be given prior to use of non-conforming signage.

6. GNP Private Label Products. Customer will periodically purchase and offer for sale, a representative assortment of GNP Private Label Products in quantities reasonably anticipated to meet consumer demand, taking into account, among other things, Pharmacy's size and market, as determined by Customer in its reasonable discretion based on its general business experience. Customer will feature the GNP Private Label Products as its preferred alternative to national brands and will use best efforts to promote and sell GNP Private Label Products. Customer authorizes ABDC to initiate commercially reasonable orders on its behalf for new GNP Private Label Products as they are introduced.

7. Term and Termination

(a) Initial & Renewal Terms. The initial term of this Agreement begins on its Effective Date on the Summary and Signature Page and, subject to earlier termination, ends five (5) years after the Effective Date ("**Term**"). Thereafter, the Term will renew automatically for additional, consecutive two-year periods unless either party gives the other party 120 days' notice of its intent to not renew the Term.

(b) Mutual Termination. Either party may terminate this Agreement with respect to one or more Pharmacy Locations with or without cause upon 60 days' prior written notice to the other party. Termination for less than all Pharmacy Locations will not terminate this Agreement with respect to a Pharmacy that is not named in the termination notice. Termination of this Agreement will not, by itself, terminate any other agreement between the parties.

(c) Termination for Breaching GNP Obligations. ABDC may terminate this Agreement immediately upon notice to Customer and without providing Customer the opportunity to cure if (i) Customer or a Principal breaches its obligations to protect Confidential Information; or breaches its obligations relating to use of the Marks or the GNP Portal (defined in Section 8(d)); or (ii) Customer or a Principal is convicted of or pleads guilty or no contest to a felony or any other offense that ABDC determines may adversely affect other GNP Pharmacies, related programs or goodwill of the Marks, including fraud, sexual harassment, battery, drug possession and crimes of moral turpitude. "**Principal**" means each officer, director or owner of Customer or any Corporate Affiliate.

(d) Default. Additionally, either party may terminate this Agreement for cause pursuant to Paragraph 5 of the Provisions (Exhibit C).

8. Internet Operations

(a) General. Customer may promote Pharmacy and sell products using the Marks on the internet pursuant to the GNP Manual and Standards. Any such internet operation will clearly identify Customer's community pharmacy business and be incidental to and an extension of such business. Internet operations must comply fully with applicable federal and state laws, including laws in states in which patients reside. ABDC may (i) restrict use of an internet domain name, vanity URL, home page or other web address that includes a Mark (or require a separate license for such use); and (ii) limit or require use of hyperlinks or

other material (including required links to ABDC websites), including material such as text, images, photographs, video and sound that a third party owns or has the right to use or limit the use of. Customer must promptly discontinue any use if ABDC notifies Customer it is disapproved.

(b) Customer Responsible. Notwithstanding ABDC's right to disapprove content of Customer's website, Customer is solely responsible for accuracy of information it provides on the internet or otherwise.

(c) ABDC Websites. ABDC may advertise GNP Pharmacies on the internet and in other media in its discretion, including design and content, and discontinue some or all such advertising without liability. ABDC may create interior pages on websites with information about Pharmacy and link to any Customer website, including advertising or other opportunities.

(d) Publicity. Customer will allow ABDC to use, publish and copyright photographs of Pharmacy and Customer's statements created during the Term for editorial, promotional, advertising or other purposes, with or without Customer's name or other identifying information, in any media, including on ABDC's websites and the GNP Portal. ABDC will, upon request, remove from ABDC's websites or the GNP Portal any such photographs or statements that identify Customer.

9. Trademarks and Intellectual Property

(a) Right to Use Marks and Copyrighted Material. Customer may use the Marks only as necessary for operation and promotion of Pharmacy and only for a Pharmacy Location, including advertising; and may not do so (i) other than in compliance with Standards and such other quality controls as ABDC adopts to promote and defend the Mark's goodwill; or (ii) in connection with developing or operating any business other than Pharmacy (including any additional Pharmacy listed in this Agreement). Customer will promptly discontinue any advertising or other use of Marks or Copyrighted Material (defined in Section 9(b)) if ABDC notifies Customer that such use is disapproved. Customer agrees that ABDC owns all right, title and interest in the Marks and Copyrighted Material. Customer acquires no right, title, or interest in the Marks or Copyrighted Material other than the right to use them pursuant to this Agreement and the GNP Manual and Standards.

(b) Prohibitions Concerning the Marks and Copyrighted Material. Customer understands ABDC is authorized by law to prevent unauthorized use of the Marks, to control quality of associated goods and services, and to control the copying and distribution of the Copyrighted Material. "**Copyrighted Material**" means any material produced by or for ABDC, including works derived from other Copyrighted Material, including (1) program guides and manuals used in Pharmacy's operation and marketing activities, including the GNP Manual; (2) training material, including printed, audio, video or electronic material; (3) signage plans and specifications; (4) product posters, photographs and graphics; (5) advertising and marketing material; (6) labels, forms and reports provided by ABDC; (7) computer software developed or provided by ABDC; (8) all Trade Dress and Trade Dress elements; and (9) any other material protected by copyright law or marked or identified by ABDC as protected by copyright. Customer agrees to the following:

(i) As between ABDC and Customer, ABDC is the lawful owner of each Mark and all Copyrighted Material, with the right to use them and license Customer to use them, with Customer's interest solely as a licensee, and with Customer's use inuring to ABDC's benefit. Customer unconditionally disclaims any ownership interest in any Mark or Copyrighted Material.

(ii) Customer may not use any Marks, including "Good Neighbor Pharmacy", or any abbreviation, acronym or variation of them as part of its name or as part of the name of any business entity. However, Customer may file an assumed name or fictitious name certificate to the effect that Customer is operating Pharmacy under a trade name that includes the Good Neighbor Pharmacy Mark.

(iii) Customer may only use Marks and Copyrighted Material in advertising, promotion, sale and distribution of products and services offered by Pharmacy as ABDC has expressly permitted in writing.

(iv) Customer may use Marks or Copyrighted Material on the internet only as permitted by Section 8 and this Section 9.

(v) Customer will, if it adopts and uses any additional trade names, trademarks, brand names, Copyrighted Material, slogans, commercial symbols and logos that ABDC develops related to the GNP Premier Program, (A) Customer will use all the Marks in the precise form ABDC prescribes, and (B) observe ABDC directions regarding the use, copying and distribution of the Copyrighted Material, presentation and manner of the Marks' display and use and not copy or distribute any Copyrighted Material in violation of this Agreement.

(vi) Customer will not knowingly permit, and will promptly report to ABDC, any apparent unauthorized use of a Mark and any apparent unauthorized use or copying of any Copyrighted Material by any person, or use by any person of a trade name, trademark, service mark or symbol that might be construed as an infringement of any Mark or as unfair competition or passing-off at common law, and will actively cooperate with ABDC in investigating and prosecuting any infringement claims. ABDC may make any determination on infringement or other unlawful use, including whether to pursue or settle such claims.

(vii) Customer may not challenge validity of any Mark or ABDC's rights in them, and Customer may not make any written or oral admission that a Mark or any Copyrighted Material is invalid or infringes rights of any person. Customer will promptly notify ABDC of any allegation of invalidity or infringement of which Customer becomes aware. ABDC does not warrant that its ownership of any Mark or Copyrighted Material is incontestable or that they do not infringe or conflict with rights of any other party but ABDC will indemnify Customer for any third party Claim as defined in and pursuant to Paragraph 6 of the Provisions (Exhibit C) relating to infringement by a Mark or any Copyrighted Material.

(c) GNP Premier Program, ABDC Confidential Information and GNP Manual. Customer acknowledges that the GNP Premier Program and all ABDC Confidential Information belong exclusively to ABDC and that, as between ABDC and Customer, ideas and information in the GNP Manual are ABDC's exclusive property. Further, unauthorized use or disclosure of ABDC Confidential Information, including any part of the GNP Premier Program, an ABDC Trade Secret or other information in the GNP Manual, may adversely affect the business, competitive position and goodwill of ABDC and other GNP Pharmacies. "**Trade Secret**" means information that derives actual or potential independent economic value from not being generally well known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use and that is subject to reasonable efforts to maintain its secrecy. For avoidance of doubt, in assessing whether information is "Confidential Information" or a "Trade Secret," the parties intend to exclude information that a licensed pharmacist, with background and experience comparable to Customer, would know without access to ABDC's material. Accordingly, Customer agrees to the following, each of which survive termination of this Agreement and perpetually bind Customer and its Principals:

(i) Customer must hold all ABDC Confidential Information, including elements of the GNP Premier Program and GNP Manual, in strict confidence and limit disclosing ABDC Trade Secrets and operating or management procedures as required by ABDC, including to Customer's Designated Manager or to Pharmacy bona fide employees or others to whom such disclosure is necessary for their duties. Customer will instruct and routinely remind such people that the GNP Premier Program, ABDC Confidential Information and GNP Manual contents are confidential and may not be disclosed or appropriated.

(ii) Customer may not use any element of the GNP Premier Program or operating, management or marketing procedures in the GNP Manual in connection with any business other than Pharmacy.

(iii) Customer may not, without ABDC's prior written consent, download, copy or permit any person to download or copy any part of the GNP Manual or other printed, graphic, audio or visual item that contains ABDC Confidential Information. Customer may not otherwise permit their use or inspection

by any person other than Customer's Designated Manager and bona fide Pharmacy employees to whom such disclosure is necessary in relation to their duties, and authorized ABDC representatives.

(iv) All training material, including videos, audios and computer programs related to the GNP Premier Program contain ABDC Confidential Information, including procedures and business practices.

(d) Internet Domain Names. Customer acknowledges that ABDC is the sole owner of internet domain names related to the GNP Premier Program, including "GoodNeighborPharmacy.com" and "mygnp.com". Customer unconditionally disclaims any ownership interest in (i) any such phrase or colorably similar internet domain name (ii) any such domain name and any domain names that may be confusingly similar to them and (iii) the words "Good Neighbor" and "Good Neighbor Pharmacy" and any abbreviation, acronym or variation of such words, including "GNP." Customer may not register any internet domain name in any class or category that contains "Good Neighbor", "Good Neighbor Pharmacy" or "GNP" or any abbreviation, acronym or variation of those words.

(e) Equitable Relief. In addition to other rights, ABDC may obtain injunctive relief, without bond, against Customer and any Principal restraining unauthorized or prohibited use of any Mark, Copyrighted Material, ABDC Confidential Information or ABDC Trade Secret, with or without terminating this Agreement.

10. Transfers. Customer will notify ABDC of changes in ownership, name, business form (e.g., sole proprietorship, partnership or corporation), state of incorporation or formation, or any intent to sell, close, move or modify its operations prior to such change, sale, closure or modification, and provide other information ABDC reasonably requests. ABDC may immediately terminate this Agreement upon or following any sale or transfer of Customer's business, in whole or in part, or sale of 25% or more of Customer's assets or equity to a (i) pharmaceutical wholesale distributor; (ii) franchisor or licensor of a pharmacy advertising or merchandising program; or (iii) chain of ten or more pharmacies doing business under the same or a substantially similar name; or, in each case, to a Corporate Affiliate. This Agreement inures to the benefit of and binds heirs, successors and assigns of each party. Customer consents to ABDC's assigning part or all of its obligations and consents to ABDC's granting a security interest in this Agreement in connection with any financing or securitization by ABDC or any Corporate Affiliate thereof.

11. GNP License Program Release. If Customer participated with ABDC's prior voluntary program related to pharmacies operating under the name Good Neighbor Pharmacy ("**ABDC's Prior Program**") and its related programs and agreements, each party, their Principals and Corporate Affiliates hereby release each other and their Principals and Corporate Affiliates from claims or other obligations they may have against any others now or in the future, but only to the extent they relate to an offer or sale of ABDC's Prior Program or its related programs and agreements, including fraudulent inducement claims or sales law violations. This Section 11 does not affect any claim related, directly or indirectly, to the offer, sale or execution of this Agreement; to performance by anyone under ABDC's Prior Program or its related programs and agreements; or to other agreements between the parties.

12. Post-Termination Obligations

(a) Use of Marks. If this Agreement expires or is terminated for a Pharmacy, Customer's right and privilege to use the GNP Premier Program, Marks, Copyrighted Material, ABDC Confidential Information and all components of the GNP Manual will absolutely and unconditionally cease for such Pharmacy; provided, however, such termination will not, by itself, affect Customer's right to buy products under its PVA. ABDC may remove information about Pharmacy from websites, including the GNP Portal, and suspend or terminate Customer's access to the GNP Portal. During the 60 days prior to expiration or without-cause termination of this Agreement, Customer will immediately begin to comply with the following for such Pharmacy so that such steps are completed by the end of the Term (and will do so promptly if this Agreement is terminated for cause). Customer's failure to comply fully with the following requirements by such date constitutes willful trademark and copyright infringement.

(i) Discontinue use of the GNP Premier Program, Marks, Copyrighted Material, ABDC Confidential Information and all components of the GNP Manual;

(ii) Return to ABDC all parts of the GNP Manual or any other printed, graphic, audio or visual item designated by ABDC as containing ABDC Confidential Information (Customer may elect to completely destroy all parts of the GNP Manual, whether in physical or electronic form, in lieu of returning same to ABDC);

(iii) Remove from each Pharmacy Location all interior and exterior GNP signage and other uses of the Marks;

(iv) Cancel advertising relating to Customer's use of Marks or Copyrighted Material as soon as reasonably possible, including yellow pages listings, and promptly cancel any assumed or fictitious name filings related to the Marks; and

(v) Alter Pharmacy's interior to remove all Trade Dress items and otherwise eliminate the distinctive features of the GNP Premier Program.

(b) Goodwill for Marks. Upon expiration or termination of this Agreement, all goodwill associated with the Marks and Copyrighted Material will inure to ABDC.

(c) ABDC Rights. If Customer does not comply with Section 12(a), in addition to other rights, ABDC may, at Customer's expense, enter Pharmacy on seven days' notice to effect compliance, including removal and storage of signs and alteration or removal of Trade Dress items.

(d) Payment. In addition to other rights, ABDC may recover all amounts owed to ABDC in connection with this Agreement, plus interest and late fees under Paragraph 2.2 of the Provisions (Exhibit C), with or without terminating this Agreement. For any obligation referred to an attorney for collection or collected through a judicial proceeding, Customer will pay ABDC attorneys' fees and costs and for ABDC's staff and administrative time.

(e) Equitable Relief. In addition to other rights, ABDC will be entitled to injunctive relief, without bond, to enforce compliance with requirements of this Section 12.

(f) Damages. In addition to other rights, ABDC may recover damages from Customer and any Principal for unauthorized or prohibited use of any Mark, Copyrighted Material or ABDC Trade Secret or any loss of customer or future goodwill associated with the Marks or GNP Premier Program.

(g) Survival. The parties' obligations, the context of which show the parties intended them to survive, will remain in effect after the Term, including indemnification, confidentiality and choice of law obligations. Without limiting the foregoing, the parties other business relationships, including the PVA, are independent of this Agreement and its Available Programs. Except as agreed, performance under this Agreement or its expiration or termination will not affect such other agreements; and, except as agreed, performance under such other agreements or their expiration or termination will not affect this Agreement.

13. Retail Program Master Terms.

(a) Term. Customer's enrollment in Available Programs is as follows:

(i) Any Available Programs that are Required and in which Customer is not previously enrolled, will begin enrollment and onboarding steps beginning on the Effective Date of this Agreement to the extent immediately available and subject to satisfaction of any prerequisite conditions and terminate upon its expiration or earlier termination; provided, however, Available Programs may continue thereafter subject to applicable provisions of this Agreement (or, if adopted by the parties following termination of this Agreement, ABDC's Master Program Agreement) until such Available Program is terminated pursuant to Paragraph 5 of Exhibit C (Provisions) or as follows.

(ii) Either party may terminate one or more Available Programs at one or more Pharmacies, with or without cause, at any time upon 60 days' written notice to the other party; provided, however (A) termination of specific Available Programs may be subject to restrictions or termination obligations; (B) Customer

may not terminate any Available Program that is Required unless Customer also terminates this Agreement; and (C) ABDC will give Customer at least sixty (60) days' written notice before terminating any Required Program and the option for Customer to exercise its right to terminate this Agreement on the date the Required Program is terminated, notwithstanding Customer's other notice requirements. Termination of less than all Available Programs at all Pharmacies will not terminate Customer's rights or obligations pursuant to the Master Program Agreement (Exhibit E) nor any Term Sheets not explicitly terminated by Customer or ABDC, unless Customer executes a replacement Master Program Agreement to supersede the version attached hereto.

(iii) Other Available Programs (that is, Optional) commence (to the extent immediately available and subject to satisfaction of any prerequisite conditions) and terminate as of the date on which Customer enrolls or disenrolls as provided in Section 4(h).

(iv) Notwithstanding the foregoing, ABDC may immediately and at any time terminate or modify, as applicable, any Pharmacy's participation in any Available Program that includes eligibility qualifications, requirements, and/or criteria, as provided in applicable Term Sheets and/or enrollment forms, that such Pharmacy does not satisfy.

(b) Fees. Each Term Sheet states applicable per-Pharmacy fees. Some Available Programs require Customer to incur other expenses, which are Customer's responsibility. "**Premier**" fees apply to GNP Pharmacies under the GNP Premier Program, including Customer. Fees for GNP and Others, which apply to non-Premier GNP Pharmacies ("**GNP**") and Pharmacies that are not Premier or GNP Pharmacies ("**Others**"), respectively, are not applicable to Customer. Applicable fees may be increased on 60 days' written notice.

(c) ABDC Commitments.

(i) Programs and Services. ABDC will provide Available Programs in which Customer enrolls from time to time pursuant to terms in the applicable Term Sheet, industry standards, laws and the GNP Manual. In addition to written material, ABDC or others, including Payors under the Term Sheet for Elevate Provider Network (to the extent permitted by applicable agreements between ABDC and Payors), may publish the GNP Manual, Standards and updates to each of these on AB Central or other websites they maintain, or make them available on request. A listing of current Available Programs and applicable Term Sheets are accessible on AB Central or from Customer's ABDC sales representative.

(ii) Statements of Work. From time-to-time, Customer may engage ABDC to provide other goods and services including custom work or a special project, terms of which will be as agreed pursuant to a Statement of Work (Term Sheet 10) and governed by this Agreement.

(iii) Privacy. ABDC will protect and only use Pharmacy Data provided by, or on behalf of, Customer, pursuant to the Data Protection Provisions (Exhibit A) in connection with any Available Program that involves access to Pharmacy Data and, in connection with any Available Program that involves access to protected health information (PHI as defined in Exhibit B), such as Elevate Provider Network, InSite, Pre & Post Edit Solutions, Claim Reconciliation Services, Patient Engagement Center, Business Coaching and the ABDC Order Monitoring Program, pursuant to the HIPAA Business Associate Agreement (Exhibit B or as otherwise agreed) under the Health Insurance Portability and Accountability Act of 1996 ("**HIPAA**"), the HITECH Act and implementing regulations including the Privacy, Security, and Breach Notification Rules (each defined in Exhibit B).

(d) Customer Commitments.

(i) Compliance. Customer will comply with all laws, Term Sheets and the GNP Manual, including qualifications Customer must meet to be eligible for each Available Program in which Customer is enrolled, including, without limitation, all Required Programs. If Customer does not, it may not participate in such Available Program or, if it is participating, its right to do so may be revoked. Customer is responsible for acquiring and maintaining all equipment, software and other items specified as necessary in Program Guides, as updated from time to time. Such items must be purchased from suppliers meeting Standards to ABDC's reasonable satisfaction.

(ii) Use of Programs. Customer may only use an Available Program for its own business and only at a Pharmacy for which Customer has enrolled in such Available Program. Nothing supplied by ABDC pursuant to this Agreement, including performance measurements, business advice, cost or price data is a substitute for Customer's business and professional judgment or will dictate to Customer at what price to sell pharmaceuticals or other merchandise, except to the extent Customer agrees (e.g., under Elevate Provider Network). Customer is fully responsible for use of data and advice obtained through Available Programs and must keep confidential and not disclose, redistribute, supply, license, or sell any data or information, including reports and methods, relating to Available Programs.

14. Dispute Resolution

(a) Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania, without reference to this state's conflict of laws principles.

(b) Dispute Resolution. Customer must first bring any claim or dispute between Customer and ABDC to ABDC's management, after providing notice as set forth in Section 14(f) of this Agreement, and make every effort to resolve the dispute internally. Customer must exhaust this internal dispute resolution procedure before Customer may bring Customer's dispute before a third party. If the parties are unable to resolve any claim or dispute internally within 90 days, Customer agrees that any controversy or claim arising out of or relating to this Agreement, or the breach thereof, shall be determined by final and binding arbitration administered by the American Arbitration Association ("AAA") under its Commercial Arbitration Rules and Mediation Procedures to take place in Philadelphia, Pennsylvania. Any arbitration award or decision may be filed in a court of competent jurisdiction for enforcement. This agreement to first attempt resolution of disputes internally shall survive termination or expiration of this Agreement. The parties will not be required to first attempt to resolve a controversy, dispute, or claim through mediation as set forth in this Section 14(b) if such controversy, dispute, or claim concerns an allegation that a party has violated (or threatens to violate, or poses an imminent risk of violating): (i) any federally protected intellectual property rights in the Proprietary Marks, the System, or in any Confidential Information or other confidential information; (ii) any of the restrictive covenants contained in this Agreement; and (iii) any of Customer's payment obligations under this Agreement.

(c) Injunctive Relief. Customer acknowledges and agrees that irreparable harm could be caused to ABDC by Customer's violation of certain provisions of this Agreement and, as such, in addition to any other relief available at law or equity, ABDC shall be entitled to obtain in any court of competent jurisdiction, without bond, restraining orders or temporary or permanent injunctions in order to enforce, among other items, the provisions of this Agreement relating to: (i) Customer's use of the Proprietary Marks and Confidential Information (including any proprietary software used in connection with the Franchised Business); (ii) the in-term covenant not to compete, as well as any other violations of the restrictive covenants set forth in this Agreement; (iii) Customer's obligations on termination or expiration of this Agreement; (iv) disputes and controversies based on or arising under the Lanham Act, or otherwise involving the Proprietary Marks, as now or hereafter amended; (v) disputes and controversies involving enforcement of the ABDC's rights with respect to confidentiality under this Agreement; and (vi) to prohibit any act or omission by Customer or its employees that constitutes a violation of applicable law, threatens ABDC's franchise system or threatens other Customers of ABDC. Customer's only remedy if such an injunction is entered will be the dissolution of the injunction, if appropriate, and Customer waives all damage claims if the injunction is wrongfully issued.

(d) Venue. Subject to Sections 14(b) through 14(c) of this Agreement, the parties agree that any actions arising out of or related to this Agreement must be initiated and litigated to conclusion exclusively in the state court of general jurisdiction closest to ABDC's then-current corporate headquarters or, if appropriate, the United States District Court for the Eastern District of Pennsylvania. Customer acknowledges that this Agreement has been entered into in the Commonwealth of Pennsylvania, and that Customer is to receive

valuable and continuing services emanating from ABDC's headquarters in Pennsylvania, including but not limited to training, assistance, support and the development of the Good Neighbor Pharmacy system. In recognition of such services and their origin, Customer hereby irrevocably consents to the personal jurisdiction of the state and federal courts of Pennsylvania as set forth in this Section.

(e) Third Party Beneficiaries. ABDC's officers, directors, shareholders, agents and/or employees are express third party beneficiaries of the provisions of this Agreement, including the dispute resolution provisions set forth in this Section 14, each having authority to specifically enforce the right to mediate/arbitrate claims asserted against such person(s) by Customer.

(f) Notice Requirement. As a condition precedent to commencing an action for damages or for violation or breach of this Agreement, Customer must notify ABDC within thirty (30) days after the occurrence of the violation or breach, and failure to timely give such notice shall preclude any claim for damages.

(g) No Withholding of Payments. Customer shall not withhold all or any part of any payment to ABDC or any of its affiliates on the grounds of ABDC's alleged nonperformance or as an offset against any amount ABDC or any of ABDC's affiliates allegedly may owe Customer under this Agreement or any related agreements.

(h) Limitation of Actions. Customer further agrees that no cause of action arising out of or under this Agreement may be maintained by Customer against ABDC unless Customer brings an action/suit against ABDC before the expiration of one (1) year after the act, transaction or occurrence upon which such action is based or the expiration of one year after the Customer becomes aware of facts or circumstances reasonably indicating that Customer may have a claim against ABDC hereunder, whichever occurs sooner. Any action/suit that Customer does not bring within this period shall be barred as a claim, counterclaim, defense, or set-off. Customer hereby waives the right to obtain any remedy based on alleged fraud, misrepresentation, or deceit by ABDC, including, without limitation, rescission of this Agreement, in any mediation, judicial, or other adjudicatory proceeding arising hereunder, except upon a ground expressly provided in this Agreement.

(i) Waiver of Punitive Damages. Customer hereby waives to the fullest extent permitted by law, any right to or claim for any punitive, exemplary, incidental, indirect, special or consequential damages (including, without limitation, lost profits) against ABDC arising out of any cause whatsoever (whether such cause be based in contract, negligence, strict liability, other tort or otherwise) and agrees that in the event of a dispute, that Customer's recovery is limited to actual damages. If any other term of this Agreement is found or determined to be unconscionable or unenforceable for any reason, the foregoing provisions shall continue in full force and effect, including, without limitation, the waiver of any right to claim any consequential damages. Nothing in this Section or any other provision of this Agreement shall be construed to prevent ABDC from claiming and obtaining expectation or consequential damages, including lost future royalties for the balance of the term of this Agreement if it is terminated due to Customer's default, which the parties agree and acknowledge ABDC may claim under this Agreement.

(j) WAIVER OF JURY TRIAL. THE PARTIES HEREBY AGREE TO WAIVE TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM, WHETHER AT LAW OR EQUITY, REGARDLESS OF WHICH PARTY BRINGS SUIT. THIS WAIVER SHALL APPLY TO ANY MATTER WHATSOEVER BETWEEN THE PARTIES HERETO WHICH ARISES OUT OF OR IS RELATED IN ANY WAY TO THIS AGREEMENT, THE PERFORMANCE OF EITHER PARTY, AND/OR CUSTOMER'S PURCHASE FROM ABDC OF THE FRANCHISE AND/OR ANY GOODS OR SERVICES.

(k) WAIVER OF CLASS ACTIONS. THE PARTIES AGREE THAT ALL PROCEEDINGS ARISING OUT OF OR RELATED TO THIS AGREEMENT, OR THE SALE OF THE FRANCHISED BUSINESS, WILL BE CONDUCTED ON AN INDIVIDUAL, NOT A CLASS-WIDE BASIS, AND THAT ANY PROCEEDING BETWEEN CUSTOMER, CUSTOMER'S GUARANTORS AND ABDC OR ITS

AFFILIATES/OFFICERS/EMPLOYEES MAY NOT BE CONSOLIDATED WITH ANY OTHER PROCEEDING BETWEEN ABDC AND ANY OTHER THIRD PARTY.

DATA PROTECTION PROVISIONS FOR PHARMACY DATA

Overview

AmerisourceBergen Drug Corporation ("**ABDC**") has developed these Data Protection Provisions for Pharmacy Data to protect sensitive business transaction data collected from each Pharmacy participating in Available Programs under the Master Program Agreement. In these provisions, we refer to financial, operational, business and patient data that we received directly or indirectly from you or from your system vendor, switch vendor, or Payors (as defined in Term Sheet 1) as "**Pharmacy Data**." Pharmacy Data may include but is not limited to point-of-sale transaction data, prescription data, or claim reimbursement data. Pharmacy Data means any information, regardless of the format it is in (for example, paper, electronic, or films).

1.0 Restrictions on Access to Pharmacy Data. ABDC will protect Pharmacy Data by maintaining logical access controls (such as unique user identification and dual factor authentication for remote access) and as set forth in Paragraph 4.0. Access to Pharmacy Data will be provided on a "business need-to-know" basis so users are granted the least amount of access required to successfully fulfill their job requirements. Access that is not explicitly defined is not allowed.

1.2 Limited or Specific Use and Disclosure. Use and disclosure of Pharmacy Data will be restricted to only the purposes: (i) set forth in this Agreement and/or applicable Term Sheets in connection with the Available Programs in which you participate; (ii) set forth in your distribution agreement with ABDC to measure and help improve purchase performance, as well as compliance with, your contractual requirements with ABDC; and (iii) as may be otherwise agreed upon in writing. We also use and/or disclose Pharmacy Data to identify programs, solutions or actions that might benefit your business and to conduct outreach campaigns including sharing these findings with: (a) our affiliates; (b) members of our sales team; (c) and your buying group, aggregation group, or group purchasing organization (if any). In addition, other people you specifically authorize may access Pharmacy Data, but only to the extent you so authorize. Customer releases IQVIA and any other third-party data aggregators to share with ABDC, information that IQVIA or applicable third parties receive under data supply agreements with Customer, as well as information received from other data sources. Customer consents to IQVIA's and other third-party aggregator's use of Customer's information to produce reports and provide them to ABDC and acknowledges that the reports may include pharmacy and product names and purchasing dollars.

2.0 No Restrictions on Derivative Works. ABDC may use and/or disclose de-identified, aggregated Pharmacy Data or other derivative works created by ABDC using Pharmacy Data as long as Customer cannot be specifically identified, such as comparative financial analyses by business type or analyses of manufacturer market share, and any PHI that has been appropriately de-identified. This provision is not meant to circumvent or eliminate opportunities for revenue sharing through data sales or similar programs or offerings.

3.0 Required Disclosure of Pharmacy Data. There may be times when ABDC is required to disclose Pharmacy Data to other parties not referenced above. For instance, ABDC may be requested or may become legally compelled to answer oral questions, interrogatories, requests for information or documents, subpoenas, civil investigative demands or similar processes and to disclose Pharmacy Data. ABDC will promptly advise you of such request or legal compulsion unless ABDC has a reasonable belief that such action is prohibited by law and, to the extent that you secure a legally enforceable protective order, ABDC will comply with the order. Nothing in these provisions prevents ABDC from taking reasonable steps to prevent fraud or other illegal activity or to disclose information about activities it reasonably believes are illegal.

4.0 Security of Pharmacy Data. ABDC employs industry standard information security and physical security ("IT Security") safeguards, procedures and practices to protect the privacy and security of Pharmacy Data ABDC receives, accesses, uses, creates, or discloses. These security safeguards are: (a) at least equal to industry standards, (b) in accordance with the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and the Health Information Technology for Economic and Clinical Health Act ("HITECH") and (c) reasonably appropriate to protect against accidental or unlawful destruction, loss, alteration or unauthorized third party disclosure or access of Pharmacy Data. ABDC's program maintains an active Security Program using an industry recognized security standard and methodology, such as ISO27002/17799, HITRUST, COBIT, or NIST and meets or exceeds all HIPAA and HITECH requirements or other regulatory requirements that apply to Pharmacy Data.

5.0 Physical Safeguards. All Pharmacy Data is stored in a physically and logically secure environment that protects it from unauthorized access, modification, theft, misuse or destruction. ABDC maintains appropriate levels of physical security controls over ABDC facilities, including alarm systems, visitor access procedures, security guards, cameras, and video surveillance. ABDC ensures that the facilities have proper environmental controls including power, connectivity, temperature controls, fire suppression, Uninterruptible Power Supply (UPS) and backup generator to support availability of the Services. ABDC maintain an active and up-to-date anti-malware program to protect the ABDC system, software and Pharmacy Data and Services.

6.0 Data in Transit Encryption. ABDC uses encryption to the extent required by HIPAA regulations to receive

and transmit all PHI. Although there cannot be a guaranty of the security of Pharmacy Data, ABDC utilizes adequate security for Pharmacy Data transmitted across public networks – at a minimum, TLS 1.2 128 bit is used for web traffic and 256 bit or better for bulk data transfer, with the exception of electronic mail transmission. Transmission of data may include, but is not limited to, file transfer methods, file upload or file download, and file exports.

7.0 License and Retention of Pharmacy Data. Customer hereby grants to ABDC an irrevocable, non-exclusive, royalty-free license to use and/or disclose Pharmacy Data as may be necessary for ABDC or the Program Partners to provide Customer with the Available Programs or as otherwise may be required by law. ABDC uniformly retains Pharmacy Data for all participating Pharmacies for as long as is reasonably necessary or appropriate for the fulfillment of Available Programs under the Master Program Agreement, including InSite from ABDC, or as necessary for legal and/or compliance purposes. ABDC maintains strict change control processes for both hardware and software changes and ensures that all ABDC personnel are familiar with and utilize this process. ABDC securely and completely disposes of Pharmacy Data residing on ABDC equipment that will be retired. When Pharmacy Data is no longer required to fulfill those purposes, ABDC will use reasonable efforts to have it destroyed, erased or made anonymous.

8.0 Disaster Recovery and Data Backup. ABDC shall maintain and implement disaster recovery procedures in accordance with ABDC's written Disaster Recovery Plan. ABDC's Disaster Recovery Plan shall contain procedures designed to safeguard Pharmacy Data and the availability of the Services and solutions.

8.1 Testing. ABDC performs disaster recovery testing at least biennially, which includes testing of hardware, installation and operation of all ABDC systems and services, testing of telecommunications facilities and fail over to back up equipment.

8.2 Software Lifecycle. ABDC shall identify vulnerabilities, risks and threats as early as possible at any time during the software lifecycle. The software lifecycle shall mean from development, management, and updates through retirement of such application. ABDC shall maintain a strict change control process for ABDC software development lifecycle.

8.3 Data Backups. ABDC performs daily backups of Pharmacy Data. ABDC agrees to store all backup Pharmacy Data as part of its designated backup and recovery processes using a commercially supported encryption solution. Data backups are retained for twelve (12) days should the need to restore from data backups arise. ABDC shall be responsible for periodically testing that backup processes are working to ensure that data can be recovered in a reasonable timeframe in the instance of an outage or disaster on the primary infrastructure.

9.0 Incident Response. ABDC shall maintain a program plan to detect and respond to data security incidents. The program shall include identification, containment, mitigation and remediation of an incident (security breach or attack) and communication to Pharmacy of any data security incident resulting in a Breach (as defined by HIPAA) of Pharmacy Data. ABDC shall meet Federal and applicable regulatory requirements for breach notification. ABDC shall cooperate and coordinate with Pharmacy and authorities should a suspected security breach of Pharmacy Data occur. Without limiting the generality of the foregoing, ABDC will take all reasonable measures to secure and defend ABDC locations and equipment both physically and logically against "hackers" and others who may seek, without authorization, to modify or access the ABDC systems or the information found therein.

10.0 Employee Screening and Security Awareness. Prior to employment, each ABDC employee undergoes a formal security clearance review that includes a criminal background check. Any past activity that would subject confidential information and critical systems to risk is cause to restrict an ABDC employee's access to Pharmacy Data. To ensure security awareness by its employees, ABDC (1) maintains policies or codes of conduct documenting responsibilities regarding data security practices; (2) ABDC employees acknowledge and review these documents at least biennially; (3) provides security awareness and HIPAA training to its workforce as part of ABDC's overall awareness program; (4) requires confidentiality agreements to be completed as part of hiring process to ensure that ABDC's workforce understands their responsibilities regarding the protection of Pharmacy Data.

ABDC believes that its security policies and safeguards are reasonable and appropriate to adequately protect such information, regardless of the format in which such information is held. ABDC intends to review and update its security policies and safeguards on a regular basis. ABDC requires that its employees keep all Pharmacy Data confidential.

11.0 Amendments to our Data Protection Provisions. A copy of these provisions, as may be amended from time to time within ABDC's discretion, will be posted on AB Central or are available on request.

This Paragraph satisfies any reporting required by Business Associate of attempted but Unsuccessful Security Incidents (as defined below) for which the parties agree no additional report shall be required. "**Unsuccessful Security Incidents**" include activity such as "pings" and other broadcast attacks on Business Associate's firewall, port scans, unsuccessful log-on attempts, denials of service and any other attempts to penetrate such computer networks or systems that do not result in unauthorized access, use or disclosure of ePHI. Separate from the requirements related to Security Incident reporting, Business Associate shall also make the reports to Covered Entity as set forth in Paragraph 5.0, related to a Breach of Unsecured PHI.

4.4 Authorize termination of this BA Agreement by Covered Entity if Covered Entity determines that Business Associate has violated a material term of this BA Agreement, in accordance with Paragraph 6.2.

6. TERM AND TERMINATION.

6.1 **Term.** This BA Agreement is effective on the Effective Date of the Agreement and shall continue in effect until all obligations of the Parties have been met, unless terminated as provided in this Paragraph 6.0. In addition, certain provisions and requirements of this BA Agreement shall survive its expiration or other termination in accordance with Paragraph 7.1.

6.2 **Termination by Covered Entity.** As provided for under 45 C.F.R. §164.504(e)(2)(iii), Covered Entity may immediately terminate this BA Agreement, any other provision of the Agreement notwithstanding, if Covered Entity determines that Business Associate has breached a material term of this BA Agreement; provided that Covered Entity (i) provides Business Associate with written notice of the existence of an alleged breach; and (ii) affords Business Associate an opportunity to cure said alleged breach. Failure to cure in the manner set forth in this Paragraph 6.2 is grounds for the immediate termination of this BA Agreement and the Agreement by Covered Entity, any other provision of the Agreement notwithstanding, but termination of the Agreement may be allowed only to the extent that the use, disclosure and/or creation of PHI is required in order for Business Associate to carry out its responsibilities under the Agreement.

6.3 **Termination by Business Associate.** Business Associate shall have the same rights and options related to termination as set forth in Paragraph 6.2 with respect to Covered Entity.

6.4 **Effect of Termination.** Upon the event of termination pursuant to this Paragraph 6.0, Business Associate agrees to return or destroy all PHI pursuant to 45 C.F.R. §164.504(e)(2)(ii)(I), if it is feasible to do so. Prior to doing so, Business Associate further agrees to recover any PHI in the possession of its subcontractors or agents. If it is not feasible for Business Associate to return or destroy said PHI, Business Associate agrees to extend any and all protections, limitations and restrictions contained in this BA Agreement to Business Associate's use and/or disclosure of any PHI retained after the termination of this BA Agreement, and to limit any further uses and/or disclosures to the purposes that make the return or destruction of the PHI infeasible. If it is infeasible for Business Associate to obtain, from a subcontractor or agent any PHI in the possession of the subcontractor or agent, Business Associate must provide a written explanation to Covered Entity and require the subcontractors and agents to agree to extend any and all protections, limitations and restrictions contained in this BA Agreement to the subcontractors' and/or agents' use and/or disclosure of any PHI retained after the termination of this BA Agreement, and to limit any further uses and/or disclosures to the purposes that make the return or destruction of the PHI infeasible.

7.2 **No Third Party Beneficiaries.** Nothing express or implied in this BA Agreement is intended to confer, nor shall anything herein confer, upon any person other than the Parties and the respective successors or assigns of the Parties, any rights, remedies, obligations, or liabilities whatsoever.

7.3 **Notices.** Any notices to be given hereunder to a Party shall be made via U.S. Mail or express courier to such Party's address given below.

ABDC decisions and actions will be reasonable if any business justification is based on the best interests of Available Programs or customers generally. This disclaimer of warranties and limitation of liability shall survive the expiration of this Agreement.

4. CONFIDENTIALITY. Each party, its employees and representatives ("**Receiving Party**") will protect all proprietary and confidential information ("**Confidential Information**") disclosed by the other ("**Disclosing Party**") and not use or disclose it except in connection with Available Programs or as agreed. Subject to such exception, Confidential Information specifically includes this Master Program Agreement, Term Sheets, Program Guides, ABDC's methods of doing business, and other information related to any Available Program. Customer will comply with Payor and other third party advance notice requirements prior to disclosure of Confidential Information. Confidential Information does not include information (i) available on a non-confidential basis, (ii) known or able to be formulated by Receiving Party, or (iii) required to be disclosed by law. 5.2 Survival Upon Termination. Within five days of expiration or earlier termination of this Master Program Agreement for any reason, amounts owed by either party to the

other will be immediately due and paid to the other party. Customer will return all Available Program materials, including Term Sheets, Program Guides and Licensed Material, or pay to ABDC their replacement cost. Obligations in Paragraphs 4.0, 5.2, 6.0 and 8.0 and any provision the context of which shows the parties intended it to survive will remain in effect after the Term.

6. INDEMNIFICATION. Each party ("**Indemnifying Party**") will indemnify and defend the other, its affiliates, its employees and representatives ("**Indemnified Party**") against all claims and damages (including expenses and attorneys' fees) ("**Claim**") to the extent arising out of Indemnifying Party's obligations under this Master Program Agreement, the GNP Premier Agreement or any Term Sheet, but only to the extent permitted by law (with any such limits applying equally to the parties). Failure to give prompt written notice of a Claim will not relieve Indemnifying Party of liability except to the extent caused by such failure. Indemnifying Party will defend Claims with counsel reasonably satisfactory to Indemnified Party and Indemnified Party will cooperate fully in such defense. Without limiting the foregoing, Customer's obligations include any Claim arising from its infringement or other violation of a patent, trademark, copyright or other proprietary right owned or controlled by ABDC or any third party except to the extent arising from use that complies with this Master Program Agreement.

7. COMPUTER APPLICATIONS, SOFTWARE & DATA

7.1 License. ABDC grants Customer a non-exclusive, nontransferable and revocable license to use computer applications, including websites, software and data related to Available Programs and related documentation ("Licensed Material"). Customer may not make, or allow others to make, copies except one backup copy. Customer must include all proprietary notices in permitted copies. Customer may not modify Licensed Material or create derivative works and may not translate, reverse engineer, disassemble or decompile software or other Licensed Material.

7.2 Limited Warranty. ABDC warrants that software and other Licensed Material will perform substantially in accordance with its documentation if the Licensed Material is operated as directed, no modification of the Licensed Material is made by any person other than ABDC and only the most current release of the Licensed Material is used. ABDC DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THOSE OF MERCHANTABILITY, TITLE, NON-INFRINGEMENT AND FITNESS FOR A PARTICULAR PURPOSE, FOR LICENSED MATERIAL, AND ACCURACY OF ANY DATA. ALL DATA IS PROVIDED "AS IS." DUE TO THE NATURE OF SOFTWARE AND DATA, ERRORS AND INTERRUPTIONS MAY OCCUR AND CUSTOMER HAS ALL RISKS FOR QUALITY AND PERFORMANCE. No oral or written information provided by ABDC, its employees or other representatives will create any warranty.

7.3 Remedy. If ABDC breaches a warranty in Paragraph 7.2, as Customer's sole remedy (other than the indemnity for third party Claims under Paragraph 6.0), ABDC will, at its option and expense (i) repair or replace Licensed Material so it performs substantially in accordance with its documentation; or (ii) advise Customer how to achieve substantially the same functionality using different procedures.

8. MISCELLANEOUS

8.1 Force Majeure. Either party may reduce, delay, suspend or eliminate any Available Program without liability or obligation if ABDC's performance is prevented, delayed or otherwise affected by any cause beyond its control, including labor disputes, fire, terrorism, acts of God, unavailability of an Available Program, loss of access to data, delays by suppliers, loss of facilities or internet, telecommunication or electrical systems, pandemic, voluntary foregoing a right in order to comply with or accommodate government orders or requests, or compliance with any law or otherwise.

8.2 Notices. Except as provided, notices must be in writing and personally delivered or sent by certified mail, prepaid, return receipt requested; by overnight delivery; or, by facsimile or email as follows. Notices will be deemed delivered (i) upon delivery when personally delivered or sent by certified mail or overnight delivery; (ii) upon delivery if sent by facsimile or email during normal business hours of the receiving party (or, otherwise, on the following business day) with a confirming copy sent by U.S. mail or overnight delivery; or (iii) upon delivery if sent by facsimile or email (with no confirming copy required) for notices by ABDC of updates to Term Sheets or policies, including the Data Protection Provisions (Exhibit A).

8.3 Assignment. Neither party may assign this Master Program Agreement without the other party's prior written consent, and attempted assignment in contravention of this Agreement shall be void and of no effect. Valid assignment of this Agreement will inure to the benefit of and be binding upon each party and its heirs, successors and assigns. Notwithstanding the foregoing, ABDC may, without notice, assign part or all of its obligations to any affiliate or may do so (or grant a security interest herein) in connection with any financing or securitization by ABDC or any corporate affiliate. Customer will notify ABDC of changes in ownership, name, business form (e.g., sole proprietorship, partnership or corporation), state of incorporation or formation, or any intent to sell, close, move or modify its operations prior to such change, sale, closure or modification, and provide other information ABDC reasonably requests.

8.4 EEO Requirements. ABDC and Customer each warrant it does not and will not discriminate against any employee or applicant for employment because of race, creed, color, national origin, religion, gender, sexual preference, veteran status, handicap or as otherwise prohibited by law and will meet affirmative action obligations imposed by law.

8.5 Independent Parties. This Master Program Agreement will not create a partnership, joint venture, agency, employment, fiduciary or other special relationship between ABDC and Customer or its employees or representatives. No representation to the contrary will be binding.

8.6 Attorneys' Fees. The successful party in any legal action may recover all costs it incurs, including reasonable attorneys' fees. Pennsylvania law governs this Master Program Agreement without reference to its conflict of laws provisions.

8.7 Dispute Resolution. Customer must first bring any claim or dispute under this Agreement to ABDC's management and make every effort to resolve the dispute internally before bringing a dispute before a third party. If the parties are unable to resolve any claim or dispute internally within 90 days, Customer agrees that any controversy or claim arising out of or relating to this Agreement, or the breach thereof, shall be determined by final and binding arbitration administered by the American Arbitration Association ("AAA") under its Commercial Arbitration Rules and

Mediation Procedures. Any arbitration award or decision may be filed in a court of competent jurisdiction for enforcement.

8.8 Third Party Beneficiaries. Other than ABDC's officers, directors, and/or employees, there are no other third party beneficiaries.

8.9 WAIVER OF CLASS ACTIONS. Customer waives the right to litigate in court or arbitrate any claim or dispute as a class action, either as a member of a class, or as a representative.

8.10 Compliance with Law; Healthcare Exclusions. Each party will comply with all laws, and maintain its eligibility to participate in Medicare, Medicaid and other federal and state healthcare programs. Customer will promptly disclose if it (or any of its pharmacists or pharmacy technicians or other employees) becomes an excluded entity or individual on an HHS-OIG or comparable list for Medicare, Medicaid or other federal or state healthcare programs.

8.11 Setoff. Without limiting ABDC's other legal rights, ABDC and its affiliates may withhold or setoff any amounts owed to Customer pursuant to this Master Program Agreement or Available Program, or take any other lawful actions, to recover any amount (including, but not limited to, principal, interest, costs, and reasonable attorneys' fees) owed by Customer to ABDC or its affiliates under this or any other agreements between ABDC (or its affiliates) and Customer, including but not limited to a Customer's distribution agreement or Credit Agreement with ABDC (or its affiliates). Any forbearance or delay in the exercise of any right or remedy hereunder or as otherwise afforded by law will not be a waiver of or preclude the exercise of any such right or remedy.

8.12 Ownership. Customer must disclose to ABDC, in writing, the identity of any and all Payors that, directly or indirectly, own an interest in Customer's business and/or otherwise exercise control over Customer's management.

8.13 Miscellaneous. Any waiver or delay in enforcing this Master Program Agreement will not deprive a party of the right to act at another time or due to another breach. All provisions are severable. This Master Program Agreement supersedes prior oral or written agreements by the parties that relate to its subject matter. It will only benefit the parties and will not, except as expressly provided, create or convey a benefit to anyone who is not a party. Captions are intended for convenience of reference only. "**Including**" means "including but not limited to." Except as provided, the parties may not modify this Master Program Agreement other than by a subsequent writing signed by each party. This Master Program Agreement will be interpreted as if written jointly by the parties.

STATE-SPECIFIC AMENDMENTS

Each provision of these state-specific amendments ("Amendments") to this GNP Premier Participation Agreement ("Agreement") will be effective only to the extent that jurisdictional requirements of such respective states' laws applicable to the Agreement are met independently of these Amendments. These Amendments have no effect if jurisdictional requirements are not met.

CALIFORNIA

The California Department of Corporations requires that certain provisions in franchise documents be amended to be consistent with California law, including the California Franchise Investment Law, CAL. CORPORATIONS CODE Section 31000 et seq., and the California Franchise Relations Act, CAL. BUS. & PROF. CODE Section 20000 et seq. To the extent the Agreement has provisions that are inconsistent with the following, such provisions are hereby amended:

a. California Business and Professions Code Sections 20000 through 20043 provide rights to Customer concerning nonrenewal and termination of the Agreement. The Federal Bankruptcy Code also provides rights to Customer concerning termination of the Agreement upon certain bankruptcy-related events. To the extent the Agreement has a provision is inconsistent with these laws, these laws will control.

b. If Customer is required in the Agreement to execute a release of claims, such release will exclude claims arising under the California Franchise Investment Law and the California Franchise Relations Act with respect to the offer or sale of the Agreement and the Premier Candidate Agreement.

c. If the Agreement requires payment of liquidated damages that is inconsistent with California Civil Code Section 1671, the liquidated damage clause may be unenforceable.

d. If the Agreement has a covenant not to compete which extends beyond the expiration or termination of the Agreement, the covenant may be unenforceable under California law.

e. If the Agreement requires litigation, arbitration or mediation to be conducted in a forum other than the State of California, the requirement may be unenforceable under California law.

f. If the Agreement requires that it be governed by a state's law, other than the State of California, such requirement may be unenforceable.

g. Section 8.6 of Exhibit C of the Agreement is hereby amended to state that the representations made in the Franchise Disclosure Document are not excluded from that on which Customer may rely.

HAWAII

a. No release language set forth in the GNP Premier Agreement shall relieve the franchisor or any other party, directly or indirectly, from liability imposed by the laws concerning franchising in the State of Hawaii.

b. The GNP Premier Agreement is hereby supplemented with the following provision:

Hawaii Law. Pursuant to Section 482E-6(3) of the Hawaii Revised Statutes, for so long as such statute remains in effect and so provides, upon termination or refusal to renew the franchise, Franchisee shall be compensated for the fair market value, at the time of termination or expiration of the franchise, of Franchisee's inventory, supplies, materials and furnishings purchased from the Franchisor or a supplier designated by the Franchisor, exclusive of personalized materials which have no value to the Franchisor. If the Franchisor refuses to renew a franchise for the purpose of converting the franchised business to one owned by the Franchisor, the Franchisor, in addition to the remedies provided in this paragraph, shall compensate Franchisee for the loss of goodwill. The Franchisor may deduct from such compensation reasonable costs incurred in removing, transporting and disposing of Franchisee's inventory, supplies, materials and furnishings pursuant to this paragraph, and may offset from such compensation any moneys due to the Franchisor.

c. Notwithstanding anything contained in the Franchise Agreement or Area Development Agreement to the contrary, you do not have to pay us the Initial Franchise Fee until we perform our pre-opening obligations under the Franchise Agreement and your first Franchised Business is open. Once we complete this obligation and you are open, you must immediately pay us all initial fees we deferred.

ILLINOIS

ILLINOIS ADDENDUM TO THE PARTICIPATION (FRANCHISE) AGREEMENT

Illinois law governs the Participation (Franchise) Agreement.

In conformance with Section 4 of the Illinois Franchise Disclosure Act, any provision in a franchise agreement that designates jurisdiction and venue in a forum outside of the State of Illinois is void. However, a franchise agreement may provide for arbitration to take place outside of Illinois.

Franchisees' rights upon Termination and Non-Renewal are set forth in sections 19 and 20 of the Illinois Franchise Disclosure Act.

Any condition, stipulation or provision purporting to bind any person acquiring any franchise to waive compliance with the Illinois Franchise Disclosure Act or any other law of Illinois is void.

While the Franchisor's Parent company has guaranteed to assume the duties and obligations of the Participation (Franchise) Agreement if the Franchisor is unable to do so – the Parent company's financial condition calls into question its ability to fulfill such a guarantee. Notwithstanding anything contained in the Franchise Agreement to the contrary, you do not have to pay us the Initial Franchise Fee until we perform our pre-opening obligations under the Franchise Agreement and your Franchised Business has commenced business operations. The Illinois Attorney General's Office imposed this deferral requirement due to Franchisor's financial condition.

Nothing in the Premier Participation Agreement (Franchise Agreement), related agreements, exhibits and Term Sheets are intended to disclaim the express representations made in the Franchise Disclosure Document.

There is no training program for this franchise opportunity.

b. In compliance with Indiana Code section 23-2-2.7-1(9), any provisions in the Franchise Agreement relating to non-competition upon the termination or non-renewal of the Franchise Agreement shall be limited to a geographic area not greater than the territory granted in the Franchise Agreement and shall be construed in accordance with Indiana Code section 23-2-2.7-1(9).

c. Indiana Code section 23-2-2.7-1(10) prohibits the choice of an exclusive forum other than Indiana.

d. Indiana Code section 23-2.2.7-1(10) prohibits the limitation of litigation. e. Indiana Code sections 23-2-2.7-1 (1) and 23-2-2.5-30 impose different time limitations for litigation brought for breach of the Agreement or violation of Indiana law in connection with the Agreement. f. In compliance with Indiana Code section 23-2-2.7-1 (10), any inference contained in the Franchise Agreement to the effect that the Franchisor "is entitled" to injunctive relief shall, when applicable to a Franchise Agreement executed

in and operative within the State of Indiana, hereby be deleted, understood to mean and replaced with the words "may seek."

g. Indiana Code sections 23-2-2.5 and 23-2-2.7 supersede the choice of law clauses of the Franchise Agreement.

h. Indiana Code section 23-2.2.7-1 makes it unlawful for a franchisor to terminate a franchise without good cause or to refuse to renew a franchise on bad faith.

i. In compliance with Indiana Code section 23-2-2.7-1 (5), any requirement that the Franchisee must execute a release upon termination of the Franchise Agreement shall not be mandatory and is hereby made discretionary. However, Franchisee shall execute all other documents necessary to fully rescind all agreements between the parties.

MARYLAND

The Maryland Securities Division requires that certain provisions in franchise documents be amended to be consistent with Maryland law, including the Maryland Franchise Registration and Disclosure Law, Md. Code Ann., Bus. Reg. §§ 14-201 - 14-233 (2004 Repl. Vol. and Supp. 2008) (the "Maryland Franchise and Disclosure Law "). To the extent that the Agreement has provisions that are inconsistent with the following, such provisions are hereby amended:

a. If Customer is required in the Agreement to execute a release of claims and/or to acknowledge facts that would negate or remove from judicial review any statement, misrepresentation or action that would violate Maryland Franchise and Disclosure Law, or a rule or order under the Maryland Franchise and Disclosure Law, such release will exclude claims arising under the Maryland Franchise and Disclosure Law, and such acknowledgments will be void with respect to claims under the Maryland Franchise and Disclosure Law relating to the offer and sale of the Agreement and related agreements.

b. If the Agreement requires litigation to be conducted in a forum other than the State of Maryland, the requirement will not be interpreted to limit any rights Customer may have under the Maryland Franchise and Disclosure Law to bring suit in the state of Maryland.

c. Any general release required as a condition of renewal, sale, and/or assignment/transfer will not apply to any liability under the Maryland Franchise and Disclosure Law.

d. The Agreement is hereby amended to reflect that any claims arising under the Maryland Franchise and Disclosure Law must be brought within 3 years after the grant of the franchise.

e. Based upon the financial information submitted, the Commissioner has determined that all fees paid to the franchisor by the franchisee, including payment for goods and services received from the franchisor before the business opens, shall be deferred pending satisfaction of all of the franchisor's pre-opening obligations to the franchisee.

f. The Maryland Franchise and Disclosure Law prohibits a franchisor from requiring a prospective franchisee to assent to any release, estoppel or waiver of liability as a condition of purchasing a franchise. The Agreement requires prospective franchisees to disclaim the occurrence and/or acknowledge the non-occurrence of acts that would constitute a violation of the Maryland Franchise and Disclosure Law. Such representations are not intended to nor will they act as a release, estoppel or waiver of any liability incurred under the Maryland Franchise and Disclosure Law resulting from the offer or sale of the franchise.

MINNESOTA

The Commissioner of Commerce for the State of Minnesota requires that certain provisions in franchise documents be amended to be consistent with Minnesota Franchise Act, Minn. Stat. Section 80.01 et seq., and of the Rules and Regulations promulgated under the Act (collectively the "Minnesota Act"). To the extent that the Agreement and Franchise Disclosure Document have provisions that are inconsistent with the following, such provisions are hereby amended:

a. The Minnesota Department of Commerce requires that ABDC indemnify Minnesota franchisees against liability to third parties resulting from claims by third parties that a franchisee's use of the Marks infringes trademark rights of the third party. ABDC does not indemnify against the consequences of Customer's use of the Marks except in accordance with the requirements of the Agreement, and, as a condition to indemnification, Customer must provide notice to ABDC of any such claim within ten (10) days after the earlier of (i) actual notice of the claim or (ii) receipt of written notice of the claim, and must therein tender the defense of the claim to ABDC. If ABDC accepts the tender of defense, ABDC has the right to manage the defense of the claim including the right to compromise, settle or otherwise resolve the claim, and to determine whether to appeal a final determination of the claim. If either the Agreement or the Franchise Disclosure Document has a provision that is inconsistent with the Minnesota Act, such provision will be superseded by the Minnesota Act's requirements and will have no force or effect.

b. Minnesota Act, Sec. 80C.14, Subd. 4., requires, except in certain specified cases, that Customer be given written notice of ABDC's intention not to renew 180 days prior to expiration of the franchise and that Customer be given sufficient opportunity to operate the franchise in order to enable Customer the opportunity to recover the fair market value of the franchise as a going concern. If either the Agreement or the Franchise Disclosure Document has a provision that is inconsistent with the Minnesota Act, such provision will be superseded by the Minnesota Act's requirements and will have no force or effect.

c. Minnesota Act, Sec. 80C.14, Subd. 3., requires, except in certain specified cases, that Customer be given 90 days notice of termination (with 60 days to cure). If either the Agreement or the Franchise Disclosure Document has a provision that is inconsistent with the Minnesota Act, such provision will be superseded by the Minnesota Act's requirements and will have no force or effect.

d. Minn. Rule 2860.4400(D) prohibits ABDC from requiring Customer to assent to a general release. If either the Agreement or the Franchise Disclosure Document requires Customer to execute a release of claims or to acknowledge facts that would negate or remove from judicial review any statement, misrepresentation or action that would violate the Franchise Act, such release will exclude claims arising under the Minnesota Act, and such acknowledgments will be void with respect to claims under the Minnesota Act.

e. Minnesota Statutes, Section 80C.21 and Minn. Rule 2860.4400(J) prohibit ABDC from requiring litigation to be conducted outside Minnesota, requiring waiver of a jury trial or requiring Customer to consent to liquidated damages, termination penalties or judgment notes. In addition, nothing in the Agreement or the Franchise Disclosure Document can abrogate or reduce Customer's rights under Minnesota Statutes, Chapter 80C or Customer's rights to any procedure, forum or remedies provided for by the laws of the jurisdiction.

f. Notwithstanding anything contained in the Franchise Agreement to the contrary, you do not have to pay us the Initial Franchise Fee until we perform our pre-opening obligations under the Franchise Agreement and your Franchised Business is open. Once we complete this obligation and you are open, you must immediately pay us all initial fees we deferred.

NEW YORK

The New York Department of Law requires that certain provisions in franchise documents be amended to be consistent with New York law, including the General Business Law, Article 33, Sections 680 through 695 (1989). To the extent that the Agreement has provisions that are inconsistent with the following, such provisions are hereby amended:

a. If the Agreement requires Customer to execute a release of claims or to acknowledge facts that would negate or remove from judicial review any statement, misrepresentation or action that would violate the General Business Law, or any regulation, rule or order under the Law, such release will exclude claims arising under the New York General Business Law, Article 33, Section 680 through 695 and the regulations promulgated thereunder, and such acknowledgments will be void. It is the intent of this provision that non-waiver provisions of Sections 687.4 and 687.5 of the General Business Law be satisfied.

b. If the Agreement requires that it be governed by a state's law, other than the State of New York, the choice of law provision will not waive any rights conferred upon Customer under the New York General Business Law, Article 33, Sections 680 through 695.

NORTH DAKOTA

The North Dakota Securities Commissioner requires that certain provisions in franchise documents be amended to be consistent with North Dakota law, including the North Dakota Franchise Investment Law, North Dakota Century Code Annotated Chapter 51-19, Sections 51-19-01 through 51-19-17 (1993) (the "Law"). To the extent that the Agreement has provisions that are inconsistent with the following, such provisions are hereby amended:

a. If Customer is required in the Agreement to execute a release of claims or to acknowledge facts that would negate or remove from judicial review any statement, misrepresentation or action that would violate the Law, or a rule or order under the Law, such release will exclude claims arising under the North Dakota Franchise Investment Law, and such acknowledgments will be void with respect to claims under the Law, as to the offer and sale of the Agreement.

b. Covenants not to compete during the term of and upon termination or expiration of the Agreement are enforceable

only under certain conditions according to North Dakota law. If the Agreement has a covenant not to compete that is inconsistent with North Dakota law, the covenant may be unenforceable.

c. The Commissioner has held that requiring franchisees to consent to the jurisdiction of courts outside of North Dakota is unfair, unjust or inequitable within the intent of Section 51-19-09 of the North Dakota Franchise Investment Law.

d. If the Agreement requires that law of a state other than North Dakota govern it, to the extent that such law conflicts with the North Dakota law, North Dakota law will control.

e. If the Agreement requires litigation, mediation or arbitration to be conducted in a forum other than North Dakota, the requirement may be unenforceable under the Law. Arbitration involving a franchise purchased in North Dakota must be held either in a location mutually agreed upon prior to the arbitration or if the parties cannot agree on a location, the location will be determined by the arbitrator.

f. If the Agreement requires payment of a termination penalty, the requirement may be unenforceable under the Law.

RHODE ISLAND

The Rhode Island Securities Division requires that certain provisions in franchise documents be amended to be consistent with Rhode Island law, including the Franchise Investment Act, R.I. Gen. Law. ch. 395 Sec. 19-28.1-1 -19-28.1-34 (the " Rhode Island Act"). To the extent that the Agreement has provisions that are inconsistent with the following, such provisions are hereby amended:

a. If the Agreement requires litigation to be conducted in a forum other than Rhode Island, the requirement is void under Rhode Island Act Sec. 19-28.1-14.

b. If the Agreement requires that it be governed by law of a state other than Rhode Island, to the extent that such law conflicts with the Rhode Island Act it is void under Sec. 19-28.1-14.

c. If Customer is required in the Agreement to execute a release of claims or to acknowledge facts that would negate or remove from judicial review any statement, misrepresentation or action that would violate the Rhode Island Act, or a rule or order under the Rhode Island Act, such release will exclude claims arising under the Rhode Island Act, and such acknowledgments will be void with respect to claims under the Rhode Island Act, as to the offer and sale of the Agreement.

SOUTH DAKOTA

a. Neither the franchisor nor any person identified in Item 2 has any material arbitration proceeding pending, or has during the 10-year period immediately preceding the date of this Disclosure Document been a party to concluded material arbitration proceedings.

b. Although the Franchise Agreement requires all arbitration proceedings to be held where the American Arbitration Association designates, the site of any arbitration started pursuant to the Franchise Agreement will be at a site mutually agreed upon by you and us.

c. We may not terminate the Franchise Agreement for a breach, for failure to meet performance and quality standards and/or for failure to make royalty payments unless you receive thirty (30) days prior written notice from us and you are provided with an opportunity to cure the defaults. Covenants not to compete upon termination or expiration of the Franchise Agreement are generally unenforceable in the State of South Dakota.

d. The laws of the State of South Dakota will govern matters pertaining to franchise registration, employment, covenants not to compete, and other matters of local concern; but as to contractual and all other matters, the Franchise Agreement will be subject to the applications, construction, enforcement and interpretation under the governing law of Pennsylvania.

e. Any provision in the Franchise Agreement restricting jurisdiction or venue to a forum outside of the State of South Dakota or requiring the application of the laws of another state is void with respect to a claim otherwise enforceable under the South Dakota Franchise Act.

f. Any provision that provides that the parties waive their right to claim punitive, exemplary, incidental, indirect, special or consequential damages may not be enforceable under South Dakota law.

VIRGINIA

The Virginia State Corporation Commission's Division of Securities and Retail Franchising requires us to defer payment of the initial franchise fee and other initial payments owed by franchisees to the franchisor until the franchisor has completed its pre-opening obligations under the franchise agreement.

WASHINGTON

In the event of a conflict of laws, the provisions of the Washington Franchise Investment Protection Act, Chapter 19.100 RCW will prevail.

RCW 19.100.180 may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise. There may also be court decisions which may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise.

In any arbitration or mediation involving a franchise purchased in Washington, the arbitration or mediation site will be either in the state of Washington, or in a place mutually agreed upon at the time of the arbitration or mediation, or as determined by the arbitrator or mediator at the time of arbitration or mediation. In addition, if litigation is not precluded by the franchise agreement, a franchisee may bring an action or proceeding arising out of or in connection with the sale of franchises, or a violation of the Washington Franchise Investment Protection Act, in Washington.

A release or waiver of rights executed by a franchisee may not include rights under the Washington Franchise Investment Protection Act or any rule or order thereunder except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel. Provisions such as those which unreasonably restrict or limit the statute of limitations period for claims under the Act, or rights or remedies under the Act such as a right to a jury trial, may not be enforceable.

Transfer fees are collectable to the extent that they reflect the franchisor's reasonable estimated or actual costs in effecting a transfer.

Pursuant to RCW 49.62.020, a noncompetition covenant is void and unenforceable against an employee, including an employee of a franchisee, unless the employee's earnings from the party seeking enforcement, when annualized, exceed $100,000 per year (an amount that will be adjusted annually for inflation). In addition, a noncompetition covenant is void and unenforceable against an independent contractor of a franchisee under RCW 49.62.030 unless the independent contractor's earnings from the party seeking enforcement, when annualized, exceed $250,000 per year (an amount that will be adjusted annually for inflation). As a result, any provisions contained in the franchise agreement or elsewhere that conflict with these limitations are void and unenforceable in Washington.

RCW 49.62.060 prohibits a franchisor from restricting, restraining, or prohibiting a franchisee from (i) soliciting or hiring any employee of a franchisee of the same franchisor or (ii) soliciting or hiring any employee of the franchisor. As a result, any such provisions contained in the franchise agreement or elsewhere are void and unenforceable in Washington. The undersigned does hereby acknowledge receipt of this addendum.

In lieu of an impound of franchise fees, the Franchisor will not require or accept the payment of any initial franchise fees until the franchisee has (a) received all initial training that it is entitled to under the franchise agreement or offering circular, and (b) is open for business.

WISCONSIN

The Wisconsin Department of Financial Institutions requires that certain provisions in franchise documents be amended to be consistent with Wisconsin Law, including The Wisconsin Fair Dealership Law, ch. 135, Wis. Stats. (the "Wisconsin Act"). To the extent that the Agreement has provisions that are inconsistent with the following, such provisions are hereby amended:

a. The Wisconsin Fair Dealership Law supersedes any provisions contained in the Agreement that are inconsistent with the Wisconsin Act.

MASTER PROGRAM AGREEMENT

1. TERM. The term of this Agreement ("**Term**") starts on its Effective Date and continues until all Available Programs have been terminated pursuant to Paragraph 5.0 of Exhibit C of the GNP Premier Agreement or as follows. Either party may terminate this Master Program Agreement or one or more Available Programs at one or more Pharmacies, with or without cause, at any time upon 60 days' written notice, although termination of specific Available Programs may be subject to restrictions or termination obligations as indicated on the applicable Term Sheet. Notwithstanding the preceding sentence, ABDC may immediately and at any time terminate or modify, as applicable, any Pharmacy's participation in any Available Program that includes eligibility qualifications, requirements, and/or criteria, as provided in applicable Term Sheets and/or enrollment forms, that such Pharmacy does not satisfy. Termination of less than all Available Programs at all Pharmacies will not terminate this Agreement with respect to any Available Program and Pharmacy that is not named in the termination notice.

2. FEES. Each Term Sheet states applicable per-Pharmacy fees. Some Available Programs require Customer to incur other expenses, which are Customer's responsibility. "**Premier**" fees apply to Pharmacy locations under a Good Neighbor Pharmacy Premier Participation Agreement ("**Premier Agreement**"). "**GNP**" fees apply to Pharmacies under a Good Neighbor Pharmacy Voluntary License ("**GNP License**"). "**Other**" fees apply to Pharmacies that do not participate in the Good Neighbor Pharmacy program and may be higher. Applicable fees may be increased on 60 days' written notice.

3. ABDC COMMITMENTS.

(a) **Programs and Services.** ABDC will provide Available Programs (subject to roll-out schedules and sequential program activation) in which Customer enrolls from time to time pursuant to applicable industry standards and laws and Term Sheets and program materials ABDC provides to Customer that prescribe or recommend standards, practices, procedures, policies and advice relating to the Available Program ("**Program Guides**"). In addition to written material, ABDC and others, including Payors under the Term Sheet for Elevate Provider Network, may publish Term Sheets, Program Guides, policies, procedures, exhibits and updates to each of these on AB Central or other websites they maintain, or make them available on request. A listing of current Available Programs and applicable Term Sheets are accessible on AB Central or from Customer's ABDC sales representative.

(b) **Statements of Work.** From time-to-time, Customer may engage ABDC to provide other goods and services including custom work or a special project with terms agreed pursuant to a "statement of work" and this Agreement.

(c) **Data Protection.** ABDC will protect and only use Pharmacy Data (as defined below) provided by or on behalf of a Customer pursuant to the Data Protection Provisions (Exhibit A) of the Premier Agreement in connection with any Available Program that involves access to Pharmacy Data and, in connection with any Available Program that involves access to protected health information (PHI in Exhibit B) as referenced in the HIPAA Business Associate Agreement (Exhibit B to the Premier Agreement), such as Elevate Provider Network, InSite, Pre & Post Edit Solutions, Claim Reconciliation Services, and Patient Engagement Center, to the Business Associate Agreement (Exhibit B or as otherwise agreed) under HIPAA, the HITECH Act and implementing regulations including the Privacy, Security, and Breach Notification Rules (each defined in Exhibit B).

4. CUSTOMER COMMITMENTS.

(a) **Program Agreement.** During the Term, Customer may request to enroll a Pharmacy in an Available Program by submitting the required Program Selection form(s) to request that ABDC begin providing the Available Program. For Available Programs that involve access to Pharmacy Data, Customer will sign a Data Authorization as part of enrollment.

(b) **Compliance.** Customer will comply with Term Sheets and Program Guides, including qualifications or other actions Customer must meet to be eligible, each as amended by ABDC from time to time. If Customer does not comply, it may not participate in such Available Program or, if it is participating, its right to do so may be revoked. Customer is responsible for acquiring and maintaining all equipment, software and services, including "Change Healthcare" claims switch services, or such services provided by another claims switch services provider approved by ABDC in writing, required for certain Available Programs, specified as necessary in Program Guides. Such items and services must be purchased from vendors meeting Available Program specifications to ABDC's reasonable satisfaction.

(c) **Payment**. Unless otherwise agreed, ABDC will bill fees monthly and add to the billed amount any applicable sales, use or other tax or charges, with payment due under terms of Customer's prime vendor agreement or ABDC's standard terms.

(d) **Use of Available Programs**. Customer may only use an Available Program for its own business and only at a Pharmacy that Customer has enrolled in such Available Program. Nothing supplied by ABDC under this Agreement, including performance measurements, business advice, or cost or price data, is a substitute for Customer's business and professional judgment or will dictate to Customer at what price to sell services, pharmaceuticals or other merchandise, except to the extent Customer and a third party each agree (including as a part of the Elevate Provider Network). Customer is fully responsible for use of data and advice obtained through Available Programs. Except as required by law, Customer must keep confidential and not disclose, redistribute,

reverse engineer, supply, license or sell any analyses, processes, advice or any other intellectual property of ABDC, including reports and methods, relating to Available Programs.

5. PROVISIONS AND POLICIES. ABDC may develop new or modify existing Available Programs and their policies and procedures, which are effective 60 days after they are made available or any shorter period specified in a Term Sheet. Customer consents to receiving notices, advertisements and other marketing materials by fax or email from ABDC and its corporate affiliates. Participation in an Available Program and all Term Sheets incorporate this Agreement and its Data Protection Provisions (Exhibit A), HIPAA Business Associate Agreement (Exhibit B or as otherwise agreed) and other terms, conditions and provisions (Exhibit C) by this reference. ABDC will provide notice by fax or email that a Term Sheet or the Data Protection Provisions (Exhibit A) has been updated.

Elevate Provider Network℠
Term Sheet

Certain capitalized words applicable to the Elevate Network are defined at the end of this Term Sheet. Capitalized words not herein defined have the meaning set forth in the Master Program Agreement and Exhibits thereto.

1. Program Description

a) Negotiated Payor Contracts and Central Pay. On behalf of Network Providers that join the Elevate Provider Network ("Elevate Network"), AmerisourceBergen Drug Corporation ("ABDC") negotiates and enters into written agreements with Payors ("Payor Contracts"). By entering into the Elevate Network as a Network Provider, Customer hereby authorizes ABDC to negotiate with Payors on behalf of Network Provider and to enter into such Payor Contracts, and Network Provider agrees to be bound by such Network Contracts. Payor Contracts encompass a variety of areas, including, but not limited to, pharmaceutical-product reimbursement rates that may be tied to individual or Elevate Network-wide aggregate performance (such as STAR quality measures) or financial metrics (such as network-wide aggregate brand or generic effective rates) for Network Providers to provide Covered Services to Members. Most Payors pay Network Providers for Covered Services through Central Pay.

b) Elevate Advanced Features. Network Providers will be concurrently enrolled in the Elevate Advanced Features (Term Sheet 2) which requires Network Providers to utilize Claims switch services provided by Change Healthcare or other Claims switch service provider approved by ABDC in writing. Network Providers may request to opt out of Elevate Advanced Features, which Elevate Network may, in its sole discretion, allow without reduction in the monthly fee. Please see the Term Sheets specific to the Elevate Advanced Features for program descriptions and terms and conditions.

2. Pricing and Availability

Premier: Required; no additional fee
GNP: $189/month (incl. Elevate Advanced Features)
Other: $189/month (incl. Elevate Advanced Features)

Additional fees may apply for stores processing more than 10,000 Claims in a month.

Additional data fees may apply for stores that use alternative, approved switch service providers for Elevate Advanced Features.

3. ABDC Responsibilities

a) Payor Contracts. ABDC enters into Payor Contracts on behalf of the Elevate Network for Payor participation and arranges for payment of Claims through Central Pay. Payor Contracts, take effect for each Network Provider as Payors recognize its participation. ABDC makes no representation or warranty, including any implied warranty, about Payors, financial viability of individual rates or networks, and ABDC assumes no fiscal responsibility for any Claims. ABDC is not a surety or guarantor for Claim payment; nor is ABDC a fiduciary beyond what has been expressly granted in Section 4 (a). In no event shall ABDC be obligated to pay Customer for any services rendered by each Network Provider if ABDC has not received monies from Payor with respect to the Network Provider that is sufficient to pay for such services.

b) Help Desk and Other Services. ABDC provides help desk service during normal business hours, publishes newsletters and provides other Claims assistance.

c) Disputes. Nominal fees paid by Network Providers are for simplified access to Payor Contracts through the Elevate Network. Fees are not sufficient, nor does this Available Program have resources, to resolve reimbursement, payment, audit and other disputes arising among Customer and Payors or others, including current or Former Participants, or other Network Providers. Payor's dispute resolution processes, including Network Provider rights and obligations, are outlined in the respective Elevate Documents. As a courtesy, ABDC may assist with initial investigations of such disputes to clarify their nature and attempt prompt resolution. Customer authorizes ABDC to provide information related to such disputes to Payors, including invoices from ABDC's records and supporting material provided by Customer, and to receive information and documents related to disputes from Payors.

d) Promote Elevate Network. ABDC promotes the Elevate Network to Payors, including reporting to Payors specific capabilities, services and accreditations of individual Network Providers.

e) Central Pay. ABDC makes EFT deposits to Customer's account(s) after ABDC matches payment received from a Payor on Customer's Network Provider(s) behalf with corresponding electronic EOBs , less fees and any other charges, withholds, or offsets imposed under this Agreement. For Network Providers in good standing with ABDC and Payors, ABDC makes commercially reasonable efforts to wire bank instructions within (1) business day after receiving funds and matching EOBs, and within one week for all others, with funds generally available the following day.

f) Central Pay System. ABDC makes available a web-based portal with defined security protocols, for Customer to access, print and download EOBs, including Claim, payment and deposit detail for up to the prior thirty-six (36) months by Network Provider. Network Providers may also receive Claim reimbursement information via email, fax or mobile applications. Former Participants will lose access to Central Pay twelve (12) months after the last payment is received by a Payor.

g) Outside Reconciliation Vendors. As an alternative to the reconciliation services included under Elevate Advanced Features, ABDC collaborates with other pharmacy system and reconciliation service providers that meet ABDC's specifications ("Outside Reconciliation Vendors") and provides

automated EOBs to Network Provider's Outside Reconciliation Vendor or for direct import into Network Provider's pharmacy system (not widely available). ABDC charges each Network Provider or its Outside Reconciliation Vendor a $55.00 per month fee to provide automated EOBs.

4. Customer Responsibilities

a) Grant Authorization to Elevate Network. By enrolling in this Available Program, Customer represents and warrants that it has (i) executed a Master Program Agreement ("MPA") with ABDC, and (ii) the legal authority to enter into the MPA and all related Term Sheets for each Network Provider. Customer hereby grants its authority to Elevate Network: (i) to serve as its contracting agent to negotiate and execute Payor Contracts on behalf of Network Provider(s) pursuant to which Network Provider(s) will be bound and comply with all such terms and conditions; (ii) to collect and receive on Network Provider's behalf, accounts receivable generated by billings and Claims for reimbursement; and (iii) to deposit into ABDC's Central Pay account any remuneration provided under or in connection with Payor Contracts on behalf of Network Provider(s).

b) Acceptable Star Ratings. Certain Payors may use aggregate performance network-wide Star ratings as determinants in reimbursement formulas. Network Provider(s) must use reasonable efforts to achieve and retain an average star rating of 3.0 or higher.

c) Licensing, Training & Elevate Documents. Each Network Provider will comply with the Elevate Documents and with this Term Sheet. Elevate Documents and updates may be published on one or more web-based portals maintained by ABDC or Payors. Upon request, and upon Network Provider's execution of a Non-Disclosure Agreement, ABDC will provide current copies of Elevate Documents, including Payor Contracts or direct Network Provider to online resources. For specialized Covered Services, such as long-term care, compounding, home infusion, or immunization, each Network Provider and its employees must meet applicable licensing, training and other requirements and otherwise comply with applicable laws and obligations under the Elevate Documents

d) Enrollment. Where Payor Contract enrollment requires additional materials to be submitted, Customer will promptly and accurately complete enrollment materials, initiate access for each authorized user, prevent disclosure or misuse of passwords, and promptly validate receipt of test deposits to its account for each Network Provider. Customer will promptly update such information on request and upon changes in Network Provider's ownership, licensing, disciplinary history, banking, payment instructions, or other information provided in enrollment materials and updates and otherwise comply with Program Guides. Not all Payors use Central Pay, and some require separate enrollment materials.

e) Outside Reconciliation Services. By directing ABDC to provide EOBs to its Outside Reconciliation Vendor, Customer authorizes ABDC as its business associate to provide protected health information and other Pharmacy Data and warrants to ABDC that it has all required agreements in effect for each Network Provider, including business associate agreements. Customer will promptly notify ABDC if any such agreement terminates so ABDC discontinues disclosure. Outside Reconciliation Vendors each determine pricing and features, which Customer must determine are compatible with its systems.

f) Dispute Liability. While ABDC may provide courtesy assistance with disputes under Paragraph 3(c), Customer is solely responsible for its relationships with Payors, including responding to, defending and resolving any and all Payor disputes (including legal expenses) and paying any amounts owed as a result of a dispute. Network Provider must notify ABDC if it has an existing dispute with a Payor or initiates any dispute process with a Payor.

g) Central Payments and Offsets. Customer acknowledges and agrees that ABDC may withhold or offset Central Pay amounts owed to Network Provider(s) in the event of an audit, investigation, network and individual obligations related to Payor Contracts, or other disputed amount between the Payor and a Network Provider. Customer agrees to reimburse ABDC in full and to indemnify ABDC for any offset taken by a Payor against a Network Provider. In addition, ABDC may, in advance, reduce or delay or offset other payments to a Network Provider, including without limitation payments from another Payor, if in ABDC's reasonable determination an anticipated offset by a Payor may result in a negative balance for such Network Provider. In such a case, Customer expressly authorizes ABDC, at its discretion and based on its best judgement and information, to withhold an amount of funds which may be at issue between Network Provider and Payor. If Customer incurs a negative balance under Central Pay, ABDC may, at its option: (i) withhold funds from future payments until such time as such Network Provider's balance under Central Pay is zero dollars or above, (ii) debit Network Provider's bank account for the negative amount, or (iii) invoice Network Provider for such negative amount, which sum will be due and payable with five (5) days following Network Provider's receipt of invoice. Finally, without limiting ABDC's other legal rights, ABDC and its affiliates may withhold or setoff Central Pay amounts owed to Network Provider, or take any other lawful actions, to recover any amount (including, but not limited to, principal, interest, costs, and reasonable attorneys' fees) owed by Customer to ABDC or its affiliates under this or any other agreements between ABDC (or its affiliates) and Customer, including but not limited to a Customer's distribution agreement or Credit Agreement with ABDC (or its affiliates). Any forbearance or delay in the exercise of any right or remedy hereunder or as otherwise afforded by law will not be a waiver of or preclude the exercise of any such right or remedy.

h) Network-wide Aggregate Performance Payor Contracts. Customer acknowledges that reimbursement rates can be tied to individual and network-wide performance or financial metrics (such as brand and/or generic effective rates) that may result in periodic or post-year-end recoupments from Network Provider(s) to meet individual or aggregate network-wide financial obligations under certain Payor Contracts. Accordingly, if a Network Provider's performance under a network-wide Payor Contract has a materially adverse impact on the Elevate Network as a whole, Elevate may either initiate holds as outlined above to mitigate the adverse impact or seek to de-affiliate Network Provider from the Payor Contract or the

Elevate Network as a whole. Network Providers that terminate prior to the end of the calendar year will be reconciled by ABDC pursuant to Section 10(c) below.

i) Elevate Network Goodwill. Because operation and appearance of each Network Provider reflects on other Network Providers, Customer will use its best efforts to operate each Network Provider with diligence and vigor, and maintain the highest possible ethics, maintain its facilities and personnel in a manner that is a credit to the community and reflects the high standards and quality of Network Providers and the Elevate Network.

j) Exclusivity; Payor Contracts. By enrolling as a Network Provider, Customer authorizes ABDC to be Network Provider(s)'s exclusive contracting entity for Payor Contracts and Central Pay for such Network Provider. A Network Provider may contract directly with certain Payors but ABDC may terminate this Term Sheet if an enrolled Network Provider designates another pharmacy services administration organization (PSAO) or other party as a contracting entity for Payor Contracts and Central Pay without ABDC's prior written approval, with termination effective at the earlier of the date such designation is effective or thirty (30) days after ABDC's termination notice under this Paragraph 4(j).

k) Covered Services. Network Provider must provide Covered Services to all Members pursuant to Elevate Documents, and each Network Provider and pharmacists must be fully licensed to do so. In addition, each of Customer's Network Provider(s) must maintain an unrestricted certification from the U.S. Drug Enforcement Agency.

l) Accept Payor Reimbursements. Customer authorizes ABDC to receive payment and EOBs from Payors for each Network Provider and make deposits to Customer's account(s) and initiate adjustments for entries as determined by ABDC or a Payor through a Network Provider audit or for obligations related to Payor Contracts, as determined by ABDC or a Payor in accordance with a Payor Contract. Customer will accept negotiated compensation, inclusive of copayments and charges, as full payment for Network Provider providing Covered Services.

m) Protect Confidential Information. Customer must protect all Confidential Information of ABDC and Payors pursuant to Paragraph 7 of this Term Sheet, Paragraph 4.0 of Exhibit C (Provisions) and the Elevate Documents, including methods of doing business, any information related to performance under Elevate Documents, or any lists of customers, clients, Payors, claim processors or other Network Providers. Except as required by law, Customer may not use or disclose any such Confidential Information for its own benefit or the benefit of any other party without prior written consent. Customer will comply with Payor advance notice requirements prior to disclosure of Confidential Information.

n) Insurance Coverage. Customer will for each Network Provider maintain and provide evidence of commercial general liability insurance and professional liability insurance (including druggist's liability coverage) with limits of at least $1,000,000 per incident and $3,000,000 annual aggregate (or such higher limits as ABDC may reasonably require) for claims arising out of bodily injury, property damage, personal injury and advertising injury, as well as such other insurance as required by Payors. Commercial general liability insurance will be underwritten on an "occurrence" basis covering activities, acts and omissions of Network Provider(s) and its personnel and will include ABDC and its corporate affiliates as additional insured. During the Term, such insurance will be evidenced by a certificate of insurance that provides ABDC with at least thirty (30) days' written notice of cancellation, non-renewal or material change. Customer will provide ABDC with a copy(s) of such policy(s) and each renewal prior to expiration to remain in good standing. Any pharmacist or other healthcare professional providing Covered Services who is not separately insured by policies with similar coverage and limits must be covered on Network Provider's insurance. Lower limits in any Payor Contract or related material do not override coverage limits in this Paragraph 4(n).

o) EEO Requirements. Customer warrants that it's Network Provider(s) does not and will not discriminate against any employee or applicant for employment because of race, creed, color, national origin, religion, gender, sexual orientation or preference, veteran status, handicap or as otherwise prohibited by law and will meet affirmative action obligations imposed by law.

p) Compliance with Distribution Agreement. Participation as a Network Provider is intended for Customers operating under a distribution agreement with ABDC naming ABDC as Network Provider's primary vendor of pharmaceutical products. Customer must be in compliance with the terms of its distribution agreement or Network Provider(s)'s participation in Elevate Network may be revoked.

5. Changes to Elevate Documents

a) Terms. Customer's Network Provider(s) will comply with Elevate Documents which ABDC or Payor may amend as it determines is appropriate in its sole discretion. ABDC or Payor will give Customer notice of material changes and an opportunity to accept such new provisions or to withdraw from the affected Elevate Document (to the extent available) or the Elevate Network. Elevate Documents and this Term Sheet are the entire agreement related to Customer's and its Network Provider's participation in the Elevate Network.

b) Conflicts, Superiority. For any conflict between this Term Sheet and any Elevate Document, the order of precedence (with the first being controlling) is: (1) the Elevate Documents comprising Payor materials; (2) all other Elevate Documents; and (3) this Term Sheet, unless specifically stated otherwise that this Term Sheet supersedes such conflict.

6. Payor Contract Obligations. Customer's obligations include but are not limited to the following:

a) Maintain Records. Customer will maintain for each Network Provider all records and other information required by law or for proper administration of Covered Services under Elevate Documents.

b) Confidentiality. Customer and ABDC will each safeguard confidentiality of Member health records as required by law and ensure that any subcontractors do so. Customer will ensure that each Network Provider complies with all applicable confidentiality requirements. As required, ABDC and Customer entered into a HIPAA Business Associate Agreement (Exhibit B or as otherwise agreed).

c) Access to Records. During Term and thereafter, Customer will maintain for each Network Provider adequate records and other information related to Covered Services provided to Members for seven (7) years or any longer period required by law or Elevate Documents. To the extent required by a Payor Contract or other Elevate Document, Payors may examine and audit Network Provider's records and other information that relates to Elevate Documents upon reasonable notice and at reasonable times.

7. Use of Information

a) Ownership of Confidential Information. As among Customer, ABDC and Payors, each party is the sole owner of its Confidential Information.

b) Use of Certain Data. Payors provide performance data for Covered Services for the Elevate Network to ABDC. Such information is Confidential Information that may be used and disclosed by ABDC if it safeguards confidentiality of Member health records.

c) Marketing and Benefit Information. ABDC and Payors may use each Network Provider's name, address and other contact information in communications related to available benefits and information about Covered Services for Members. Customer may only refer to or list ABDC, Elevate Network or Payors in advertising, media announcements or promotional or other material in compliance with this Term Sheet and Elevate Documents. Customer will promptly discontinue any such use if ABDC notifies Customer it is disapproved.

d) Pharmacy Data Authorization. Pharmacy Data (including Claims and payment detail received from Payors) is retained in the InSite pharmacy performance management system from ABDC for all Network Providers. Customer authorizes ABDC to receive Pharmacy Data from Payors and third-party vendors for each Network Provider. Customer authorizes access to Pharmacy Data by ABDC and its managed care specialists pursuant to the Data Protection Provisions (Exhibit A) to assist Customer, file a MAC price appeal with a Payor, measure Payor and Network Provider compliance and performance, improve negotiations and assist and promote Network Providers with Payors. Customer authorizes ABDC, as its business associate, to combine Pharmacy Data with similar data received as a business associate of multiple covered entities, and to use such cumulative data to prepare reports, analyses and compilations relating to business performance and market trends to benchmark Customer and other covered entities against peer groups to improve all parties' overall efficiency and performance of healthcare operations. De-identified data may be disclosed to third parties if Network Provider(s) is unidentifiable as its source.

e) EQuIPP^{tm} Data Authorization. Customer authorizes ABDC to receive EQuIPP performance data from Pharmacy Quality Systems and to share the findings with members of ABDC's sales force and Customer's buying group (if any). If Network Provider participates in Advanced Features, EQuIPP performance data may also be shared with PrescribeWellness (a Transaction Data Systems Solution) to provide Network Provider a consolidated view of performance.

8. General

a) Independent Parties. Pursuant to Paragraph 8.5 of Exhibit C (Provisions), Network Provider, ABDC and each Payor are independent contractors. Customer is solely responsible for operating and maintaining its Network Provider's facilities, equipment and software and for providing Covered Services to Members. All medical, clinical and related decisions with respect to Covered Services are made solely by Customer and its personnel and not by ABDC or others. The relationship between a Member and Network Provider is subject to all requirements and privileges of the pharmacist-patient relationship.

b) Adverse Actions. In addition to fraud, waste and abuse or other periodic compliance attestations and any reporting obligations under Elevate Documents, Customer must immediately notify ABDC if a dispute with a Payor and a Network Provider(s) is initiated or anticipated, its Network Provider's pharmacy license is suspended, any action or restriction may affect Network Provider(s) ability to meet its obligations, including those by a licensing agency (board of pharmacy, DEA, etc.), or it or any owner, Network Provider, or employee is an excluded entity on an HHS-OIG or comparable federal or state list(s) for Medicare, Medicaid, General Services Administration (GSA) System for Award Management (SAM) and other healthcare services ("Adverse Actions")(see WWW.OIG.HHS.GOV/FRAUD/EXCLUSIONS/LISTOFEXCLUDED.HTML). Customer must comply with any separate reporting obligations required of Network Providers by Payors with respect to Adverse Actions or other events.

9. Termination

a) Termination. In addition to termination without cause under the Master Agreement, the parties may terminate for cause pursuant to Paragraph 4(h) of this Term Sheet or Paragraph 5.0 of Exhibit C (Provisions). Additionally, ABDC may terminate for cause upon written notice to Customer if Customer or its Network Provider(s) fails to perform, in any material respect, its obligations under Elevate Documents and its failure is not cured within 30 days (or any shorter cure period in a Payor Contract or related material). Such notice will describe the nature of the failure and action required to cure the default, if a cure is possible. ABDC may immediately and in its sole discretion terminate a Payor Contract with respect to a Network Provider upon notice to Network Provider(s) ("De-Affiliation"). Upon Network Provider's De-Affiliation from a particular Payor Contract, such Network Provider will no longer receive Central Payments from that Payor and will need to contract directly with such Payor to remain in the Payor's network.

b) Immediate Termination. Notwithstanding the previous paragraph, ABDC or a Payor may terminate an Elevate Document immediately with respect to a Network Provider, and ABDC may terminate this Term Sheet immediately, without advanced notice, if Network Provider (i) provides a product or service to any Member that is contaminated, adulterated or does not otherwise meet legal or professional standards, (ii) violates any federal, state or local law applicable to compounding, sale, dispensing, storage, packaging or use of products or services to Members, (iii) cannot provide Covered Services due to an Adverse Action or otherwise, or (iv) commits an act or omission that gives a Payor the right to immediately terminate Network

Provider from a Payor Contract as determined by the Elevate Documents.

c) Effect. Termination of this Term Sheet in its entirety by ABDC will terminate Network Provider as to all Payor Contracts. Termination by ABDC or a Payor of one or more Network Providers will not cause termination of other Network Providers. Termination by one Payor of a Network Provider will not result in termination of other Payors as to that Network Provider. Termination of this Term Sheet or a Payor Contract with respect to either a Network Provider or a Former Participant for any reason shall not affect the rights and obligations of the Payor, Network Provider, and/or Former Participant arising out of any transactions occurring prior to the effective date of such termination. In the event a Network Provider and/or Former Participant(s) has incurred financial obligations to a Payor under a Payor Contract from the Elevate Network, such Former Participant acknowledges and agrees that such applicable Payor is permitted to deduct such financial obligations from Payors' then current financial obligations to such Former Participant or Network Provider.

10. Termination Obligations

a) Withholding for Payor Obligations. Upon notice of termination to a Network Provider of this Term Sheet for any reason, ABDC will withhold 1) a security deposit of $10,000 or 10% of such Network Provider's prior 12-month average deposits, whichever is greater ("Security Deposit"), to cover typical post-termination Payor adjustments and obligations, and 2) any amounts necessary to satisfy Former Participant's reasonably anticipated or then outstanding liabilities to ABDC or a Payor under Paragraphs 4(g), (h) and (l) (e.g., audit, Claim reversals, BER, GER, and/or DIR based on best available data).

b) Post-Termination Deposits and Security Deposits.

Notwithstanding Paragraph 5.2 of Exhibit C (Provisions), ABDC will make EFT deposits under Paragraph 3(e) to Former Participant to extent that the net balance exceeds its Security Deposit and any amounts withheld under Paragraphs 4(g), (h), (l), and 10(a)(2). ABDC may charge Former Participant a nominal processing fee for each deposit after termination.

Subject to reduction or delay under this Paragraph 10(b) or Paragraphs 4(g), (h), and (l), ABDC will pay Former Participant any remaining Security Deposit once there has been no account activity for 180 days, and any outstanding obligations have been satisfied, or invoice Former Participant any negative amount, which Former Participant shall promptly pay. Any new Payor activity post termination will restart the 180-day time period. By way of example, if there is Payor activity at day 179 following Former Participant's termination from the Elevate Network, the 180-day clock will begin again, and will continue to be reset each time there is new Payor activity. Notwithstanding anything herein to the contrary, in ABDC's discretion, at the end of the initial 180 days, ABDC may evaluate the account's activity and reduce some or all of Former Participant's Security Deposit.

c) Reconciliation of Aggregate Network-Wide Performance Payor Contracts. The amount owed by Former Participant shall be determined by ABDC based on data provided to ABDC by the applicable Payor(s). ABDC's resulting calculation shall constitute the final allocation of financial liabilities owed by such Former Participant to a Payor under such Payor Contract for the applicable time period.

ABDC has the discretion to initiate a final allocation of all Former Participant's liabilities owed to a Payor under an aggregate network-wide performance Payor Contract.

The financial liabilities owed by a Former Participant to a Payor may be recouped by ABDC through (i) withholding funds under Section 4(g) or Section 10; (ii) invoicing a Former Participant; and/or (iii) permitting the direct recoupment by a Payor from the Former Participant's then current payments.

Upon ABDC's final allocation to a Former Participant, in the event that any previously withheld funds under Section 10(a)(2) exceed the amount of ABDC's final allocation of financial liabilities and all other liabilities owed, ABDC will release any excess funds to Former Participant.

3. **Performance Measurements and Rebate Table**

Currently, Star Measure Ratings used for the rebate calculation are based upon, and determined at such time as, the most recent ratings data provided to AmerisourceBergen by EQuIPP™ and where necessary directly from MTM Providers and others. ABDC calculates the average score used for the Five-Star Rebate calculation. Where rating thresholds vary between MAPD and PDP plans, the higher of the two is used. Where ratings are not available from EQuIPP a rating of 3.0 is used. In the future, ABDC may adopt alternative sources of STAR measures; calculate the measures ourselves using Pharmacy Data, as well as use alternative techniques to stratify pharmacy performance such as percentiles.

4. Eligibility

The Five-Star Rebate is available to retail, independent pharmacies not affiliated with a buying group or whose buying group participates in the program. Eligibility requirements vary by participating buying group affiliation (if any) – you may consult with your buying group for additional eligibility requirements. 6. Helping Improve Purchase Performance

In coordination with your buying group (if any) we equip our teams and your buying group with the results of matching dispensed quantities to wholesale purchase quantities so we can collectively work with you to identify missed opportunities and assist you in optimizing your purchase performance and rebate opportunities.

7. Helping Improve Star Ratings Through Five-Star Safety Net Service

To assist Customer in improving Star Ratings, ABDC has enhanced the Patient Engagement Center to identify patients at risk of non-adherence and to place in advance of patient's refill due date proactive automated text or voice messages to patients whose previous fill was late. Automated text or voice refill reminders may also be used for patients with late refills. Certain patients may receive live calls from a licensed pharmacist or pharmacy technician. Active participation in the standard Patient Engagement Center offering (Term Sheet 2C) is required to participate in the Five-Star Safety Net service.

8. **ABDC Generics Rebate Table**

Only one level of Five-Star Rebate is paid per pharmacy. Rebate performance will be measured at the end of each calendar quarter and credits issued directly to Customer within six weeks of quarter end. Unsaleable Returns
Term Sheet

1. Program Description
ABDC's unsaleable returns program ("Program") provides pharmacies with a comprehensive solution for the proper disposal of unsaleable pharmaceutical products and includes all processing, shipping, and destruction costs, while allowing pharmacies to optimize the recoverable value of returned products. The Program is available to retail, independent community pharmacies and long-term care pharmacies.

2. Contract Returns Processor
ABDC utilizes a third party as its designated Contract Returns Processor (currently Inmar Inc.). Customer must be authorized by ABDC to participate in the Program. Customer must use the portal to administer and process returns which are shipped directly to Inmar and processed for manufacturer credit once each month. Returns received after the published cutoff dates are processed the following month. Unsaleable products should be returned during the month the product expires as printed on the container as certain manufacturers do not issue credit for products returned earlier than three months before the expiration date. Customers track returns activity on the portal including details of products deemed eligible for manufacturer credit and reasons for products deemed not eligible. Reports are on the portal.

3. Credit Valuation

a) **Base Program.** Credit issued to Customer is based on the actual credit received from the manufacturer less Program fees to cover all shipping charges, processing and disposal costs, and financial reconciliation costs incurred by ABDC. Customer will receive a check for 80% of the manufacturer credit for eligible prescription products and 70% of the manufacturer credit for eligible non-prescription healthcare products.

b) **GNP Premier Program.** If Customer is a GNP Premier member, Customer may be issued a credit in advance of ABDC receiving credits from the manufacturer based on the Estimated Recovery Value ("ERV"). The ERV is calculated by ABDC based on the applicable manufacturer's return goods policies (which vary) and the manufacturer's credit issuance practices. Customer will receive a credit in the form of a check for the equivalent of 80% of the ERV for eligible, prescription products and 70% of the ERV for eligible, non-prescription healthcare products. The reduction of the ERV amount reflects a fee retained by ABDC for its services and costs incurred to manage the program including shipping charges, processing and disposal costs, and financial reconciliation costs.

ABDC may adjust the ERV and credit amount at its discretion to reflect changes in manufacturer credit calculations and issuance policies. The amount credited to the Customer is not contingent on manufacturer issuing credit to ABDC, excluding the following conditions ("Exclusions"): unusually large quantities of product are returned through the Program; returned products not purchased from ABDC; manufacturer making payments directly to Customer; and manufacturer selling products on a non-returnable basis. Adjustments to reported ERV after products returns are received by Contract Returns Processor and resulting check amounts paid to Customer may occur for such Exclusions.

Contract Returns Processor's on-line portal may not always reflect most current ERV but provides the final credit amount issued to Customer in the form of a check. The products not eligible for ERV credit may be accepted by the Contract Returns Processor for disposal (but will not be returned to Customer). ABDC may adjust the fees retained or implement ancillary fees for certain services as necessary.

4. Payments

a) **Base Program**. Customer receives a monthly check that includes all manufacturer credits issued, on Customer's behalf, to ABDC during the previous month.
b) **GNP Premier Program**. If Customer is a GNP Premier member, Customer receives a single check for the eligible products returned to the Contract Return Processor during the monthly return period. The check will be issued within 45 days of the close of the return period when processed returns are reported by the Contract Returns Processor.

5. Premier Franchisee Benefits

a) On-Site Assistance. Quarterly on-site assistance is available to *Good Neighbor Pharmacy* Premier Members that are in good standing. On-site services include processing of returns, packing and shipping of returned products, printing inventory manifests, and requesting Form 222 for CII Products. Such services are provided by Retail Merchandising Specialists and are optional. Eligible products may be returned directly to the Contract Returns Processor between on-site visits.
b) Prefunded Value. Customer's monthly check amount is based on the credit valuation described in 3(b) and is issued within 45 days of the end of the monthly reporting period. The customer is not required to reconcile the return claims to the manufacturers and the payment issued by manufacturers, which can take several months, enhancing cash flow and reducing expense.

6. Products Included
a) Prescription products, including controlled substances.
b) Full and partial containers.
c) Over-the-counter healthcare products in full containers.
a) **7. Products Not Eligible for Credit** Products not purchased from ABDC and ineligible per manufacturer return policy or credit issuance.
b) Products not in manufacturer's original container.
c) Products returned outside manufacturer allowable dates.

d) Products that are private labeled (e.g. *Good Neighbor Pharmacy*)
e) Products that are non-pharmaceuticals such as medical equipment and home healthcare aids.

8. Recalled Products

a) Recalled products may be returned by Customer directly to manufacturers or the manufacturer's returns processor according to the manufacturer's recall instructions issued at the time of the recall.
b) Recalled products may also be returned through this Program, and credit received according to the credit valuation terms in Section 3.

9. Other Terms

a) Other terms and conditions provided or required by the Contract Returns Processor (e.g., no acceptance of products that are leaking, broken, tampered with, contaminated, or otherwise soiled, etc.) may apply.
b) This Program does not cover unsaleable products returned to Customers' servicing distribution center.
c) This Program does not cover saleable products or Good Neighbor Pharmacy private label products each of which should be returned directly to Customer's servicing distribution center in accordance with ABDC's standard returns policy.
d) Customer must comply with shipping, product handling and disposal, and return authorization requirements, including but not limited to DOT, FDA, HIPAA, and EPA requirements and applicable federal, state, and local laws.

10. Long-Term Care Pharmacies

Non-prescription products and excessive returns not in original manufacturer's packaging are not eligible for return.

11. Customers located in the State of Georgia

To comply with Georgia regulations, the following terms apply: (i) invoice credits are issued within 60 days after processing; (ii) prescription healthcare products must be purchased from ABDC to be eligible for credit; (iii) non-prescription healthcare products may be returned for disposal, but no credit is issued, (iv) products must be returned only after the product has expired and must be processed by Contracts Returns Processor within six months afterthe expiration date; and (v) the credit amount is based on Customer's purchase price from ABDC less a 7% fee.

All other terms and conditions of the Master Program Agreement, including limitation of liability, indemnification and other defined terms, are incorporated by reference into this Term Sheet.

Report of Independent Registered Public Accounting Firm

To the Stockholders and the Board of Directors of AmerisourceBergen Corporation

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of AmerisourceBergen Corporation and subsidiaries (the Company) as of September 30, 2022 and 2021, the related consolidated statements of operations, comprehensive income, stockholders' equity, and cash flows for each of the three years in the period ended September 30, 2022, and the related notes (collectively referred to as the "consolidated financial statements"). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Company at September 30, 2022 and 2021, and the results of its operations and its cash flows for each of the three years in the period ended September 30, 2022, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical Audit Matters

The critical audit matters communicated below are matters arising from the current period audit of the financial statements that were communicated or required to be communicated to the audit committee and that: (1) relate to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the consolidated financial statements, taken as a whole, and we are not, by communicating the critical audit matters below, providing separate opinions on the critical audit matters or on the accounts or disclosures to which they relate.

Legal Matters and Contingencies - Opioid Lawsuits

Description of the Matter

As discussed in Note 13 of the consolidated financial statements, the Company is involved in a significant number of lawsuits with counties, municipalities, and other governmental entities in a majority of U.S. states and Puerto Rico, as well as numerous states and tribes relating to the distribution of prescription opioid pain medications ("opioid litigation"). The Company recognizes a liability for those legal contingencies for which it is probable that a liability has been incurred at the date of the consolidated financial statements and the amount is reasonably estimable. The Company has recognized a $6.0 billion liability related to the opioid litigation as of September 30, 2022 and has disclosed that it is unable to estimate the range of possible loss in excess of the amount accrued. In connection with this liability, the Company recognized a related income tax benefit, which reflects an unrecognized tax benefit resulting from uncertainty in the amount that is more likely than not to be deductible for U.S. federal and state income tax purposes. The Company used significant judgment in measuring the amount of income tax benefit that may ultimately be deductible for U.S. federal and state purposes.

Auditing management's determination of the measurement of the opioid litigation liability and disclosures is highly subjective and requires significant judgment. For instance, auditing management's judgments related to the opioid litigation is challenging due to the significant

judgment applied in determining the magnitude of the liability and whether a range of possible loss in excess of the amount accrued is reasonably estimable, based upon the proposed or final settlement agreements. In addition, auditing management's estimate of the amount of income tax benefit related to the Company's uncertain tax position is challenging because the evaluation of the technical merits of income tax benefits that qualify for a deduction related to the opioid litigation requires significant judgment.

How We Addressed the Matter in Our Audit

We tested the Company's internal controls that address the risks of material misstatement related to the completeness, presentation and disclosure of the opioid litigation liability and related uncertain tax position. This included testing controls related to the Company's process for identification, recognition, completeness and disclosure of the opioid litigation and testing controls related to the Company's process to assess the technical merits of its tax position, including the Company's assessment as to the amount of benefit that is more likely than not to be realized upon ultimate settlement with taxing authorities. For example, we tested controls over management's review of the assessment of the completeness of the opioid litigation liability and whether a range of possible loss in excess of the amount accrued is reasonably estimable to determine the accuracy of the opioid litigation liability and the related financial statement footnote disclosures.

To test the Company's opioid litigation liability, our substantive audit procedures included, among others, testing the measurement of the opioid litigation contingencies by inspecting the proposed or final settlement agreements and agreeing key terms to management's reserve calculation and assumptions, as well as vouching payments made during the year. We inspected responses to inquiry letters sent to both internal and external legal counsel, held discussions with internal general counsel and external legal counsel to confirm our understanding of any settlement discussions, and obtained written representations from executives of the Company. In addition, we evaluated the adequacy of the Company's financial statement disclosures.

We involved our tax subject matter professionals in assessing the technical merits and measurement of the Company's tax position related to the opioid litigation liability. We examined the Company's analysis and evaluated the underlying facts upon which the tax position was based. We used our knowledge of historical settlement activity to evaluate the Company's measurement of the uncertain tax position associated with the opioid litigation. This included evaluating third-party evidence obtained from the Company's external income tax advisors. We also evaluated the adequacy of the Company's financial statement disclosures and obtained written representations from executives of the Company related to this income tax matter.

Other Legal Matters and Contingencies

Description of the Matter

As discussed in Note 13 of the consolidated financial statements, in addition to the opioid litigation addressed above, the Company is involved in government subpoenas, derivative actions, and other disputes. The Company recognizes a liability for those legal contingencies for which it is probable that a liability has been incurred at the date of the consolidated financial statements and the amount is reasonably estimable. The Company also performs an assessment of the materiality of legal contingencies where a loss is either reasonably possible or it is reasonably possible that an exposure to loss exists in excess of the amount accrued. If it is reasonably possible that such a loss or an additional loss may have been incurred and the effect on the consolidated financial statements is material, the Company discloses the nature of the loss contingency and an estimate of the possible loss or range of loss or a statement that such an estimate cannot be made within the notes to the consolidated financial statements.

Auditing management's determination of whether a loss for a legal contingency is probable and reasonably estimable, reasonably possible or remote, and the related measurement and

disclosures, is highly subjective and requires significant judgment. For instance, auditing management's judgments was challenging due to the significant judgment applied in determining the likelihood of resolution of the matters through settlement or litigation.

How We Addressed the Matter in Our Audit

We tested the Company's internal controls that address the risks of material misstatement related to the completeness, valuation, presentation and disclosure of legal contingencies. This included testing controls related to the Company's process for identification, recognition, measurement and disclosure of legal contingencies. For example, we tested controls over management's review of the assessment of the probability of occurrence of a loss and whether the loss was reasonably estimable to determine the completeness and accuracy of legal contingencies and the related financial statement footnote disclosures. We also tested controls over management's assessment of the likelihood of the resolution of the matters through settlement or litigation.

To test the Company's legal contingencies, our substantive audit procedures included, among others, testing the completeness of the legal contingencies subject to evaluation by the Company and evaluating the Company's analysis of its assessment of the probability of outcome for each material legal contingency, including the Company's assessment as to whether a loss is reasonably estimable or if the Company is unable to estimate the range of loss, through inspection of responses to inquiry letters sent to both internal and external legal counsel, discussions with internal general counsel and external legal counsel to confirm our understanding of the allegations, and obtaining written representations from executives of the Company. In addition, we evaluated the adequacy of the Company's financial statement disclosures.

AMERISOURCEBERGEN CORPORATION AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
September 30, 2022

Note 1. Summary of Significant Accounting Policies

AmerisourceBergen Corporation and its subsidiaries, including less-than-wholly-owned subsidiaries in which AmerisourceBergen Corporation has a controlling financial interest (the "Company"), is one of the largest global pharmaceutical sourcing and distribution services companies, helping both healthcare providers and pharmaceutical and biotech manufacturers improve patient access to products and enhance patient care. The Company delivers innovative programs and services designed to improve the effectiveness and efficiency of the pharmaceutical supply chain in both human and animal health.

The Company undertook a strategic evaluation of its reporting structure to reflect its expanded international presence as a result of the June 2021 acquisition of Alliance Healthcare. As a result, at the beginning of fiscal 2022, the Company re-aligned its reporting structure under two reportable segments: U.S. Healthcare Solutions and International Healthcare Solutions. U.S. Healthcare Solutions consists of the legacy Pharmaceutical Distribution Services reportable segment (excluding Profarma Distribuidora de Produtos Farmacêuticos S.A. ("Profarma")), MWI Animal Health ("MWI"), Xcenda, Lash Group, and ICS 3PL. International Healthcare Solutions consists of Alliance Healthcare, World Courier, Innomar, Profarma, and Profarma Specialty (until it was divested in June 2022). Profarma had previously been included in the Pharmaceutical Distribution Services reportable segment. The Company's prior period segment disclosures have been revised to reflect this change in reportable segments.

Basis of Presentation

The accompanying financial statements present the consolidated financial position, results of operations, and cash flows of the Company as of the dates and for the periods indicated. All significant intercompany accounts and transactions have been eliminated in consolidation.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual amounts could differ from these estimated amounts due to uncertainties inherent in such estimates. Management periodically evaluates estimates used in the preparation of the financial statements for continued reasonableness.

Recently Adopted Accounting Pronouncements

In June 2016, the Financial Accounting Standards Board ("FASB") issued ASU No. 2016-13, "Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments" ("ASU 2016-13"). ASU 2016-13 requires financial assets measured at amortized cost to be presented at the net amount expected to be collected. The measurement of expected credit losses is based on relevant information about past events, including historical experience, current conditions, and reasonable and supportable forecasts that affect the collectibility of the reported amounts. An entity must use judgment in determining the relevant information and estimation methods that are appropriate in its circumstances. ASU 2016-13 was effective for annual reporting periods beginning after December 15, 2019, including interim periods within those fiscal years, and a modified retrospective approach was required, with a cumulative-effect adjustment to retained earnings as of the beginning of the first reporting period in which the guidance was effective.

The Company adopted ASU 2016-13 as of October 1, 2020. In connection with the adoption of ASU 2016-13, the Company recognized a $21.1 million, net of tax of $6.1 million, cumulative adjustment to retained earnings.

For the Company's credit loss policy, refer to the "Concentrations of Credit Risk and Allowance for Credit Losses" section of Note 1.

In December 2019, the FASB issued ASU No. 2019-12, "Income Taxes (Topic 740): Simplifying the Accounting for Income Taxes" ("ASU 2019-12"). ASU 2019-12 removes certain exceptions to the general principles in Accounting Standards Codification ("ASC") 740 in order to reduce the cost and complexity of its application. ASU 2019-12 was effective for annual reporting periods beginning after December 15, 2020, including interim periods within those fiscal years, with certain amendments applied on a modified retrospective basis, with a cumulative-effect adjustment to retained earnings as of the beginning of the fiscal year of adoption, and others prospectively.

The Company adopted ASU No. 2019-12 as of October 1, 2021. The adoption of ASU No. 2019-12 had no impact on the Company's financial statements

Recently Issued Accounting Pronouncements Not Yet Adopted

As of September 30, 2022, there were no recently issued accounting standards that may have a material impact on the Company's financial position, results of operations, or cash flows upon their adoption.

Business Combinations

The assets acquired and liabilities assumed from an acquired business are recorded at fair value, with the residual of the purchase price recorded as goodwill. The results of operations of an acquired businesses are included in the Company's operating results from the date of acquisition.

Cash, Cash Equivalents, and Restricted Cash

The Company considers all highly liquid investments with original maturities of three months or less to be cash equivalents. The carrying value of cash equivalents approximates fair value.

The Company is required to maintain certain cash deposits with banks mainly consisting of deposits restricted under contractual agency agreements and cash restricted by law and other obligations, including opioid-related legal settlements.

The following represents a reconciliation of cash and cash equivalents in the Consolidated Balance Sheets to cash, cash equivalents, and restricted cash in the Consolidated Statements of Cash Flows:

	September 30,		
(amounts in thousands)	**2022**	**2021**	**2020**
Cash and cash equivalents	$ 3,388,189	$ 2,547,142	$ 4,597,746
Restricted cash (included in Prepaid Expenses and Other)	144,980	462,986	—
Restricted cash (included in Other Assets)	60,370	60,000	—
Cash, cash equivalents, and restricted cash	$ 3,593,539	$ 3,070,128	$ 4,597,746

Concentrations of Credit Risk and Allowance for Credit Losses

The Company sells its inventories to a large number of customers in the healthcare industry that include institutional and retail healthcare providers. Institutional healthcare providers include acute care hospitals, health systems, mail order pharmacies, long-term care and other alternate care pharmacies and providers of pharmacy services to such facilities, and physician offices. Retail healthcare providers include national and regional retail drugstore chains, independent community pharmacies, pharmacy departments of supermarkets and mass merchandisers, and veterinarians. The financial condition of the Company's customers can be affected by changes in government reimbursement policies as well as by other economic pressures in the healthcare industry.

The Company's trade accounts receivables are exposed to credit risk. Revenue from the various agreements and arrangements with the Company's largest customer in the fiscal year ended September 30, 2022, Walgreens Boots Alliance, Inc. ("WBA"), accounted for approximately 27% of revenue and represented approximately 38% of accounts receivable, net of incentives, as of September 30, 2022. Express Scripts, Inc., the Company's second largest customer in the fiscal year ended September 30, 2022, accounted for approximately 13% of revenue and represented approximately 7% of accounts receivable as of September 30, 2022. The Company generally does not require collateral for trade receivables. The Company evaluates its receivables for risk of loss by grouping its receivables with similar risk characteristics. Expected losses are determined based on a combination of historical loss trends, current economic conditions, and forward-looking risk factors. Changes in these factors, among others, may lead to adjustments in the Company's allowance for credit losses. The calculation of the required allowance requires judgment by Company management as to the impact of those and other factors on the ultimate realization of its trade receivables. Each of the Company's business units performs ongoing credit evaluations of its customers' financial condition and maintains reserves for expected credit losses for specific credit problems when they arise. There were no significant changes to this process during the fiscal years ended September 30, 2022, 2021, and 2020, and bad debt expense was computed in a consistent manner during these periods.

The Company maintains cash, cash equivalents, and restricted cash with several financial institutions. Deposits held with banks may exceed the amount of insurance provided on such deposits. These deposits may be redeemed upon demand and are maintained with financial institutions with reputable credit and, therefore, bear minimal credit risk. The Company seeks to mitigate such risks by monitoring the risk profiles of these counterparties. The Company also seeks to mitigate risk by monitoring the investment strategy of money market accounts in which it is invested, which are classified as cash equivalents.

Contingencies

Loss Contingencies: In the ordinary course of its business, the Company becomes involved in lawsuits, administrative proceedings, government subpoenas, government investigations, stockholder demands, and other disputes, including antitrust, commercial, product liability, intellectual property, regulatory, employment discrimination, and other matters. Significant damages or penalties may be sought from the Company in some matters, and some matters may require years for the Company to resolve. The Company records a liability when it is both probable that a loss has been incurred and the amount can be reasonably estimated. The Company also performs an assessment of the materiality of loss contingencies where a loss is either not probable or it is reasonably possible that a loss could be incurred in excess of amounts accrued. If a loss or an additional loss has at least a reasonable possibility of occurring and the impact on the financial statements would be material, the Company provides disclosure of the loss contingency in the notes to its financial statements. The Company reviews all contingencies at least quarterly to determine whether the likelihood of loss has changed and to assess whether a reasonable estimate of the loss or the range of the loss can be made. Among the loss contingencies that the Company considered in accordance with the foregoing in connection with the preparation of the accompanying financial statements were the opioid matters described in Note 13.

Gain Contingencies: The Company records gain contingencies when they are realized. Gains from antitrust litigation settlements are realized upon the receipt of cash and recorded as a reduction to cost of goods sold because they represent a recovery of amounts historically paid to manufacturers to originally acquire the pharmaceuticals that were the subject of the antitrust litigation settlements (see Note 14).

Derivative Financial Instruments

The Company utilizes derivative financial instruments to manage exposures to foreign currency. The Company records all derivative financial instruments on the balance sheet at fair value and complies with established criteria for designation and effectiveness of hedging relationships. The Company's policy prohibits it from entering into derivative financial instruments for speculative or trading purposes.

Foreign Currency

When the functional currency of the Company's foreign operations is the applicable local currency, assets and liabilities are translated into U.S. dollars using the current exchange rates in effect at the balance sheet date, while revenues and expenses are translated at the weighted average exchange rates for the period. The resulting asset and liability translation adjustments are recorded as a component of Accumulated Other Comprehensive Loss within Stockholders' Equity.

During the quarter ended March 31, 2022, Turkey became a highly inflationary economy, as defined under U.S. GAAP. As a result, effective April 1, 2022, and until such time as the applicable economy is no longer considered highly inflationary, Turkish Lira-denominated assets and liabilities are remeasured using the Company's reporting currency in accordance with ASC 830, "Foreign Currency Matters." Turkish Lira denominated monetary assets and liabilities (primarily cash, accounts receivables, and accounts payables) are remeasured at each balance sheet date using the currency exchange rate then in effect, with currency remeasurement gains and losses recognized in Other Income in the Statement of Operations. Turkish Lira-denominated nonmonetary assets and liabilities (primarily inventories, goodwill, and other intangible assets) are translated at the currency exchange rate in effect prior to highly inflation accounting commencement or at the exchange rate in effect at their date of acquisition if subsequent to April 1, 2022. As such, nonmonetary assets and liabilities retain a higher historical basis when currencies are devalued. This higher historical basis results in incremental expense being recognized when nonmonetary assets are consumed (i.e., sale of inventory). During the fiscal year ended September 30, 2022, the Company recorded an incremental expense of $40.0 million in Cost of Goods Sold related to the consumption of inventory and an expense of $11.9 million within Other Income related to the currency remeasurement of monetary assets and liabilities.

Goodwill and Other Intangible Assets

Goodwill arises from acquisitions or consolidations of specific operating companies and is assigned to the reporting unit in which a particular operating company resides. The Company identifies its reporting units based upon the Company's management reporting structure, beginning with its operating segments. The Company aggregates two or more components within an operating segment that have similar economic characteristics. The Company evaluates whether the components within its operating segments have similar economic characteristics, which include the similarity of long-term gross margins, the nature of the components' products, services, and production processes, the types of customers and the methods by which products or services are delivered to customers, and the components' regulatory environment. The Company announced a strategic reorganization of its business and began reporting externally under the new structure as of October 1, 2021. As of September 30, 2022, the Company’s reporting units include Pharmaceutical Distribution Services, U.S. Consulting Services, MWI, Alliance Healthcare, Innomar, World Courier, and Profarma.

Goodwill and other intangible assets with indefinite lives, such as certain trademarks and trade names, are not amortized; rather, they are tested for impairment at least annually. For the purpose of these impairment tests, the Company can elect to perform a qualitative assessment to determine if it is more likely than not that the fair values of its reporting units and indefinite-lived intangible assets are less than the respective carrying values of those reporting units and indefinite-lived intangible assets, respectively. Such qualitative factors can include, among others, industry and market conditions, overall financial performance, and relevant entity-specific events. If the Company concludes based on its qualitative assessment that it is more likely than not that the fair value of a reporting unit is less than its carrying value, it performs a quantitative analysis. The Company elected to perform a quantitative impairment assessment of goodwill and indefinite-lived intangible assets in fiscal 2022. The Company elected to perform a qualitative impairment assessment of goodwill and indefinite-lived intangible assets in fiscal 2021, with the exception of its testing of goodwill in the AmerisourceBergen Consulting Services (the sum of U.S. Consulting Service and Innomar reporting units, under the Company's prior reporting structure) and Profarma reporting units. The Company elected to perform a qualitative impairment assessment of goodwill and indefinite-lived intangible assets in fiscal 2020, with the exception of its testing of goodwill and indefinite-lived intangibles in the MWI and Profarma reporting units.

The quantitative goodwill impairment test requires the Company to compare the carrying value of the reporting unit's net assets to the fair value of the reporting unit. If the fair value exceeds the carrying value, no further evaluation is required, and no impairment loss is recognized. If the carrying amount exceeds the fair value, the difference between the carrying value and the fair value is recorded as an impairment loss, the amount of which may not exceed the total amount of goodwill allocated to the reporting unit.

When performing a quantitative impairment assessment, the Company utilizes an income-based approach to value its reporting units, with the exception of the Profarma reporting unit, the fair value of which is based upon its publicly-traded stock price, plus an estimated control premium. The income-based approach relies on a discounted cash flow analysis, which considers forecasted cash flows discounted at an appropriate discount rate, to determine the fair value of each reporting unit. The Company generally believes that market participants would use a discounted cash flow analysis to determine the fair value of the Company's reporting units in a sale transaction. The annual goodwill impairment test requires the Company to make a number of assumptions and estimates concerning future levels of revenue growth, operating margins, depreciation, amortization, capital expenditures, and working capital requirements, which are based upon the Company's long-range plan. The discount rate is an estimate of the overall after-tax rate of return required by a market participant whose weighted average cost of capital includes both debt and equity, including a risk premium. While the Company uses the best available information to prepare its forecasted cash flows and discount rate assumptions, actual future cash flows and/or market conditions could differ significantly resulting in future impairment charges related to recorded goodwill balances. While there are always changes in assumptions to reflect changing business and market conditions, the Company's overall methodology and the population of assumptions used have remained unchanged.

The quantitative impairment test for indefinite-lived intangibles other than goodwill (certain trademarks and trade names) consists of a comparison of the fair value of the indefinite-lived intangible asset to the carrying value of the asset as of the impairment testing date. The Company estimates the fair value of its indefinite-lived intangibles using the relief from royalty method. The Company believes the relief from royalty method is a widely used valuation technique for such assets. The fair value derived from the relief from royalty method is measured as the discounted cash flow savings realized from owning such indefinite-lived trademarks and trade names and not having to pay a royalty for their use.

The Company completed its required annual impairment tests relating to goodwill and indefinite-lived intangible assets in the fiscal years ended September 30, 2022, 2021, and 2020. The Company recorded goodwill impairments of $75.9 million and $6.4 million in its Profarma reporting unit in connection with its fiscal 2022 and 2021 impairment tests (see Note 5), respectively. No goodwill impairments were recorded in the fiscal years ended September 30, 2020, and no indefinite-lived intangible asset impairments were recorded in the fiscal years ended September 30, 2022, 2021, or 2020.

Finite-lived intangible assets are amortized using the straight-line method over the estimated useful lives of the assets. The Company performs a recoverability assessment of its long-lived assets when impairment indicators are present.

The Company recorded impairments of intangible and tangible assets totaling $361.7 million in the fiscal year ended September 30, 2020 in connection with the permanent shutdown of its compounding business.

Held for Sale

Assets and liabilities to be disposed of by sale ("disposal groups") are reclassified into assets and liabilities held for sale on the Company's Consolidated Balance Sheet. The reclassification occurs when an agreement to sell exists, or management has committed to a plan to sell the assets within one year. Disposal groups are measured at the lower of carrying value or fair value less costs to sell and are not depreciated or amortized. When the net realizable value of a disposal group increases during a period, a gain can be recognized to the extent that it does not increase the value of the disposal group beyond its original carrying value when the disposal group was reclassified as held for sale. The fair value of a disposal group, less any costs to sell, is assessed each reporting period it remains classified as held for sale and any remeasurement to the lower of carrying value or fair value less costs to sell is reported as an adjustment to the carrying value of the disposal group.

Income Taxes

The Company accounts for income taxes using a method that requires recognition of deferred tax assets and liabilities for expected future tax consequences of temporary differences that currently exist between tax bases and financial reporting bases of the Company's assets and liabilities (commonly known as the asset and liability method). In assessing the need to establish a valuation allowance on deferred tax assets, the Company considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized.

The Company recognizes the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained upon examination by the taxing authorities, including settlements with tax authorities or resolutions of any related appeals or litigation processes, based upon the technical merits of the position. Tax benefits associated with uncertain tax positions that have met the recognition criteria are measured and recorded based upon the highest probable outcome that is more than 50% likely to be realized after full disclosure and resolution of a tax examination.

Inventories

Inventories are stated at the lower of cost or market. Cost for approximately 66% of the Company's inventories as of September 30, 2022 and 2021 has been determined using the last-in, first-out ("LIFO") method. If the Company had used the first-in, first-out method of inventory valuation, which approximates current replacement cost, inventories would have been approximately $1,383.4 million and $1,316.2 million higher than the amounts reported as of September 30, 2022 and 2021, respectively. The Company recorded LIFO expense of $67.2 million and $7.4 million in the fiscal years ended September 30, 2022 and 2020, respectively, and a LIFO credit of $203.0 million in the fiscal year ended September 30, 2021. The annual LIFO provision is affected by manufacturer pricing practices, which may be impacted by market and other external influences, changes in inventory quantities, and product mix, many of which are difficult to predict. Changes to any of the above factors can have a material impact to the Company's annual LIFO provision.

Investments

The Company first evaluates its investments in accordance with the variable interest model to determine whether it has a controlling financial interest in an investment. This evaluation is made as of the date on which the Company makes its initial investment, and subsequent evaluations are made if the structure of the investment changes. If it has determined that an investment is a variable interest entity ("VIE"), the Company evaluates whether the VIE is required to be consolidated. When the Company holds rights that give it the power to direct the activities of an entity that most significantly impact the entity's economic performance, combined with the obligation to absorb an entity's losses and the right to receive benefits, the Company consolidates a VIE. If it is determined that an investment is not a VIE, the Company then evaluates its investments under the voting interest model and generally consolidates investments in which it holds an ownership interest of greater than 50%. When the Company consolidates less-than-wholly-owned subsidiaries, it presents its noncontrolling interest in its consolidated financial statements.

For equity securities without a readily determinable fair value, the Company uses the fair value measurement alternative and measures the securities at cost less impairment, if any, including adjustments for observable price changes in orderly transactions for an identical or similar investment of the same issuer. For investments in which the Company can exercise significant influence but does not control, it uses the equity method of accounting. The Company's share of earnings and losses of its investments is recorded in Other Income in the Consolidated Statements of Operations. The Company monitors its investments for impairment by considering factors such as the operating performance of the investment and current economic and market conditions.

Leases

At the inception of an arrangement, the Company determines whether the arrangement is or contains a lease based on the facts and circumstances present. Leases are classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. At the lease commencement date, operating and finance lease liabilities and their corresponding ROU assets are recorded based on the present value of lease payments over the expected lease term. The interest rate implicit in lease contracts is typically not readily determinable and, as such, the Company uses its incremental borrowing rate to discount the lease liabilities, which is the rate incurred to borrow on a collateralized basis over a similar term in a similar economic environment. Certain adjustments to the right-of-use ("ROU") asset may be required for items such as incentives received. The Company does not recognize on the balance sheet leases with terms of one year or less.

The Company has operating leases that are primarily comprised of buildings, office equipment, distribution center equipment, and vehicles. Some of the Company's leases include options to extend or early terminate the lease, which are included in the lease term when it is reasonably certain to exercise and there is a significant economic incentive to exercise that option. Certain lease agreements contain provisions for future rent increases. Lease payments included in the measurement of the lease liability comprise fixed payments. The Company combines lease and non-lease components as a single component. Operating lease cost is recognized over the expected lease term on a straight-line basis and is recorded in Distribution, Selling, and Administrative in the Company's Consolidated Statements of Operations. Variable lease payments, which are primarily comprised of maintenance, taxes, and other payments based on usage, are recognized when the expense is incurred. The Company's leases do not contain residual value guarantees.

Manufacturer Incentives

The Company considers fees and other incentives received from its suppliers relating to the purchase and distribution of inventory to represent product discounts, and, as a result, they are recognized within cost of goods sold upon the sale of the related inventory.

Property and Equipment

Property and equipment are stated at cost and depreciated using the straight-line method over the estimated useful lives of the assets, which range from 3 to 40 years for buildings and improvements and from 3 to 10 years for machinery, equipment, and other. The costs of repairs and maintenance are charged to expense as incurred.

The Company capitalizes project costs relating to computer software developed or obtained for internal use when the activities related to the project reach the application development stage. Costs that are associated with preliminary stage activities, training, maintenance, and all other post-implementation stage activities are expensed as they are incurred. Software development costs are depreciated using the straight-line method over the estimated useful lives, which range from 3 to 10 years.

The following table summarizes the Company's property and equipment balances for the periods indicated:

Revenue Recognition

The Company's revenues are primarily generated from the distribution of pharmaceutical products. The Company also generates revenues from global commercialization services, which include clinical trial support, post-approval and commercialization support, and global specialty transportation and logistics for the biopharmaceutical industry. See Note 15 for the Company's disaggregated revenue.

The Company recognizes revenue related to the distribution of products at a point in time when title and control transfers to customers and there is no further obligation to provide services related to such products. Service revenue is recognized over the period that services are provided to the customer. The Company is generally the principal in a transaction;

therefore, revenue is primarily recorded on a gross basis. When the Company is the principal in a transaction, it has determined that it controls the ability to direct the use of the product or service prior to the transfer to a customer, it is primarily responsible for fulfilling the promise to provide the product or service to its customer, it has discretion in establishing pricing, and it controls the relationship with the customer. Revenue is recognized at the amount of consideration expected to be received. For the distribution business, revenue is primarily generated from a contract related to a confirmed purchase order with a customer in a distribution arrangement and is net of estimated sales returns and allowances, other customer incentives, and sales tax.

When the Company is the agent in a transaction, the fee received from a manufacturer customer is recognized within revenue as the service is performed.

The Company's customer sales return policy generally allows customers to return products only if the products can be resold at full value or returned to suppliers for full credit. The Company records an accrual for estimated customer sales returns at the time of sale to the customer based upon historical return trends. As of September 30, 2022 and 2021, the Company's accrual for estimated customer sales returns was $1,532.1 million and $1,271.6 million, respectively.

Share-Based Compensation

The Company accounts for the compensation cost of all share-based payments at fair value. The fair value of restricted stock units and performance stock units is based upon the grant date market price of the Company’s common stock. The Company estimated the fair value of options granted in fiscal 2020 using a binomial option pricing model.

Share-based compensation expense is recognized over the requisite service period within Distribution, Selling, and Administrative in the Consolidated Statements of Operations to correspond with the same line item as the cash compensation paid to employees. Compensation expense associated with nonvested performance stock units is dependent upon the Company's periodic assessment of the probability of the targets being achieved and its estimate of the number of shares that will ultimately be issued.

The income tax effects of awards are recognized when the awards vest or are settled and are recognized in Income Tax Expense in the Company’s Consolidated Statements of Operations.

Shipping and Handling Costs

Shipping and handling costs include all costs to warehouse, pick, pack, and deliver inventory to customers. These costs, which were $1,040.8 million, $809.3 million, and $665.3 million for the fiscal years ended September 30, 2022, 2021, and 2020, respectively, are included in Distribution, Selling, and Administrative in the Company's Consolidated Statements of Operations.

Supplier Reserves

The Company establishes reserves against amounts due from its suppliers relating to various price and rebate incentives, including deductions or billings taken against payments otherwise due to them from the Company. These reserve estimates are established based upon the judgment of Company management after carefully considering the status of current outstanding claims, historical experience with the suppliers, the specific incentive programs, and any other pertinent information available to the Company. The Company evaluates the amounts due from its suppliers on a continual basis and adjusts the reserve estimates when appropriate based upon changes in factual circumstances. The ultimate outcome of any outstanding claim may be different than the Company's estimate.

Note 2. Acquisition and Assets and Liabilities Held for Sale

Acquisition

On June 1, 2021, the Company acquired a majority of Walgreens Boots Alliance, Inc.'s ("WBA") Alliance Healthcare businesses ("Alliance Healthcare") for $6,662.0 million in cash, $229.1 million of the Company's common stock (2 million shares at the Company's June 1, 2021 opening stock price of $114.54 per share), and $6.1 million of other equity consideration. The net cash payment was $5,596.7 million, as the Company acquired $922.0 million of cash and cash equivalents and $143.3 million of restricted cash. The shares issued were from the Company's treasury stock on a first-in, first-out basis and were originally purchased for $149.1 million. In the fiscal year ended September 30, 2022, the Company's previous estimate of $96.9 million of accrued consideration was settled for $60.0 million, which resulted in a $36.9 million reduction to Goodwill. The $60.0 million cash payment is included in the total $6,662.0 million cash consideration. The Company funded the cash purchase price through a combination of cash on hand and new debt financing. The acquisition expands the Company's reach and solutions in pharmaceutical distribution and adds to the Company's depth and breadth of global manufacturer services.

The Company completed the purchase price allocation as of June 1, 2022 and recorded purchase accounting adjustments that reduced working capital account balances by $102.7 million, increased the corresponding deferred tax assets by $63.0 million, and decreased other assets by $13.3 million, which resulted in a $53.0 million increase to Goodwill. There were no measurement period adjustments recorded to the previously-reported opening balance sheet that would have had a material impact on the Company's previously-reported results of operations had those adjustments been recorded in the previous reporting periods. The final purchase price has been allocated to the underlying assets acquired and liabilities assumed based upon their estimated fair values at the date of the acquisition in the table that follows:

The fair value of the $185.2 million noncontrolling interest in Alliance Healthcare Egypt, a 50%-owned subsidiary, was estimated by applying income and market-based approaches. This fair value measurement is based on inputs that are not observable in the market and; therefore, represents a fair value measurement categorized within Level 3 of the fair value hierarchy.

The Company incurred $90.9 million of acquisition-related costs in connection with this acquisition. These costs are included in Acquisition, Integration, and Restructuring Expenses in the Company's Statements of Operations for the twelve months ended September 30, 2021.

See Part I. Other Information-Item 1A. Risk Factors of this Annual Report on Form 10-K for additional risk factors related to our strategic transactions with WBA.

Assets and Liabilities Held for Sale

The Company entered into agreements in the fourth quarter of fiscal 2021 to sell two of its non-core subsidiaries. In connection with entering into these agreements, the Company concluded that both disposal groups met the held for sale criteria and classified their assets and liabilities as held for sale as of September 30, 2021. One disposal group was included within the U.S. Healthcare Solutions reportable segment and the other disposal group was included within International Healthcare Solutions reportable segment.

In connection with the held for sale classification, the Company recorded a total loss of $16.3 million on the remeasurement of the disposal group held for sale in the U.S. Healthcare Solutions reportable segment to fair value less cost to sell, $4.9 million of which was recorded in Impairment of Assets on its Consolidated Statement of Operations in the fiscal year ended September 30, 2022. The Company previously recorded a loss of $11.3 million in fiscal year ended September 30, 2021. The Company completed the sales of the disposal groups in the fiscal year ended September 30, 2022 and received total proceeds of $267.6 million, subject to final working capital adjustments. In connection with the sales of these disposal groups, the Company recorded a gain of $52.6 million, which is included in Other Income, Net in the Company's Consolidated Statements of Operations.

A reconciliation of the statutory U.S. federal income tax rate to the Company's consolidated effective income tax rate is as follows for the periods indicated:

[1] Tax law changes include 5.7% related to UK Tax Reform and 1.6% related to Swiss Tax Reform in fiscal 2021 and 6.8% in fiscal 2020 related to Swiss Tax Reform.

United Kingdom Tax Reform

The United Kingdom ("UK") government delivered a Spring Budget in March 2021 that set out a plan to provide continuing support for jobs and businesses as the UK recovers from the COVID-19 pandemic. The UK government Finance Act 2021 includes a provision to increase the corporate tax rate from 19% to 25% beginning on April 1, 2023. As a result, the Company recognized a deferred tax expense of $127.6 million to increase its deferred tax liabilities for the change in the tax rate in the fiscal year ended September 30, 2021.

The Coronavirus Aid, Relief, and Economic Security Act

The Coronavirus Aid, Relief, and Economic Security ("CARES") Act became law on March 27, 2020. The CARES Act was a response to the market volatility and instability resulting from the coronavirus pandemic and included provisions to support businesses in the form of loans, grants, and tax changes, among other types of relief that were not previously available under the U.S. Tax Cuts and Jobs Act of 2017 (the "2017 Tax Act"). The CARES Act provided the Company relief through adjustments to net operating loss rules and the acceleration of available refunds for alternative minimum tax credit carryforwards.

PharMEDium

The Company decided in January 2020 to shut down and permanently exit its compounding business. Following the decision to exit PharMEDium and in connection with the permanent shutdown of this business, PharMEDium underwent a voluntary change in tax status, which resulted in the Company recognizing a worthless stock ordinary income tax deduction of approximately $2.4 billion and, in turn, yielded a tax benefit of approximately $655 million. The estimated tax benefit was higher than it would have been prior to the enactment of the CARES Act as the net operating losses resulting from the worthless stock deduction could now be carried back to years with higher statutory tax rates.

In addition to the PharMEDium worthless stock deduction, the Company recognized other discrete tax benefits primarily resulting from the CARES Act. In the aggregate, the Company recognized discrete tax benefits of $720.6 million in the fiscal year ended September 30, 2020.

The Company's September 30, 2022 Consolidated Balance Sheet includes a current income tax receivable balance of $172.6 million primarily resulting from the recognition of the above discrete tax benefits.

Swiss Tax Reform

In August 2020, the Canton of Bern enacted tax reforms to comply with requirements imposed by earlier Swiss federal tax reforms, which were retroactively effective as of January 1, 2020. A key provision of the Swiss federal tax reforms was the elimination of cantonal preferential tax regimes, which had the effect of increasing overall tax rates on Swiss income. To phase in the tax rate increase, the canton of Bern granted a tax ruling to the Company that effectively reduces the Company's Swiss tax rate for a period of 10 years.

As a result of the aforementioned Swiss tax law change and ruling, the Company recorded a deferred tax asset in the fiscal year ended September 30, 2020 that is expected to be realized over the following 10 years. As of September 30, 2022, the deferred tax asset of $446.6 million was reduced by a $234.0 million valuation allowance for the amount that more likely than not will not be realized.

In November 2020, the Canton of Bern approved its Budget 2021, which called for lowering its corporate income tax rate applicable to the Company’s Swiss operations effective October 1, 2020. As a result, the Company recognized a deferred tax expense to reduce its Swiss deferred tax asset for the change in tax rate.

Opioid Legal Accrual

In the fiscal years ended September 30, 2022, 2021, and 2020 the Company recorded accruals related to the opioid litigation settlements of $36.6 million, $147.7 million, and $6.6 billion, respectively (see Note 13). The Company's September 30, 2022 Consolidated Balance Sheet includes a net deferred tax asset of $981.6 million in connection with the total expense accrued.

Deferred income taxes reflect the future tax consequences of differences between the tax bases of assets and liabilities and their financial reporting amounts. Significant components of the Company's deferred tax liabilities (assets) are as follows:

	September 30,	
(in thousands)	2022	2021
Inventories	$ 1,471,064	$ 1,388,913
Property and equipment	149,896	167,974

Valuation allowance for deferred tax assets	617,259	538,531
Deferred tax assets, net of valuation allowance	(1,703,359)	(1,879,048)
Net deferred tax liabilities	$ 1,382,842	$ 1,394,505

As of September 30, 2022, the Company had $2.6 million of potential tax benefits from federal net operating loss carryforwards, which expire in 15 years, $136.0 million of potential tax benefits from state net operating loss carryforwards and $297.2 million of potential tax benefits from foreign net operating loss carryforwards, which have varying expiration dates. The Company had $6.0 million of state tax credit carryforwards and $3.1 million in foreign alternative minimum tax credit carryforwards.

The Company assesses the available positive and negative evidence to determine whether deferred tax assets are more likely than not to be realized. As a result of this assessment, valuation allowances have been recorded on certain deferred tax assets. For the fiscal year ended September 30, 2022 and 2021, the Company increased the valuation allowance on deferred tax assets by $78.7 million and $126.9 million, respectively. The increase in the valuation allowance in the fiscal year ended September 30, 2022 was primarily due to the increase in the valuation allowance against foreign net operating loss carryforwards. The increase in the valuation allowance in the fiscal year ended September 30, 2021 was primarily due to the valuation allowance established in connection with purchase accounting associated with Alliance Healthcare acquisition.

In the fiscal years ended September 30, 2022, 2021, and 2020 tax benefits of $13.4 million, $8.2 million and $3.9 million, respectively, related to the exercise of employee stock options and lapses of restricted stock units were recorded in Income Tax Expense (Benefit) in the Company's Consolidated Statements of Operations. The tax benefits recognized in the fiscal years ended September 30, 2022, 2021, and 2020 are not necessarily indicative of amounts that may arise in future periods.

Income tax payments, net of refunds, were $244.4 million, $93.5 million, and $139.4 million in the fiscal years ended September 30, 2022, 2021, and 2020, respectively.

Cumulative undistributed earnings of international subsidiaries were $3.7 billion as of September 30, 2022, $2.1 billion of which is considered permanently reinvested. It is not practicable to estimate the taxes that would be due if such earnings were to be repatriated in the future.

The Company and its subsidiaries file income tax returns in the U.S. federal jurisdiction and various states and foreign jurisdictions. The Company is currently undergoing a U.S. federal income tax audit for fiscal years 2019 and 2018 and certain state and local income tax audits for various years. With few exceptions, the Company is no longer subject to U.S. federal tax

examinations for years before 2018, and state and local, or foreign income tax examinations by tax authorities for years before 2019. The Company believes it has adequate tax reserves to cover potential federal, state or foreign tax exposures.

As of September 30, 2022 and 2021, the Company had unrecognized tax benefits, defined as the aggregate tax effect of differences between tax return positions and the benefits recognized in the Company's financial statements, of $553.2 million and $522.8 million, respectively ($479.6 million and $467.9 million, net of federal tax benefit, respectively). If recognized in the fiscal years ended September 30, 2022 and 2021, $461.4 million and $449.7 million, respectively, of these benefits would have reduced income tax expense and the effective tax rate. As of September 30, 2022 and 2021, included in the unrecognized tax benefits are $26.7 million and $22.4 million of interest and penalties, respectively, which the Company records in Income Tax Expense (Benefit) in the Company's Consolidated Statements of Operations.

A reconciliation of the beginning and ending amount of unrecognized tax benefits, excluding interest and penalties, for the periods indicated is as follows:

	Fiscal Year Ended September 30,		
(in thousands)	2022	2021	2020
Unrecognized tax benefits at beginning of period	$ 500,399	$ 478,351	$ 105,657
Additions of tax positions of the current year	21,074	20,515	385,797
Additions to tax positions of the prior years	5,073	17,022	5,599
Reductions of tax positions of the prior years	—	—	(6,480)
Expiration of statutes of limitations	(24)	(15,489)	(12,222)
Unrecognized tax benefits at end of period	$ 526,522	$ 500,399	$ 478,351

Included in the additions of unrecognized tax benefits in the fiscal year ended September 30, 2020 is $371.5 million for an unrecognized tax benefit related to the $6.6 billion legal accrual for litigation related to the global opioid settlement, as well as other opioid-related litigation, as disclosed in Note 13. The Company has applied significant judgment in estimating the amount of the opioid settlements that will be deductible for U.S. federal and state purposes. In estimating the amount that would be deductible, the Company considered prior U.S. tax case law, the amount and character of the damages sought in litigation, and other relevant factors. During the next 12 months, it is reasonably possible that tax audit resolutions and the expiration of statutes of limitations could result in a reduction of unrecognized tax benefits by approximately $21.2 million.

Note 5. Goodwill and Other Intangible Assets

In connection with the change in the Company's reporting structure that is discussed in Note 1, the Company reallocated goodwill among the impacted reporting units using a relative fair value approach and assessed impairment before and after goodwill was reallocated. The following is a summary of the changes in the carrying value of goodwill, by reportable segment, for the fiscal years ended September 30, 2022 and 2021:

(in thousands)	U.S. Healthcare Solutions	International Healthcare Solutions	Total

Goodwill as of September 30, 2022	$ 6,280,240	$ 2,223,646	$ 8,503,886

In connection with the Company's annual goodwill impairment test as of July 1, 2021, the Company recorded a goodwill impairment of $6.4 million in its Profarma reporting unit. The fair value of the reporting unit was determined based upon Profarma's publicly-traded stock price, plus an estimated control premium. This represents a level 2 nonrecurring fair value measurement.

As a result of a prolonged decline in Profarma's stock price, the Company performed an impairment assessment over the Profarma reporting unit as of June 30, 2022 and recorded a goodwill impairment of $75.9 million in the fiscal year ended September 30, 2022. The Company determined the fair value of the Profarma reporting unit based upon Profarma's publicly-traded stock price, plus an estimated control premium. This represents a level 2 nonrecurring fair value measurement.

In connection with the Profarma impairment assessment, the Company first performed a recoverability assessment of Profarma's long-lived assets by comparing the undiscounted cash flows to the carrying value of the Profarma asset group, and it was determined to be recoverable. However, the forecasted undiscounted cash flows used to perform the recoverability assessment are inherently uncertain and include assumptions that could differ from actual results in future periods.

Multi-Currency Revolving Credit Facility

The Company has a $2.4 billion multi-currency senior unsecured revolving credit facility ("Multi-Currency Revolving Credit Facility") with a syndicate of lenders, which was scheduled to expire in November 2026. In October 2022, the Company amended the Multi-currecy Revolving Credit Facility to extend the expiration to October 2027 and to make certain changes to effect a transition from the LIBOR interest rate benchmark to Term SOFR. Interest on borrowings under the Multi-Currency Revolving Credit Facility accrues at specified rates based upon the Company's debt rating and ranges from 80.5 basis points to 122.5 basis points over SOFR/EURIBOR/CDOR/RFR, as applicable (101.5 basis points over CDOR/LIBOR/EURIBOR/Bankers Acceptance Stamping Fee as of September 30, 2022) and from 0 basis points to 22.5 basis points over the alternate base rate and Canadian prime rate, as applicable. The Company pays facility fees to maintain the availability under the Multi-Currency Revolving Credit Facility at specified rates based on its debt rating, ranging from 7 basis points to 15 basis points, annually, of the total commitment (11 basis points as of September 30, 2022). The Company may choose to repay or reduce its commitments under the Multi-Currency Revolving Credit Facility at any time. The Multi-Currency Revolving Credit Facility contains covenants, including compliance with a financial leverage ratio test, as well as others that impose limitations on, among other things, indebtedness of subsidiaries and asset sales, with which the Company was compliant as of September 30, 2022.

Commercial Paper Program

The Company has a commercial paper program whereby it may from time to time issue short-term promissory notes in an aggregate amount of up to $2.4 billion at any one time. Amounts available under the program may be borrowed, repaid, and re-borrowed from time to time. The maturities on the notes will vary, but may not exceed 365 days from the date of issuance. The notes will bear interest, if interest bearing, or will be sold at a discount from their face amounts. The commercial paper program does not increase the Company's borrowing capacity as it is fully backed by the Company's Multi-Currency Revolving Credit Facility. There were no borrowings outstanding under the commercial paper program as of September 30, 2022 and 2021.

Receivables Securitization Facility

The Company has a $1,450 million receivables securitization facility ("Receivables Securitization Facility"), which was scheduled to expire in November 2024. In October 2022, the Company amended the Receivables Securitization Facility (the "Receivables Amendment") to extend the expiration for an additional one year to October 2025. In addition, the Receivables Amendment made certain changes to (i) substitute Term SOFR for LIBOR as a benchmark and establish procedures to choose a new benchmark if Term SOFR becomes unavailable, (ii) provide for the return of erroneous payments, if any, by purchasers, (iii) update provisions regarding compliance with sanctions and anti-money laundering laws, and (iv) implement certain other technical amendments. The Company has available to it an accordion feature whereby the commitment on the Receivables Securitization Facility may be increased by up to $250 million, subject to lender approval, for seasonal needs during the December and March quarters. Interest rates are based on prevailing market rates for short-term commercial paper or 30-day Term SOFR, plus a program fee. The Company pays a customary unused fee at prevailing market rates, annually, to maintain the availability under the Receivables Securitization Facility.

In connection with the Receivables Securitization Facility, AmerisourceBergen Drug Corporation and a specialty distribution subsidiary sell on a revolving basis certain accounts receivable to Amerisource Receivables Financial Corporation, a wholly-owned special purpose entity, which in turn sells a percentage ownership interest in the receivables to financial institutions and commercial paper conduits sponsored by financial institutions. AmerisourceBergen Drug Corporation is the servicer of the accounts receivable under the Receivables Securitization Facility. As sold receivables are collected, additional receivables may be sold up to the maximum amount available under the facility. The facility is a financing vehicle utilized by the Company because it generally offers an attractive interest rate relative to other financing sources. The Company securitizes its trade accounts, which are generally non-interest bearing, in transactions that are accounted for as borrowings. The Receivables Securitization Facility contains similar covenants to the Multi-Currency Revolving Credit Facility, with which the Company was compliant as of September 30, 2022.

Revolving Credit Note, Overdraft Facility, and Money Market Facility

The Company has an uncommitted, unsecured line of credit available to it pursuant to a revolving credit note ("Revolving Credit Note"). The Revolving Credit Note provides the Company with the ability to request short-term unsecured revolving credit loans from time to time in a principal amount not to exceed $75 million. The Revolving Credit Note may be decreased or terminated by the bank or the Company at any time without prior notice. The Company also has an uncommitted U.K. overdraft facility ("Overdraft Facility") to fund short-term normal trading cycle fluctuations related to its MWI Animal Health business. In February 2021, the Company extended the Overdraft Facility to February 2024 and reduced the borrowing capacity from £30 million to £10 million. The Company has an uncommitted, unsecured line of credit available to it pursuant to a money market credit agreement ("Money Market Facility"). The Money Market Facility provides the Company with the ability to request short-term unsecured revolving credit loans from time to time in a principal amount not to exceed $100 million. The Money Market Facility may be decreased or terminated by the bank or the Company at any time without prior notice.

Term Loans

The Company's $400 million October 2018 Term Loan matured and was repaid in October 2020.

In February 2021, the Company entered into a $1.0 billion variable-rate term loan ("February 2021 Term Loan"), which was available to be drawn on the closing date of the acquisition of Alliance Healthcare. In April 2021, the Company reduced its commitment under the February 2021 Term Loan to $500 million. In June 2021, the Company borrowed $500 million under the February 2021 Term Loan to finance a portion of the June 2021 Alliance Healthcare acquisition. The Company elected to make principal payments of $250 million in September 2021 and again in March 2022 to repay the loan that was scheduled to mature in 2023.

Senior Notes

In May 2020, the Company issued $500 million of 2.80% senior notes due May 15, 2030 (the "2030 Notes"). The 2030 Notes were sold at 99.71% of the principal amount and have an effective yield of 2.81%. Interest on the 2030 Notes is payable semi-annually in arrears, commencing on November 15, 2020. The 2030 Notes rank pari passu to the Company's other senior notes, the Multi-Currency Revolving Credit Facility, the Revolving Credit Note, the Overdraft Facility, and the Money Market Facility.

The Company used the proceeds from the 2030 Notes to finance the early retirement of the $500 million of 3.50% senior notes that were due in 2021 and made a $21.4 million prepayment premium in connection with this early retirement.

In March 2021, the Company issued $1,525 million of 0.737% senior notes due March 15, 2023 (the "2023 Notes"). The 2023 Notes were sold at 100.00% of the principal amount. Interest on the 2023 Notes is payable semi-annually in arrears, commencing on September 15, 2021. In March 2021, the Company issued $1,000 million of 2.700% senior notes due March 15, 2031 (the "2031 Notes"). The 2031 Notes were sold at 99.79% of the principal amount and have an effective yield of 2.706%. Interest on the 2031 Notes is payable semi-annually in arrears and commenced on September 15, 2021. The 2023 Notes and 2031 Notes rank pari passu to the Company's other senior notes, the Multi-Currency Revolving Credit Facility, the Revolving Credit Note, the Overdraft Facility, and the Money Market Facility. The Company used the proceeds from the 2023 Notes and the 2031 Notes to finance a portion of the June 2021 Alliance Healthcare acquisition.

In the fiscal year ended September 30, 2022, the Company elected to repay $850 million of 2023 Notes due in March 2023.

The senior notes discussed above and also illustrated in the above debt table are collectively referred to as the "Notes." Interest on the Notes is payable semiannually in arrears. Most of the Notes were sold at small discounts to the principal amounts and, therefore, have effective yields that are greater than the stated interest rates in the table above. Costs incurred in connection with the issuance of the Notes were deferred and are being amortized over the terms of the Notes. The indentures governing the Notes contain restrictions and covenants, which include limitations on additional indebtedness; distributions to stockholders; the repurchase of stock and the making of other restricted payments; issuance of preferred stock; creation of certain liens; transactions with subsidiaries and other affiliates; and certain corporate acts such as mergers, consolidations, and the sale of substantially all assets. An additional covenant requires compliance with a financial leverage ratio test. The Company was compliant with all covenants as of September 30, 2022.

A majority of the outstanding borrowings were held in Egypt (which is 50% owned) as of September 30, 2022 and 2021. These facilities are used to fund its working capital needs.

Nonrecourse Debt

Nonrecourse debt is comprised of short-term and long-term debt belonging to the Brazil subsidiaries and is repaid solely from the Brazil subsidiaries' cash flows and such debt agreements provide that the repayment of the loans (and interest thereon) is secured solely by the capital stock, physical assets, contracts, and cash flows of the Brazil subsidiaries.

Retirement Benefit Plans

The Company sponsors the AmerisourceBergen Employee Investment Plan (the "Plan"), which is a defined contribution 401(k) plan covering salaried and certain hourly employees. Eligible participants may contribute to the plan from 1% to 50% of their regular compensation before taxes. The Company contributes $1.00 for each $1.00 invested by the participant up to the first 3% of the participant's salary and $0.50 for each additional $1.00 invested by the participant of up to an additional 2% of salary. An additional discretionary contribution, in an amount not to exceed the limits established by the Internal Revenue Code ("IRC"), may also be made depending upon the Company's performance. All contributions are invested at the direction of the employee in one or more funds. All contributions vest immediately except for the discretionary contributions made by the Company, which vest in full after five years of credited service.

The Company's international businesses sponsor various country-specific retirement plans.

Costs of above retirement benefit plans charged to expense for the fiscal years ended September 30, 2022, 2021, and 2020 were $90.1 million, $62.3 million, and $45.9 million, respectively.

The Company also sponsors the AmerisourceBergen Corporation Benefit Restoration Plan. This unfunded plan provides benefits to selected key management, including each of the Company's executive officers. Note 10. Share-Based Compensation

The Company's stockholders approved the AmerisourceBergen Corporation 2022 Omnibus Incentive Plan (the "2022 Plan"). As of September 30, 2022, there were 25.4 million shares available to be granted for employee and non-employee director stock restricted stock units, performance stock units, and stock options under the 2022 Plan.

Stock Options

The Company's employee stock option plans provide for the granting of incentive and nonqualified stock options to acquire shares of common stock to employees at a price not less than the fair market value of the common stock on the dates options are granted. Option terms and vesting periods are determined at the date of grant by the Compensation Committee of the board of directors. Employee stock options generally vest ratably, in equal amounts, over a four-year service period and expire in seven years. The Company's non-employee director stock option plans provide for the granting of nonqualified stock options to acquire shares of common stock to non-employee directors at the fair market value of the common stock on the date of the grant. Non-employee director stock options vest ratably, in equal amounts, over a three-year service period and expire in ten years.

The estimated fair value of options granted is expensed on a straight-line basis over the requisite service periods of the awards and are net of estimated forfeitures. The Company estimates the fair values of option grants using a binomial option pricing model. Expected volatilities are based upon the historical volatility of the Company's common stock and other factors, such as implied market volatility. The Company uses historical exercise data, taking into consideration the optionees' ages at grant date, to estimate the terms for which the options are expected to be outstanding. The risk-free rates during the terms of such options are based upon the U.S. Treasury yield curve in effect at the time of grant.

The Company did not grant any stock options to employees in fiscal 2022 and 2021, and it does not expect to grant any stock options in fiscal 2023. The weighted average fair values of the options granted during the fiscal year ended September 30, 2020 was $16.61. The following weighted average assumptions were used to estimate the fair values of options granted:

	2020
Risk-free interest rate	1.66%
Expected dividend yield	1.86%
Volatility of common stock	28.17%
Expected life of the options	3.79 years

During the fiscal years ended September 30, 2022, 2021, and 2020, the Company recognized stock option expense of $2.2 million, $4.6 million and $13.0 million, respectively.

Restricted Stock Units

Restricted stock units granted prior to fiscal 2021 vest in full after three years. The majority of the restricted stock units granted beginning in fiscal 2021 and thereafter vest ratably over a three-year period. The estimated fair value of restricted stock units under the Company's restricted stock unit plans is determined by the product of the number of shares granted and the closing grant date market price of the Company's common stock. The estimated fair value of restricted stock units is expensed on a straight-line basis over the requisite service period, net of estimated forfeitures. During the fiscal years ended September 30, 2022, 2021, and 2020, the Company recognized restricted stock unit expense of $71.3 million, $55.8 million, and $39.8 million, respectively.

Expected future compensation expense relating to the 1.8 million restricted stock units outstanding as of September 30, 2022 is $71.2 million, which will be recognized over a weighted average period of 1.1 years.

Performance Stock Units

Performance stock units are granted to certain executive employees under the Plan and represent common stock potentially issuable in the future. Performance stock units vest at the end of a three-year performance period based upon achievement of specific performance goals. Based upon the extent to which the targets are achieved, vested shares may range from 0% to 200% of the target award amount. The fair value of performance stock units is determined by the grant date market price of the Company's common stock. Compensation expense associated with nonvested performance stock units is recognized over the requisite service period and is dependent on the Company's periodic assessment of the probability of the targets being achieved and its estimate of the number of shares that will ultimately be issued. During the fiscal years ended September 30, 2022, 2021, and 2020, the Company recognized performance stock expense of $19.7 million, $38.9 million, and $21.5 million, respectively.

Note 13. Legal Matters and Contingencies

In the ordinary course of its business, the Company becomes involved in lawsuits, administrative proceedings, government subpoenas, government investigations, stockholder demands, and other disputes, including antitrust, commercial, product liability, intellectual property, regulatory, employment discrimination, and other matters. Significant damages or penalties may be sought from the Company in some matters, and some matters may require years for the Company to resolve. The Company records a reserve for these matters when it is both probable that a liability has been incurred and the amount of the loss can be reasonably estimated.

For those matters for which the Company has not recognized a liability, the Company cannot predict the outcome of their impact on the Company as uncertainty remains with regard to whether such matters will proceed to trial, whether settlements will be reached, and the amount and terms of any such settlements. Outcomes may include settlements in significant amounts that are not currently estimable, limitations on the Company’s conduct, the imposition of corporate integrity agreement obligations, consent decrees, and/or other civil and criminal penalties. From time to time, the Company is also involved in disputes with its customers, which the Company generally seeks to resolve through commercial negotiations. If negotiations are unsuccessful, the parties may litigate the dispute or otherwise attempt to settle the matter.

With respect to the specific legal proceedings and claims described below, unless otherwise noted, the amount or range of possible losses is not reasonably estimable. There can be no assurance that the settlement, resolution, or other outcome of one or more matters, including the matters set forth below, during any subsequent reporting period will not have a material adverse effect on the Company’s results of operations or cash flows for that period or on the Company's financial condition.

Opioid Lawsuits and Investigations

A significant number of counties, municipalities, and other governmental entities in a majority of U.S. states and Puerto Rico, as well as numerous states and tribes, filed lawsuits in various federal, state and other courts against pharmaceutical wholesale distributors (including the Company and certain subsidiaries, such as AmerisourceBergen Drug Corporation (“ABDC”) and H.D. Smith), pharmaceutical manufacturers, retail pharmacy chains, medical practices, and physicians relating to the distribution of prescription opioid pain medications.

An initial group of cases was consolidated for Multidistrict Litigation (“MDL”) proceedings before the United States District Court for the Northern District of Ohio (the “Court”) in December 2017. In April 2018, the Court issued an order creating a litigation track, which included dispositive motion practice, discovery, and trials in certain bellwether jurisdictions. In November 2019 and January 2020, the Court filed Suggestions of Remand with the Judicial Panel on Multidistrict Litigation that identified four cases filed against the Company for potential transfer from the MDL back to federal courts in California, Oklahoma, and West Virginia for the completion of discovery, motion practice, and trial. All four cases were remanded to those federal district courts. Trial in the two consolidated cases in West Virginia commenced in May 2021 and concluded in July 2021. On July 4, 2022, the court entered judgment in favor of the defendants, including the Company. The plaintiffs filed an appeal of the court’s decision on August 2, 2022. The Oklahoma case, in which the plaintiff was the Cherokee Nation, was resolved through a settlement with the Cherokee Nation, as announced on September 28, 2021. The California case, in which the plaintiff was the City and County of San Francisco, was resolved pursuant to the comprehensive settlement described below, and all claims against the Company have been dismissed in both cases.

On July 21, 2021, the Company announced that it and the two other national pharmaceutical distributors had negotiated a comprehensive settlement agreement that, if all conditions were satisfied, would result in the resolution of a substantial majority of opioid lawsuits filed by state and local governmental entities. The comprehensive settlement agreement became effective on April 2, 2022 and as of September 30, 2022, it included 48 of 49 eligible states (the “Settling States”) as well as 99% by population of the eligible political subdivisions in the Settling States. Pursuant to the comprehensive settlement agreement and related agreements with Settling States, the Company will pay up to approximately $6.4 billion over 18 years and comply with other requirements, including establishment of a clearinghouse that will consolidate data from all three national distributors. The exact payment amount will depend on several factors, including the extent to which states take action to foreclose opioid lawsuits by subdivisions (e.g., laws barring opioid lawsuits by subdivisions). West Virginia and its

subdivisions and Native American tribes are not a part of the comprehensive settlement agreement and the Company has reached separate agreements with these groups.

On July 22, 2022, the State of Alabama sought and was subsequently granted leave to amend its complaint in a pending state court action against another distributor in order to add the Company as a party. The amended Complaint was filed on July 25, 2022.

The Company recorded accruals related to opioid litigation of $36.6 million, $147.7 million, and $6.6 billion in the fiscal years ended September 30, 2022, 2021, and 2020 in Litigation and Opioid-Related Expenses in its Consolidated Statements of Operations. The Company's accrued litigation liability related to the comprehensive settlement, including an estimate for the State of Alabama (with whom the Company has not reached a settlement agreement), as well as other opioid-related litigation for which it has reached settlement agreements, as described above, was $6.0 billion as of September 30, 2022 and $6.7 billion as of September 30, 2021. The Company currently estimates that $528.7 million will be paid prior to September 30, 2023, which is recorded in Accrued Expenses and Other on the Company's Consolidated Balance Sheet. The remaining long-term liability of $5.5 billion is recorded in Accrued Litigation Liability on the Company's Consolidated Balance Sheet. While the Company has accrued its estimated liability for opioid litigation, it is unable to estimate the range of possible loss associated with the matters that are not included in the settlement accrual. Because loss contingencies are inherently unpredictable and unfavorable developments or resolutions can occur, the assessment is highly subjective and requires judgments about future events. The Company regularly reviews opioid litigation matters to determine whether its accrual is adequate. The amount of ultimate loss may differ materially from the amount accrued to date. Until such time as otherwise resolved, the Company will continue to litigate and prepare for trial and to vigorously defend itself in all such matters. Since these matters are still developing, the Company is unable to predict the outcome, but the result of these lawsuits could include excessive monetary verdicts and/or injunctive relief that may affect the Company's operations.

Other lawsuits regarding the distribution of prescription opioid pain medications have been filed by: third-party payors and similar entities; hospitals; hospital groups; and individuals, including cases styled as putative class actions. These lawsuits, which have been and continue to be filed in federal, state, and other courts, generally allege violations of controlled substance laws and various other statutes as well as common law claims, including negligence, public nuisance, and unjust enrichment, and seek equitable relief and monetary damages. Motion practice and active discovery are ongoing in many of these cases. Ongoing and additional litigation is anticipated in cases filed by subdivisions that are not participating in the global settlement agreement, as well as in cases filed by non-governmental or non-political entities, including hospitals, third-party payors, and individuals, among others. Certain cases related to opioids filed in various state courts have trial dates scheduled in January 2023 and later, although all such dates are subject to change. The Company is vigorously defending itself in the pending lawsuits and intends to vigorously defend itself against any threatened lawsuits or enforcement proceedings.

Since July 2017, the Company has received subpoenas from several U.S. Attorney's Offices, including grand jury subpoenas from the U.S. Attorney's Office for the District of New Jersey ("USAO-NJ") and the U.S. Attorney's Office for the Eastern District of New York ("USAO-EDNY"). Those subpoenas request the production of a broad range of documents pertaining to the Company's distribution of controlled substances through its various subsidiaries, including ABDC, and its diversion control programs. The Company has produced documents in response to the subpoenas and continues to engage in discussions with the various U.S. Attorney's Offices, including the Health Care and Government Fraud Unit of the Criminal Division of the USAO-NJ, the U.S. Department of Justice Consumer Protection Branch and the U.S. Drug Enforcement Administration, in an attempt to resolve these matters.

Shareholder Securities Litigation

On October 11, 2019, Teamsters Local 443 Health Services & Insurance Plan, St. Paul Electrical Construction Pension Plan, St. Paul Electrical Construction Workers Supplemental Pension Plan (2014 Restatement), Retirement Medical Funding Plan for the St. Paul Electrical Workers, and San Antonio Fire & Police Pension Fund filed a complaint for a purported derivative action in the Delaware Court of Chancery against the Company and certain of its current and former officers and directors (collectively, "Defendants"). The complaint alleges that the Defendants breached their fiduciary duties by failing to oversee the compliance by certain of the Company's subsidiaries (including the Company's former subsidiary Medical Initiatives, Inc. ("MII")) with federal regulations, allegedly resulting in the payment of fines and penalties in connection with the settlements with the USAO-EDNY in fiscal 2017 and 2018 that resolved claims arising from MII's pre-filled syringe program. In December 2019, Defendants filed a motion to dismiss the complaint. After briefing and oral argument, on August 24, 2020 the Delaware Court of Chancery denied Defendants' motion to dismiss. On September 24, 2020, the Board of Directors of the Company established a Special Litigation Committee to conduct an investigation concerning the plaintiffs' allegations, and on November 10, 2020, the Delaware Court of Chancery granted the Special Litigation Committee's motion to stay the litigation pending its investigation. On September 22, 2021, the Special Litigation Committee filed its report under seal and moved to dismiss the case. The Special Litigation Committee's motion to dismiss the case is pending.

On July 17, 2020, CCAR Investments, Inc. filed a complaint for a purported derivative action in the United States District Court for the District of Delaware against the Company and certain of its current and former officers and directors ("CCAR Defendants"). The complaint allegedclaims for breach of fiduciary duty, corporate waste and unjust enrichment allegedly arising from the Board's oversight of the Company's controlled substance diversion control programs and violation of Section 14(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). On August 14, 2020, the CCAR Defendants answered the complaint and filed a motion for judgment on the pleadings. On October 29, 2020 the parties filed a stipulation permitting CCAR Investments, Inc. to file an amended complaint on or before November 20, 2020. On December 4, 2020, the parties filed a stipulation tolling the deadline for CCAR Investments, Inc. to file an amended complaint pending the Company's production of certain documents to CCAR Investments, Inc. The Company's production was completed on January 29, 2021. On May 2, 2022, the Court entered a stipulation that the case will be dismissed without prejudice upon the Company providing notice to stockholders through the filing of a Current Report on Form 8-K and subsequent notification to the Court of such filing. On May 6, 2022, the Company provided notice to stockholders through the filing of a Current Report on Form 8-K that the case would be dismissed and gave notice to the Court of the Form 8-K filing.

On December 30, 2021, Lebanon County Employees' Retirement Fund and Teamsters Local 443 Health Services & Insurance Plan filed a complaint for a purported derivative action in the Delaware Court of Chancery against the Company and certain of its current officers and directors. The complaint alleges claims for breach of fiduciary duty allegedly arising from the Board's and certain officers' oversight of the Company's controlled substance diversion control programs. The defendants moved to dismiss the complaint on March 29, 2022. The motion is pending.

Subpoenas, Ongoing Investigations, and Other Contingencies

From time to time, the Company receives subpoenas or requests for information from various government agencies relating to the Company's business or to the business of a customer, supplier, or other industry participant. The Company's responses often require time and effort and can result in considerable costs being incurred. Most of these matters are resolved without incident; however, such subpoenas or requests can lead to the assertion of claims or the commencement of civil or criminal legal proceedings against the Company and other members of the healthcare industry, as well as to substantial settlements.

In January 2017, U.S. Bioservices Corporation ("U.S. Bio"), a former subsidiary of the Company, received a subpoena for information from the USAO-EDNY relating to its activities in connection with billing for products and making returns of potential overpayments to government payers. A filed qui tam complaint related to the investigation was unsealed in April 2019 and the relator filed an amended complaint under seal in the U.S. District Court for the Eastern District of New York. In December 2019, the government filed a notice that it was declining to intervene. The court ordered that the relator's complaint against the Company and other defendants, including AmerisourceBergen Specialty Group, LLC, be unsealed. The relator's complaint alleged violations of the federal False Claims Act and the false claims acts of various states. The relator filed a second amended complaint, removing one state false claims act count. The Company filed a motion to dismiss the second amended complaint and all briefing on the motion was filed with the court on October 9, 2020.

In December 2019, Reliable Pharmacy, together with other retail pharmacies and North Sunflower Medical Center, filed a civil antitrust complaint against multiple generic drug manufacturers, and also included claims against ABDC and H.D. Smith (collectively, the "Company" for this matter description), and other drug distributors and industry participants. The case is filed as a putative class action and plaintiffs purport to represent a class of drug purchasers including other retail pharmacies and healthcare providers. The case has been consolidated for multidistrict litigation proceedings before the United States District Court for the Eastern District of Pennsylvania. The complaint alleges that the Company and others in the industry participated in a conspiracy to fix prices, allocate markets and rig bids regarding generic drugs. In March 2020, the plaintiffs filed a further amended complaint. On July 15, 2020, the Company and other industry participants filed a motion to dismiss the complaint. On May 25, 2022, the Court granted the motion to dismiss without prejudice. On July 1, 2022, the plaintiffs filed an amended complaint, again including claims against the Company and other drug distributors and industry participants. On August 21, 2022, the Company and other industry participants filed a motion to dismiss the amended complaint.

On March 3, 2022, the United States Attorney's Office for the Western District of Virginia notified the Company of the existence of a criminal investigation into MWI Veterinary Supply Co., the Company's animal health subsidiary, in connection with grand jury subpoenas to which MWI previously responded relating to compliance with state and federal regulatory requirements governing wholesale shipments of animal health products to customers in certain states. The Company is cooperating with the investigation.

Note 14. Litigation Settlements

Antitrust Settlements

Numerous lawsuits have been filed against certain brand pharmaceutical manufacturers alleging that the manufacturer, by itself or in concert with others, took improper actions to delay or prevent generic drugs from entering the market. These lawsuits are generally brought as class actions. The Company has not been a named a plaintiff in any of these lawsuits, but has been a member of the direct purchasers' class (i.e., those purchasers who purchase directly from these pharmaceutical manufacturers). None of the lawsuits has gone to trial, but some have settled in the past with the Company receiving proceeds from the settlement funds. During the fiscal years ended September 30, 2022, 2021, and 2020, the Company recognized gains relating to these lawsuits of $1.8 million, $168.8 million, and $9.1 million, respectively. These gains, which are net of attorney fees and estimated payments due to other parties, were recorded as reductions to cost of goods sold in the Company's Consolidated Statements of Operations.

Note 15. Business Segment Information

The Company is organized geographically based upon the products and services it provides to its customers. The Company's reporting structure is comprised of two reportable segments: U.S. Healthcare Solutions and International Healthcare Solutions. International Healthcare Solutions consists of Alliance Healthcare, World Courier, Innomar, Profarma, and Profarma Specialty (until it was divested in June 2022). Profarma had previously been included in the Pharmaceutical Distribution Services reportable segment. The Company's previously reported segment results have been revised to conform to its realigned reporting structure.

The chief operating decision maker ("CODM") of the Company is the Chairman, President & Chief Executive Officer of the Company, whose function is to allocate resources to, and assess the performance of, the Company's operating segments. The CODM does not review assets by operating segment for the purpose of assessing performance or allocating resources.

The U.S. Healthcare Solutions reportable segment distributes a comprehensive offering of brand-name, specialty brand-name and generic pharmaceuticals, over-the-counter healthcare products, home healthcare supplies and equipment, and related services to a wide variety of healthcare providers, including acute care hospitals and health systems, independent and chain retail pharmacies, mail order pharmacies, medical clinics, long-term care and alternate site pharmacies, and other customers. It also offers demand-creating sales force services to manufacturers.

The International Healthcare Solutions reportable segment consists of businesses that focus on international pharmaceutical wholesale and related service operations and global commercialization services. The International Healthcare Solutions reportable segment distributes pharmaceuticals, other healthcare products, and related services to healthcare providers, including pharmacies, doctors, health centers and hospitals primarily in Europe. DISCLOSURE DOCUMENT
FOR THE STATE OF MICHIGAN

NOTICE TO PROSPECTIVE FRANCHISEES IN THE STATE OF MICHIGAN
THE STATE OF MICHIGAN PROHIBITS CERTAIN UNFAIR PROVISIONS THAT ARE SOMETIMES FOUND IN FRANCHISE DOCUMENTS. IF ANY OF THE FOLLOWING PROVISIONS ARE IN THESE FRANCHISE DOCUMENTS, THE PROVISIONS ARE VOID AND CANNOT BE ENFORCED AGAINST YOU.

(A) A prohibition on the right of a franchisee to join an association of franchisees.

(B) A requirement that a franchisee assent to release, assignment, novation, waiver, or estoppel which deprives a franchisee of rights and protections provided in the Michigan Franchise Investment Law. This shall not preclude a franchisee, after entering into a franchise agreement, from settling any and all claims.

(C) A provision that permits a franchisor to terminate a franchise prior to the expiration of its term except for good cause. Good cause shall include the failure of the franchisee to comply with any lawful provision of the franchise agreement and to cure such failure after being given written notice thereof and a reasonable opportunity, which in no event need be more than 30 days, to cure such failure.

(D) A provision that permits a franchisor to refuse to renew a franchise without fairly compensating the franchisee by repurchase or other means for the fair market value at the time of expiration of the franchisee's inventory, supplies, equipment, fixtures, and furnishings. Personalized materials which have no value to the franchisor and inventory, supplies, equipment, fixtures and furnishings not reasonably required in the conduct of the franchise business are not subject to compensation. This subsection applies only if: (1) the term of the franchise is less than 5 years and (2) the franchisee is prohibited by the franchise or other agreement from continuing to conduct substantially the same business under another trademark, service mark, trade name, logotype, advertising, or other commercial symbol in the same area subsequent to the expiration of the franchise or the franchisee does not receive at least 6 months advance notice of the franchisor's intent not to renew the franchise.

(E) A provision that permits the franchisor to refuse to renew a franchise on terms generally available to other franchisees of the same class or type under similar circumstances. This section does not require a renewal provision.
(F) A provision requiring that arbitration or litigation be conducted outside this state. This shall not preclude the franchisee from entering into an agreement, at the time of arbitration, to conduct arbitration at a location outside this state.

(G) A provision which permits a franchisor to refuse to permit a transfer of ownership of a franchise, except for good cause. This subdivision does not prevent a franchisor from exercising a right of first refusal to purchase the franchise. Good cause shall include, but is not limited to:

(1) the failure of the proposed transferee to meet the franchisor's then current reasonable qualifications or standards.
(2) the fact that the proposed transferee is a competitor of the franchisor or subfranchisor.
(3) the unwillingness of the proposed transferee to agree in writing to comply with all lawful obligations.
(4) the failure of the franchisee or proposed transferee to pay any sums owing to the franchisor or to cure any default in the franchise agreement existing at the time of the proposed transfer.

(H) A provision that requires the franchisee to resell to the franchisor items that are not uniquely identified with the franchisor. This subdivision does not prohibit a provision that grants to a franchisor a right of first refusal to purchase the assets of a franchise on the same terms and conditions as a bona fide third party willing and able to purchase those assets, nor does this subdivision prohibit a provision that grants the franchisor the right to acquire the assets of a franchise for the market or appraised value of such assets if the franchisee has breached the lawful provision of the franchise agreement and has failed to cure the breach in the manner provided in subdivision (C).

(l) A provision which permits the franchisor to directly or indirectly convey, assign, or otherwise transfer its obligations to fulfill contractual obligations to the franchisee unless provision has been made for providing the required contractual services.

THE FACT THAT THERE IS A NOTICE OF THIS OFFERING ON FILE WITH THE ATTORNEY GENERAL DOES NOT CONSTITUTE APPROVAL, RECOMMENDATION, OR ENDORSEMENT BY THE ATTORNEY GENERAL.

ADDENDUM TO AMERISOURCEBERGEN DRUG CORPORATION
DISCLOSURE DOCUMENT
FOR THE STATE OF MINNESOTA

1. The Commissioner of Commerce for the State of Minnesota requires that certain provisions in franchise documents be amended to be consistent with Minnesota Franchise Act, Minn. Stat. Section 80.01 et seq., and of the Rules and Regulations promulgated under the Act (collectively the "Minnesota Act"). To the extent that the Franchise Agreement and Franchise Disclosure Document have provisions that are inconsistent with the following, such provisions are hereby amended:

a. The Minnesota Department of Commerce requires that ABDC indemnify Minnesota franchisees against liability to third parties resulting from claims by third parties that a franchisee's use of the Marks infringes trademark rights of the third party. ABDC does not indemnify against the consequences of Customer's use of the Marks except in accordance with the requirements of the Franchise Agreement, and, as a condition to indemnification, Customer must provide notice to ABDC of any such claim within ten (10) days after the earlier of (i) actual notice of the claim or (ii) receipt of written notice of the claim, and must therein tender the defense of the claim to ABDC. If ABDC accepts the tender of defense, ABDC has the right to manage the defense of the claim including the right to compromise, settle or otherwise resolve the claim, and to determine whether to appeal a final determination of the claim. If either the Franchise Agreement or the Franchise Disclosure Document has a provision that is inconsistent with the Minnesota Act, such provision will be superseded by the Minnesota Act's requirements and will have no force or effect.

b. Minnesota Act, Sec. 80C.14, Subd. 4., requires, except in certain specified cases, that Customer be given written notice of ABDC's intention not to renew 180 days prior to expiration of the franchise and that Customer be given sufficient opportunity to operate the franchise in order to enable Customer the opportunity to recover the fair market value of the franchise as a going concern. If either the Franchise Agreement or the Franchise Disclosure Document has a provision that is inconsistent with the Minnesota Act, such provision will be superseded by the Minnesota Act's requirements and will have no force or effect.

c. Minnesota Act, Sec. 80C.14, Subd. 3., requires, except in certain specified cases, that Customer be given 90 days' notice of termination (with 60 days to cure). If either the Franchise Agreement or the Franchise Disclosure Document has a provision that is inconsistent with the Minnesota Act, such provision will be superseded by the Minnesota Act's requirements and will have no force or effect.

d. Minn. Rule 2860.4400(D) prohibits ABDC from requiring Customer to assent to a general release. If either the Franchise Agreement or the Franchise Disclosure Document requires Customer to execute a release of claims or to acknowledge facts that would negate or remove from judicial review any statement, misrepresentation or action that would violate the Franchise Act, such release will exclude claims arising under the Minnesota Act, and such acknowledgments will be void with respect to claims under the Minnesota Act.

e. Minnesota Statutes, Section 80C.21 and Minn. Rule 2860.4400(J) prohibit ABDC from requiring litigation to be conducted outside Minnesota, requiring waiver of a jury trial or requiring Customer to consent to liquidated damages, termination penalties or judgment notes. In addition, nothing in the Franchise Agreement or the Franchise Disclosure Document can abrogate or reduce Customer's rights under Minnesota Statutes, Chapter 80C or Customer's rights to any procedure, forum or remedies provided for by the laws of the jurisdiction.

Notwithstanding anything contained in the franchise agreement or area development agreement to the contrary, you do not have to pay us the initial franchise fee until we perform our pre-opening obligations under the franchise agreement and your first franchised business is open. Once we complete this obligation and you are open, you must immediately pay us all initial fees we deferred.

ADDENDUM TO AMERISOURCEBERGEN DRUG CORPORATION
DISCLOSURE DOCUMENT
FOR THE STATE OF WASHINGTON

In the event of a conflict of laws, the provisions of the Washington Franchise Investment Protection Act, Chapter 19.100 RCW will prevail.

RCW 19.100.180 may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise. There may also be court decisions which may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise.

In any arbitration or mediation involving a franchise purchased in Washington, the arbitration or

mediation site will be either in the state of Washington, or in a place mutually agreed upon at the time of the arbitration or mediation, or as determined by the arbitrator or mediator at the time of arbitration or mediation. In addition, if litigation is not precluded by the franchise agreement, a franchisee may bring an action or proceeding arising out of or in connection with the sale of franchises, or a violation of the Washington Franchise Investment Protection Act, in Washington.

A release or waiver of rights executed by a franchisee may not include rights under the Washington Franchise Investment Protection Act or any rule or order thereunder except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel. Provisions such as those which unreasonably restrict or limit the statute of limitations period for claims under the Act, or rights or remedies under the Act such as a right to a jury trial, may not be enforceable.

Transfer fees are collectable to the extent that they reflect the franchisor's reasonable estimated or actual costs in effecting a transfer.

Pursuant to RCW 49.62.020, a noncompetition covenant is void and unenforceable against an employee, including an employee of a franchisee, unless the employee's earnings from the party seeking enforcement, when annualized, exceed $100,000 per year (an amount that will be adjusted annually for inflation). In addition, a noncompetition covenant is void and unenforceable against an independent contractor of a franchisee under RCW 49.62.030 unless the independent contractor's earnings from the party seeking enforcement, when annualized, exceed $250,000 per year (an amount that will be adjusted annually for inflation). As a result, any provisions contained in the franchise agreement or elsewhere that conflict with these limitations are void and unenforceable in Washington.

RCW 49.62.060 prohibits a franchisor from restricting, restraining, or prohibiting a franchisee from (i) soliciting or hiring any employee of a franchisee of the same franchisor or (ii) soliciting or hiring any employee of the franchisor. As a result, any such provisions contained in the franchise agreement or elsewhere are void and unenforceable in Washington. The undersigned does hereby acknowledge receipt of this addendum.

In lieu of an impound of franchise fees, the Franchisor will not require or accept the payment of any initial franchise fees until the franchisee has (a) received all initial training that it is entitled to under the franchise agreement or offering circular, and (b) is open for business.
