What You Need To Know About Franchising *Generally*

Continuing responsibility to pay fees. You may have to pay royalties and other fees even if you are losing money.

Business model can change. The franchise agreement may allow the franchisor to change its manuals and business model without your consent. These changes may require you to make additional investments in your franchise business or may harm your franchise business.

Supplier restrictions. You may have to buy or lease items from the franchisor or a limited group of suppliers the franchisor designates. These items may be more expensive than similar items you could buy on your own.

Operating restrictions. The franchise agreement may prohibit you from operating a similar business during the term of the franchise. There are usually other restrictions. Some examples may include controlling your location, your access to customers, what you sell, how you market, and your hours of operation.

Competition from franchisor. Even if the franchise agreement grants you a territory, the franchisor may have the right to compete with you in your territory.

Renewal. Your franchise agreement may not permit you to renew. Even if it does, you may have to sign a new agreement with different terms and conditions in order to continue to operate your franchise business.

When your franchise ends. The franchise agreement may prohibit you from operating a similar business after your franchise ends even if you still have obligations to your landlord or other creditors.

Some States Require Registration

Your state may have a franchise law, or other law, that requires franchisors to register before offering or selling franchises in the state. Registration does not mean that the state recommends the franchise or has verified the information in this document. To find out if your state has a registration requirement, or to contact your state, use the agency information in Exhibit A.

Your state also may have laws that require special disclosures or amendments be made to your franchise agreement. If so, you should check the State Specific Addenda. See the Table of Contents for the location of the State Specific Addenda.

Special Risks to Consider About *This* Franchise

Certain states require that the following risk(s) be highlighted:

1. **Out-of-State Dispute Resolution.** The franchise agreement requires you to resolve disputes with the franchisor by mediation, arbitration and/or litigation only in Louisiana. Out-of-state mediation, arbitration, or litigation may force you to accept a less favorable settlement for disputes. It may also cost more to mediate, arbitrate, or litigate with the franchisor in Louisiana than in your own state.
2. **Financial Condition.** The Franchisor's financial condition as reflected in its financial statements (see Item 21) calls into question the Franchisor's financial ability to provide services and support to you.

Certain states may require other risks to be highlighted. Check the "State Specific Addenda" (if any) to see whether your state requires other risks to be highlighted.

Notes:

- (1) This table describes the initial investment by expense category, which you should expect to expend in connection with the operation of a franchise before commencement of the business and for at least a 6-month period thereafter. With the exception of the initial franchise fee, all the expenses listed are **ESTIMATES ONLY**. These expenses are expressed as a range from a projected low amount to a projected high amount. The projected low amount assumes that you will employ 1 TemperaturePro Technician in a franchise area having a population of about 100,000. **If you employ more TemperaturePro Technicians, your initial investment and operating expenses will exceed the projected maximum amount. The number of technician's required, and actual costs may vary for many reasons, including, for example, the geographic size of your franchise area, your call volume or logistical consideration. All fees are non-refundable.**
- (2) Initial Franchise Fee. The initial franchise fee, \$147,500 is based upon a population of 500,000. Franchises are granted for a minimum territory population of 500,000. Which is an exclusive service area of five franchise territories at \$29,500 each. It is not refundable for any reason.
- (3) Printed Marketing Materials. You must purchase invoices ("**Work Orders**") from a Franchisor approved provider before the commencement of operations. In addition, you must purchase other printed materials including business cards, letterhead, envelopes, coupons, and the like.
- (4) HVAC Service.

Vehicle and Business Equipment-Tools: In addition, you must equip the HVAC technician with a fully loaded HVAC truck, equipment, and inventory. We estimate that the vehicle and equipment costs for one technician will be \$30,000. The actual costs will vary and depend on the degree of complexity of this service for your franchise, as we may occasionally permit you to perform HVAC services to a lesser degree or with a reduced inventory of machines, tools, equipment, supplies or stock so long as we are informed of exactly what services are to be rendered, what material resources will be available and what level of training the service provider has achieved and we give prior approval of the arrangement. (The average franchisee will spend approximately \$60,000 for their vehicle and HVAC equipment.) Equipment purchases are items such as electronic gauges, temperature meter, Freon scale, service valve wrench and other items required to perform this function as more specifically defined in our manual.

1 The Franchisor does not finance part of the initial investment, nor does any affiliate.

- (5) Equipment – Office. You must purchase from us or designated sources and use a computer system with the capacity to operate your TemperaturePro business, which may contain proprietary software, and other software specified by us, for the TemperaturePro Franchise System. We estimate that the computer system will cost you \$1,500 and the updating or upgrading will cost you \$1,500. You must obtain a 1,000 square foot office/warehouse space. We estimate that the office/warehouse space will cost approximately \$2,500, depending on the market. Your communication equipment costs will vary according to the number of opening technicians you employ. The projected amount assumes 1 TemperaturePro Technician. If you employ more TemperaturePro Technicians your equipment cost will increase.
- (6) Core & Growth Marketing Management Fees. Pursuant to Article 8.01 of the Franchise Agreement, you must spend \$750 per month on Core Digital Marketing Services. The Digital Growth Advertising Management will cost \$750-\$2,500 per month and is optional and only done as needed. You must purchase these services from our designated vendor, which is currently Blackhawk Digital Marketing.
- (7) Growth Advertising. Pursuant to Article 8.01 of the Franchise Agreement, you must spend \$2,300-\$6,000 per month on Growth Advertising. You must purchase this service from our designated vendor, which is currently Blackhawk Digital Marketing.

Advertising

We administer the TemperaturePro Advertising Fund (the “Ad Fund”). Ownership of the Ad Fund is vested in TemperaturePro Advertising Fund, Inc., an affiliate corporation organized under the laws of the State of Louisiana. All payments to the Ad Fund must be spent on advertising, promotion, and marketing of services provided by the TemperaturePro System, as well as development and enhancement of strategic alliances and business development programs, except for a maximum of 20% of the Ad Fund per year which may be paid to us for expenses attributable to administration of the Advertising Fund. Neither we, nor the Ad Fund, are required to spend any amount on advertising in the area or territory where your franchise is located.

The Ad Fund is administered by our personnel. The Ad Fund is not audited. Of the fiscal year-end date of 12/31/21, forty-five percent (45%) of the Advertising Fund was used for internet & website placement, tv & video production, printed materials, and agency creative consulting. Twenty-nine percent (29%) of the 2021 Advertising Fund was used for administrative expenses such as, management fees, office supplies, shipping, postage, and professional fees. ITEM 12

TERRITORY

You will be granted an exclusive geographic area (the “**Franchise Area**”) within which to operate your Franchised Business. Your Franchise Area will be defined by geographic ZIP code areas. Population is determined by using the latest available U.S. Census numbers.

Sometimes, a ZIP code area or a portion of a ZIP code area may overlap county lines or receive coverage by both the principal telephone directory distributed to your Franchise Area and by a directory that serves as the principal telephone directory for an adjacent franchise area granted. The directory that lists that ZIP code as the “home book AIP code” shall determine the exclusivity for the franchisee.

Territorial exclusivity is not dependent on achieving a certain sales volume, market penetration, or other contingency.

There are no circumstances that permit us to modify the Franchisee’s territorial rights.

If your Franchise Area includes a non-exclusive ZIP code area, you and any other franchise owner whose Franchise area includes the same non-exclusive ZIP code area must operate in the non-exclusive area in accordance with the policies and procedures contained in our Manual, as revised from time to time. Franchisee cannot solicit orders from consumers outside of his or her territory using channels of distribution such as the internet, catalog sales, telemarketing, or other direct marketing.

Prior to the execution of your Franchise Agreement, we will provide you with a written description of your Franchise Area and designate which portion, if any, is deemed to be non-exclusive. We do not assign a minimum population to your Franchise Area; however, we do not grant franchise areas with populations of less than 500,000. We will not allow another franchisee to physically locate its office in another licensed franchised area. You maintain rights to your area even though the population increases.

You will also be provided with a document indicating in which online directories you may advertise without prior permission from us, subject only to the normal advertising approval process specified in the Confidential Franchise Operations System. You may not advertise your franchise in any online directory not specified on this document without our prior written permission.

WE RESERVE THE RIGHT TO REQUIRE YOU TO OFFER THROUGH YOUR FRANCHISED BUSINESS REQUIRED ADDITIONAL SERVICES COMPATIBLE WITH THE TEMPERATUREPRO SYSTEM. We shall exercise this right by notifying you in writing describing the required additional services (“**Required Additional Services**”). As soon as practicable under the circumstances, but not less than 90 days from receipt of the notice, you must secure all training, equipment, tools, inventory, and personnel necessary to offer the Required Additional Services in full compliance with our operating standards. The expenses required for franchisee to secure all training, equipment, tools, inventory, and personnel necessary to offer the additional services is not to exceed \$25,000.00.

You do not receive the right to acquire additional franchises within your area.

You have to comply with the number of vehicles and employees specified in section 6.01 of the Franchise Agreement. You maintain rights to your area even though the population increases.

As provided in section 8.11 of the Franchise Agreement, if you do not properly service or refuse to service a National Account or refuse to provide or not properly provide an authorized or required service to a National Account, we reserve the right on our behalf or on behalf of any affiliate to use alternate channels of distribution, such as the internet, to solicit business within or outside of your Franchise Area to make sales of products or services under our principal trademarks as disclosed in this Disclosure Document. We will not be obligated to pay you any compensation for any such solicitation within your Franchise Area.

Except as discussed above, you are not restricted from soliciting or accepting orders for service inside your defined territory.

Except for non-compliance with the Franchise Agreement, there are no other circumstances that permit the Franchisor to modify the franchisee's territorial rights.

The Franchisor does not allow relocation of the franchised business.

The Franchisor or affiliates has no plans to operate or franchise a business under a different trademark selling goods or services similar to those of the Franchisee.

ITEM 13

TRADEMARKS

Under the Franchise Agreement, we grant you the right to operate a TemperaturePro Franchise using the name “**TemperaturePro**” and the logo design.

We have filed applications with the Proprietary Marks on the Principal Register of the United States Patent and Trademark Office (“**USPTO**”). Subject to our operational standards, you may also use our other current or future trademarks (the “**Licensed Marks**”) to operate your franchise.

The current Licensed Marks consist of:

- A mark “TemperaturePro”- registered on May 24, 2016 and assigned registration number 4,965,219
- A mark depicting the word “TEMPERATURE” in block letters above the word “PRO” in block letters, with the horizontal wave-shaped spaces through the word “PRO”, the words “LATEST TECHNOLOGY TRUSTED SERVICE” below the word “PRO”, and a thermometer positioned to the right of the words “TEMPERATURE” and “PRO”- registered on May 24, 2016 and assigned registration number 4,965,223
- A mark depicting the word “TEMPERATURE” in block letters above the word “PRO” in block letters, with the horizontal wave-shaped spaces through the word “PRO”, the words “LATEST TECHNOLOGY TRUSTED SERVICE” below the word “PRO” and a thermometer positioned to the right of the words “TEMPERATURE” and “PRO” and the phrase “Sleep in comfort tonight. You’ll say thank you TemperaturePro.” below the words “TRUSTED SERVICE.”- registered on November 29, 2016 and assigned registration number 5,091,151

The Licensed Marks are depicted in **Exhibit F** of this Disclosure Document.

We have timely filed, or intend to timely file, with the USPTO all required affidavits of use and renewal applications, when due, for the Licensed Marks. There are no currently effective material determinations of the USPTO, the Trademark Trial and Appeal Board, the trademark administrator of any state, or any court, and no pending infringement, opposition, or cancellation proceeding, or any pending material litigation, involving the Licensed Marks. We do not know of any superior prior rights or infringing uses that could materially affect the franchisee’s use of the principal trademarks in the state of Louisiana or the state in which the Franchised Business is to be located.

We do not as a matter of practice register all of the Licensed Marks under state registration provisions.

You must use the Licensed Marks, including all service marks under Pending Applications, in full compliance with rules prescribed by us. For any such pending applications for unregistered marks for which we do not have federal registrations for, these principal marks do not have many legal benefits and rights as a federally registered trademark.

In addition, you must acknowledge our ownership rights in the Licensed Marks and agree not to use any of the Licensed Marks in a confusingly similar manner in your own corporate or business name.

There are no agreements currently in effect that significantly limit our rights to use or license the use of the Licensed Marks in any manner material to the franchise.

In the event of any infringement of, or challenge to, your use of any Licensed Mark, you are obligated to immediately notify us. We will have sole discretion to take such action as we deem appropriate. In the event we take any action to prosecute or defend an infringement action, at our request you must assist us in any manner deemed reasonable and necessary, at our expense. We are not obligated, however, to defend or indemnify you against a claim arising from your use of the Licensed Marks.

Franchisor and franchisee have the right to control any administrative proceedings or litigation involving a trademark licensed by franchisor to franchisee because both Franchisor and franchisee can incur business and reputation losses that they want to pursue.

Under the Franchise Agreement, we reserve the right, in our sole discretion, to modify or designate new Licensed Marks (including discontinuance of existing Licensed Marks). In that event, you will be required to use the modified or new Licensed Marks at your expense. Any expenses or costs associated with the use by Franchisee of any such new, modified, or replacement Licensed Marks shall be the sole responsibility of the Franchisee.

This financial performance representation does not reflect the costs of sales, operating expenses, or other costs or expenses that must be deducted from the gross revenues or gross sales figures to obtain your net income or profit. You should conduct an independent investigation of the costs and expenses you will incur in operating your (franchised business). Franchisees or former franchisees listed in the disclosure document may be one source of information.

Some outlets have sold this amount. Your individual results may differ. There is no assurance that you will sell as much.

Written substantiation for the financial performance representations will be made available to prospective franchisees on reasonable request.

We do not make any representations about a franchisee's future financial performance or the past financial performance of company-owned or franchised outlets. We also do not authorize our employees or representatives to make any such representations either orally or in writing. If you are purchasing an existing outlet, however, we may provide you with the actual records of that outlet. If you receive any other financial performance information or projections of your future income, you should report it to the franchisor's management by contacting Donald Marks, CEO at 1018 Harding Street, Suite 101, Lafayette, Louisiana 70503 and (337) 233-6211, the Federal Trade Commission, and the appropriate state regulatory agencies.

RECITALS

WHEREAS, Franchisor owns or has the right to license certain trademarks, service marks, copyrights, trade secrets, trade names, and related insignia (the "Licensed Marks") and has developed and owns a system for offering "HVAC" (heating, ventilation, and air-conditioning) services, including management and administrative systems, marketing and advertising programs, effective and HVAC techniques, personnel training, equipment guidelines, the Licensed Marks, including has applied for or filed for the service mark "TemperaturePro®" and certain other elements, all of which constitute part of, system(s) (the "TemperaturePro System").

WHEREAS, Franchisor is developing a national and international network of independent franchisees to which it will license the TemperaturePro System.

WHEREAS, Franchisee has investigated and become familiar with the TemperaturePro System, and desires, upon the terms and conditions set forth herein, to obtain a license to operate a business which will utilize the Licensed Marks and the TemperaturePro System (the "Franchised Business"). Franchisor is willing, upon the terms and conditions set forth herein, to license Franchisee the right to operate the Franchised Business.

WHEREAS, Franchisee understands the vital importance to Franchisor and all members of the TemperaturePro HVAC services system(s) family of companies, including Franchisees, as well as the public, of the constant maintenance of high and uniform standards of quality, appearance, and service and the necessity of opening and continuously operating Franchisee's TemperaturePro franchise in conformity with all aspects of the TemperaturePro System as it may be modified from time to time.

IN CONSIDERATION of the above recitals and of the terms and conditions and mutual promises herein, Franchisor and Franchisee agree as follows:

1. GRANT OF FRANCHISE

- 1.01 Grant. Franchisor grants and conveys to Franchisee, subject to all of the terms and conditions of this Agreement, the exclusive right and license to operate a TemperaturePro Franchise, the ("Franchised Business") in conformity with the TemperaturePro System, in the geographic area (hereinafter designated the "Franchise Area") described in Article 1.03 below, and to use the Licensed Marks, so long as this Agreement is in full force and effect. Franchisee shall only service the Franchise Area, unless otherwise specifically authorized, in writing, by Franchisor. The rights and privileges granted to Franchisee under this Agreement are applicable only to the Franchise Area, are personal in nature, and may not be used in any other geographic location by Franchisee.
- 1.02 Initial Franchise Fee. Franchisee shall pay to Franchisor with certified funds, contemporaneously with the signing of this Agreement, the initial franchise fee of \$ USD. Initial Franchise Fee is fully earned when paid and non-refundable.
- 1.03 Franchise Area. The Franchise Area referred to in Article 1.01 above is defined as:

- 1.04 Required Services, Authorized Services and Required Additional Services. The TemperaturePro System currently consists of three required services: (i) heating services, (i) ventilation services, (iii) air conditioning services ("Required Services"). Franchisor may also authorize Franchisee to offer other services authorized by Franchisor, from time to time ("Authorized Services"). Currently, insulation is an additional Authorized Service. However, Franchisor reserves the right to require Franchisee to offer other additional services compatible with the TemperaturePro System which Franchisor may authorize in the future (hereinafter "Required Additional Services"). Franchisor shall exercise this right by notifying Franchisee in writing describing the Required Additional Services. (The above requirement to offer residential and commercial HVAC services is a written notification of required additional services.) Franchisee shall, as soon as practicable under the circumstances, but not more than ninety (90) days from receipt of the notice, secure all training, equipment, tools, inventory, and personnel necessary to offer the Required Additional Services in full compliance with the standards established by Franchisor. Franchisee must use a computer system, which may contain proprietary and other software specified by Franchisor that meets our standards. Franchisee shall obtain HVAC training from an approved HVAC school, an independent approved HVAC trainer or from Franchisor, as designated from time to time by Franchisor.
- 1.05 Franchisor's Reservation of Rights. Franchisee expressly acknowledges and agrees that Franchisor may itself operate and grant to others the right to operate within the Franchise Area any business not utilizing the Licensed Marks and not offering the Required Services or Required Additional Services. In addition, Franchisee acknowledges and agrees that Franchisor may itself operate and grant to others the right to operate

TemperaturePro Franchises at any location other than the Franchise Area. In the event Franchisor has reason to believe that Franchisee is not adequately providing any one or more of the Authorized Services required by Franchisor in the Franchise Area, Franchisor may itself operate or grant to others the right to perform such Authorized Service(s) not being adequately provided by such Franchisee in such Franchise Area without waiving Franchisor's right to terminate this Franchise Agreement as provided in this Agreement. Additionally, in the event Franchisee is not currently providing an Authorized Service (which is not otherwise required by Franchisor to be provided) in the Franchise Area, Franchisor may itself operate or grant to others the right to perform such Authorized Service(s) not then being provided by such Franchisee in such Franchise Area.

- 1.06 Franchise Area Adjustment. Franchisee agrees to allow Franchisor or its designee to directly manipulate any mapping related to TemperaturePro services provided to ensure that coverage areas outlined in this Agreement are compliant with the Agreement. This includes third party software providers that the Franchisee may contract with to provide their call management services, including but not limited to Pulsar or any other future systems that Franchisor or Franchisee may decide to deploy.

Obligation to notify: Franchisees who receive requests for service in an area where they do not provide service but is owned by another Franchisee will notify the customer that they do not provide service in that area and direct them, at a minimum, to the temperaturepro.com website. Optimally, the Franchisee will provide the contact information for the other Franchise, if logistically possible and safe to do at the time.

2.00 TERM AND RENEWAL

- 2.01 Term. The term of this Agreement shall extend for a period of ten (10) years from the Effective Date, unless sooner terminated in accordance with Article 12 hereinafter.

- 2.02 Renewal. Franchisee may renew its franchise in additional ten (10) year increments subject to the following terms and conditions:

- (i) During the term of this Agreement, Franchisee shall not be or have been in default in the performance of any material obligation under this Agreement which has not been cured within thirty (30) days of written notification of such default by Franchisor, or Franchisee is not otherwise subject to immediate termination under Article 12.01 of this Agreement;
- (ii) Eighteen (18) months prior to the date of expiration of this Agreement, Franchisee shall provide Franchisor with written notice indicating its election to exercise its right to renew the franchise;
- (iii) So long as Franchisee is in compliance with (i) and (ii) above, within ninety (90) days prior to the expiration of the term of this Agreement, Franchisor shall submit to Franchisee the then-current Franchise Agreement being required of new franchisees which may contain terms and conditions substantially different from those contained herein, including without limitation, increased fees and duration of renewal terms, except that the renewal term shall not be less than ten (10) years, the royalty provided in Article 4.01 shall not exceed ten (10%) percent, and the

- advertising and marketing fee provided in Article 4.02 shall not exceed two (2%) percent. Franchisee shall not be required to pay any renewal franchise fees; and
- (iv) Franchisee must execute the new Franchise Agreement and return it to the Franchisor at least thirty (30) days prior to the commencement of the new ten (10) year term.

3.00 TRAINING AND OPERATING ASSISTANCE

- 3.01 Franchisee's Training. Franchisor shall provide Franchisee and/or its Designated Manager a franchisee's orientation and training program at Franchisor's offices in Lafayette, Louisiana, at another training location specified by Franchisor or (at the option of Franchisor) at Franchisee's business location. The Franchisee's training program shall consist of instruction in the management and operation of a TemperaturePro franchise including, without limitation, marketing, communications systems, bookkeeping, and employer-employee relations (hereinafter "Franchisee's Training"). The Franchisee's Training is mandatory and shall have a minimum duration of four (4) days, commencing as soon as practicable after signing the Franchise Agreement and prior to the commencement of operations of the Franchised Business. Depending on the business, marketing and financial abilities of the owner, the Franchisee training may have a duration of three (3) days. Franchisor shall provide the Franchisee's Training without additional charge, except that Franchisee shall be responsible for its own transportation, meals and lodging expenses incurred in connection with attending the program at Franchisor's offices. In the event such training is conducted at Franchisee's business location or at a location other than Franchisor business location, Franchisee shall reimburse Franchisor for all transportation, meals, and lodging expenses incurred by Franchisor in connection with such training.
- 3.02 Operating Assistance. Franchisor will provide Franchisee with operational and management counseling, as we deem helpful, during the term of this Agreement upon Franchisee's request. Franchisor will have ongoing access to Franchisee's accounting, invoice and other information stored on Franchisee's computers. Franchisor will revise and update annually (and at more frequent intervals if deemed necessary in Franchisor's discretion) all technical bulletins and/or technical manuals and provide same to Franchisee. In addition, Franchisor will advise Franchisee periodically regarding significant new developments, if any, applicable to the TemperaturePro System which may encompass the following:
- (i) Advice, guidance and/or training regarding new management techniques, procedures, standards, or methods;
 - (ii) Advice, guidance and/or training regarding new service techniques, procedures, standards, methods and/or tools; or
 - (iii) Advice or guidance with local advertising and marketing.
- 3.03 Equipment- HVAC Service. In addition, Franchisee will be required to equip the service technicians with a fully loaded truck, equipment, and inventory. Franchisor estimates the cost of one fully loaded truck, equipment, and inventory to be \$30,000. The actual cost of

this will vary and depend on the degree of complexity of this service for your franchise, as we may occasionally permit you to perform service to a lesser degree or with a reduced inventory of machines, tools, equipment, supplies or stock so long as we are informed of exactly what services are to be rendered, what material resources will be available and what level of training the service provider has achieved and we give prior approval of the arrangement. The average Franchisee will spend approximately \$30,000 for one HVAC fully loaded truck and equipment.

- 3.05 Sales Training. Mandatory, for at least one employee or Franchise owner, sales training shall be provided through a designated and approved training entity (“Initial Sales Training Program”) to Franchisee and its employees, each of whom must have executed the non-disclosure and non-competition agreements under Article 10.04 below prior to the commencement of training. - (iii) Franchisee must demonstrate to Franchisor's reasonable satisfaction that the prospective assignee has the good moral character, professional qualifications, financial ability, and other qualifications required by the Franchisor of a TemperaturePro Franchisee at the time of such transfer.
- (iv) Prior to the consummation of any such transfer, the Franchisee shall pay all sums owing to Franchisor, to cure any breaches of the Franchise Agreement, and to comply with all other applicable transfer requirements designated in the Manuals or as otherwise communicated by the Franchisor to the Franchisee in writing.
- (v) Franchisee must execute a general release of all claims, if any, it may have or believes it may have against Franchisor.
- (vi) Franchisee's assignee must attend New Franchisee Training at a cost of \$750.00

- 11.02 Assignment by Sole Proprietor to Legal Entity. Franchisee may assign, without penalty and without the payment of any transfer fee to the Franchisor, this Agreement to a corporation or other legal entity which it may own or form in the future, provided only that Franchisee shall at all times remain in control of and own all of the outstanding stock in said corporation and act as the principal officer(s) and director(s) thereof. The Franchisee shall be and remain, together with the corporation and its shareholders, jointly and severally liable for all obligations under this Agreement and for all breaches thereof. The corporation shall execute a then-current form of Franchise Agreement and each shareholder shall execute a written guaranty by which each personally guarantees the performance of all obligations under this Agreement.
- 11.03 Assignment by Franchisor. Franchisor reserves the right to sell or assign any portion of its interest in this Agreement, provided that the transferee assumes all obligations of Franchisor thereunder.
- 11.04 Franchisor's Right of First Refusal. If Franchisee desires to sell or assign its rights under this Agreement for value, Franchisee shall first notify Franchisor in writing of such intention and offer to sell such rights to Franchisor upon the terms and conditions set forth in such notice, which shall be at least as favorable as those offered by a bona fide third party (and such notice shall include a copy of such third party offer), net of any business brokerage commissions. If Franchisor declines or fails to accept the offer within 30 days of receipt, Franchisee may sell or assign the Franchise to such bona fide third party based upon the terms of said offer, provided that all applicable requirements of Article 11 hereof are satisfied.
- 11.05 Death or Incapacity of Franchisee. In the event of the death or mental incompetence of a sole proprietor or partner Franchisee, the executor, administrator, or personal representative of the Franchisee may transfer the rights under this Agreement to Franchisee's heirs, legatees, or successors, provided only that such heirs, legatees, or successors meet the then-current qualifications required of a TemperaturePro Franchisee and further provided that such heirs, legatees, or successors agree in writing to be bound by the terms of this Agreement. If not, the executor, administrator, or personal representative of the Franchisee shall have a period of three (3) months following the failure to qualify to sell the deceased's interest in the Franchise Agreement to an assignee acceptable to Franchisor as provided in Article 11.01. If such a sale is not concluded within that period, Franchisor may terminate this Agreement. Franchisor shall have the right, but not the obligation, to manage/operate Franchisee's Franchised Business, for reasonable costs and management fee, until a qualified Franchisee and manager owns and operates the Franchised Business

12.00 DEFAULT AND TERMINATION

- 12.01 Immediate Termination. Franchisor shall have the right to terminate this Agreement and all rights granted hereunder immediately upon written notice to Franchisee without opportunity to cure for the following reasons:

- (i) If Franchisee transfers any rights or obligations arising from this Franchise Agreement to any third party without Franchisor's prior written consent.
- (ii) If the Franchisee or the Franchised Business is declared bankrupt or judicially determined to be insolvent, or all or a substantial part of the assets thereof are assigned to or for the benefit of any creditor, or the Franchisee admits or by other actions evidences its inability to pay its debts as they come due;
- (iii) If the Franchisor and Franchisee agree in writing to terminate this Agreement;
- (iv) If Franchisee fails to commence the operation of the Franchised Business on the date and as directed by Franchisor, abandons the Franchised Business or ceases to actively remain open for business for seven (7) consecutive days, or any shorter period after which it is reasonable under the facts and circumstances for Franchisor to conclude that Franchisee does not intend to continue to operate the Franchised Business or provide all of the Required or Additional Required Services;
- (v) If the Franchisee is found by a court of competent jurisdiction to have committed an offense which damages the goodwill associated with the Licensed Marks or the TemperaturePro System;
- (vi) If the Franchisee makes any materially false statements or reports to the Franchisor in connection with the Franchise Agreement or the application thereto;
- (vii) If on more than two (2) occasions within any consecutive twelve (12) month period during the term of this Agreement, Franchisee has been in default of its payment obligations under Article 4.01 and 4.02, or its reporting obligations under Article 9.02 of this Agreement; or
- (viii) If on more than two (2) occasions within any consecutive twelve (12) month period during the term of this Agreement, Franchisee is found to be in repeated violation of other material compliance requirements specified in this Agreement (Including, but not limited to, Articles 8.01, 8.03, 9.05, and complete compliance with the uniform and vehicle identification standards set forth in the Operations Manual).

12.02 Termination Effective After Notice and Opportunity to Cure. Franchisor may, for “good cause” as set forth below, terminate this Agreement effective at the end of thirty (30) days after written notice and opportunity to cure, to Franchisee. The meaning of the term “good cause” shall include, but not be limited to, the occurrence of any of the following acts of default:

- (i) The Franchisee is in default in the prompt reporting and full payment of any financial obligation due to Franchisor under this Agreement; or
- (ii) Franchisee fails to meet the performance quotas in any year during the term as set out in Article 6.01.
- (iii) The Franchisee refuses, neglects or fails to perform any provision of this Agreement or fails to remain in full compliance with each of the provisions of the then-current Manuals as revised from time to time; or
- (iv) Any final judgment or ruling against Franchisee relating to the Franchised Business remains unsatisfied for a period of thirty (30) days.

- 12.03 Termination by Franchisee. Franchisee may not terminate this Agreement prior to the expiration of its term except through legal process, and as required by Article 18.00 herein, and only for material breach of this Agreement by Franchisor, or with Franchisor's consent. In the event that Franchisee shall claim that Franchisor has failed to meet any obligation under this Agreement, Franchisee shall provide Franchisor with written notice of such claim, within one (1) year of its occurrence, specifically enumerating all alleged deficiencies and providing Franchisor with an opportunity to cure, which shall in no event be less than thirty (30) nor more than sixty (60) days from the date of receipt of such notice by Franchisor from Franchisee. Failure to give such notice shall constitute a waiver of any such alleged default.
- 12.04 Conformity with State Law. Notwithstanding the provisions of this Article 12.00, if any valid, applicable law or regulation of a competent governmental authority having jurisdiction over the franchise and the parties to this Agreement shall limit the Franchisor's rights of termination or shall require longer notice periods than those set forth above, the Franchise Agreement is deemed amended to conform to such rules and regulations.

13.00 OBLIGATIONS UPON TERMINATION OR NON-RENEWAL

- 13.01 Effect of Termination. Upon notice by Franchisor to Franchisee of the termination or non-renewal of this Agreement, Franchisee shall:
- (i) Immediately (a) cease to be a Franchisee of Franchisor under this Agreement and (b) cease to operate under or use the Licensed Marks and the TemperaturePro System. Additionally, Franchisee shall begin immediately to take all steps necessary or required by Franchisor to disassociate itself from Franchisor and the TemperaturePro System.
 - (ii) Immediately pay all sums owing to Franchisor. Upon termination resulting from any default by Franchisee, such sums shall include actual damages, costs, and expenses, including reasonable attorneys' fees incurred by Franchisor as a result of the default.
 - (iii) Within ten (10) days after the effective date of the expiration or termination of this Agreement, return to Franchisor the Manuals and all trade secret and other confidential materials, and all copies thereof, along with all TemperaturePro equipment, and other property owned by Franchisor in the possession of Franchisee.
 - (iv) Take such action as may be required by Franchisor, at Franchisor's sole option, to transfer and assign (or to disconnect and forward) to Franchisor or its designee all telephone numbers, white and yellow page telephone references and advertisements, and all trade and similar names registrations and business licenses, and to cancel any interest which Franchisee may have in the same, which Franchisee used to receive calls from the public or which were used for the Franchised Business. In that event, Franchisor shall from the effective date of termination or non-renewal of this Agreement assume financial responsibility for charges accruing for the use of said telephone numbers.

- (v) Cease to use in advertising, or in any manner whatsoever, any Licensed Marks, methods, procedures, or techniques associated with the TemperaturePro System.
- (vi) Not operate or engage in the same or similar business more fully set forth in this Agreement under the heading "Non-Competition" and "Confidentiality" in Article 10.
- (vii) If Franchisor terminates this Agreement for cause, all royalty and ad fund fees described in this Agreement, based on royalties and ad fund yearly payments for the past two years, will be due for the remainder of the current term of this Agreement.
- (viii) Immediately give Franchisor primary ownership administrative access to Facebook, YouTube, LinkedIn, Twitter, and all other social media accounts associated with the Franchise.
- (ix) Immediately delete all lead generation sites and online listings.
- (x) Immediately transfer ownership to Franchisor for any domain created without Franchisor approval.

14.00 TAXES, PERMITS, AND INDEBTEDNESS

- 14.01 Taxes. Franchisee shall promptly pay when due any and all federal, state, and local taxes including without limitation unemployment and sales taxes, levied or assessed with respect to any services or products furnished, used, or licensed pursuant to this Agreement and all accounts or other indebtedness of every kind incurred by Franchisee in the operation of the Franchised Business.
- 14.02 Regulations. Franchisee shall comply with all federal, state, and local laws, rules and regulations and timely obtain any and all permits, certificates, and licenses for the full and proper conduct of the Franchised Business.
- 14.03 Responsibility for Debts. Franchisee hereby expressly covenants and agrees to accept full and sole responsibility for any and all debts and obligations incurred in the operation of the Franchised Business.

15.00 INDEMNIFICATION, INDEPENDENT CONTRACTOR STATUS, AND INSURANCE

- 15.01 Indemnity. Franchisee agrees to indemnify, hold harmless and defend Franchisor, and its directors, officers, employees, agents, attorneys, and shareholders, jointly and severally, from and against any and all fines, claims, actions, proceedings, damages, costs, expenses, and other losses and liabilities, (including without limitation attorneys' fees and accountants' fees) as a result of, arising out of, or connected with the operation of the Franchised Business, including, but not limited to, any civil or criminal acts committed by Franchisee or its employees outside the normal course and scope of the Franchised Business.

15.02 Relationship of Parties. The relationship between Franchisor and Franchisee is that of franchisor and franchisee. No other relationship is intended or created hereby. Neither Franchisee nor any person employed by Franchisee or shall at any time represent or hold itself out as being, an employee, partner, joint venture, subsidiary, or affiliate of Franchisor. Franchisee shall not incur any obligation on behalf of Franchisor. Franchisee is and shall remain an independent business entity and nothing in this Agreement or otherwise shall be construed to create an agency relationship, a partnership, or a joint venture between Franchisee and Franchisor. Neither Franchisee nor Franchisor shall act as the agent of the other, and neither Franchisee nor Franchisor shall guarantee or become in any way responsible for the obligations, debts, or expenses of the other. Franchisor shall not be entitled to share in the profits of Franchisee nor be required to share in Franchisee's losses or liabilities, nor have any ownership or equity interest in the Franchise, nor regulate the hiring or firing of Franchisee's employees or other persons performing functions on behalf of the Franchisee, nor regulate working conditions or determine whom the Franchisee shall accept as customers, except to the extent necessary to protect the Licensed Marks and the goodwill associated therewith, or to service National Accounts. The conduct of Franchisee's business shall be determined by its own independent reasonable business judgment and discretion, subject only to the provisions of this Agreement and the Manuals. Nothing herein or otherwise shall create the relationship of trustee or beneficiary between Franchisor and Franchisee.

15.03 Insurance. Franchisee shall, at its expense and no later than upon commencement of the business contemplated by this Agreement, procure and maintain in full force and effect throughout the term of this Agreement the types of insurance enumerated in the Manuals or otherwise in writing which shall be in such amounts as may from time to time be required by Franchisor and which shall designate Franchisor as an additional named insured, including, but not limited to, the following: (i) Workers' Compensation insurance as prescribed by applicable state law; (ii) comprehensive general liability insurance covering the operation of the Franchised Business with limits of not less than \$1 million; (iii) automobile and general liability insurance on all vehicles owned by the Franchised Business with limits of not less than \$1 million, and (iv) hired, non-owned automobile liability insurance covering vehicles owned by employees of Franchisee and used in the performance of their duties with limits of not less than \$1 million. Unless a different time period is specified in this Agreement, Franchisor shall respond with its approval or disapproval within fifteen (15) days of receipt of such request. If Franchisor has not specifically approved a request within such fifteen (15) day period, such failure to respond shall be deemed disapproval of any such request.

- 16.02 Waiver Provision. No failure of Franchisor to exercise any power reserved to it by this Agreement and no custom or practice of the parties at variance with the terms hereof shall constitute a waiver of Franchisor's right to demand exact compliance with any of the terms herein. No waiver or approval by Franchisor of any particular breach or default by Franchisee, nor any delay, forbearance, or omission by Franchisor to act or give notice of default or to exercise any power or right arising by reason of such default hereunder, nor acceptance by Franchisor of any payments due hereunder shall be considered a waiver or approval by Franchisor of any preceding or subsequent breach or default by Franchisee of any term, covenant, or condition of this Agreement.
- 16.03 No Warranty of Uniform Terms. No warranty or representation is made by Franchisor that all TemperaturePro System franchise agreements heretofore or hereafter issued by Franchisor do or will contain terms substantially similar to those contained in this Agreement. Further, Franchisee recognizes and agrees that Franchisor may, in its reasonable business judgment, due to local business conditions or otherwise, waive or modify comparable provisions of other franchise agreements heretofore or hereafter granted to other TemperaturePro System Franchisees in a non-uniform manner, subject, however, to those provisions of this Agreement which require Franchisor to act toward its Franchisees on a reasonably non-discriminatory basis.
- 16.04 Entire Agreement. This Franchise Agreement contains the entire agreement between the parties and supersedes any and all prior agreements or negotiations concerning the subject matter hereof and may only be modified or amended by mutual written agreement. Notwithstanding the foregoing, nothing in this Agreement shall disclaim or require Franchisee to waive reliance on any representation that Franchisor made in the Disclosure Document (including its exhibits and amendments) that Franchisor delivered to Franchisee or its representative. Subject to such disclosure document, there are no representations, warranties, earnings, revenue or other claims, agreements, promises, arrangements, or understandings, oral or written, between the parties hereto relating to the subject matter which are not fully expressed herein.

20.00 SEVERABILITY AND CONSTRUCTION

- 20.01 Severability. 1. Item 17, “Renewal, Termination, Transfer and Dispute Resolution,” shall be amended by the addition of the following:

2. This addendum to the Disclosure Document shall be effective only to the extent, with respect to such provision, that the jurisdictional requirements of the Rhode Island Franchise Investment Act, §§ 19-28.1-1 through 19-28.1-34, are met independently without reference to this addendum to the Disclosure Document.

Washington Disclosure

In recognition of the Washington Franchise Investment Protection Act is located at Wash. Rev. Code §§ 19.100.010 to 19.100.940, the Franchise Disclosure Document for SystemForward America, LLC in connection with the offer and sale of franchises for use in the State of Washington shall be amended to include the following:

1. Item 17, “Renewal, Termination, Transfer and Dispute Resolution,” shall be amended by the addition of the following paragraphs at the conclusion of the Item:

The state of Washington has a statute, RCW 19.100.180, which may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise. There may also be court decisions which may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise.

In any arbitration or mediation involving a franchise purchased in Washington, the arbitration or mediation site will be either in the state of Washington, or in a place mutually agreed upon at the time of the arbitration or mediation, or as determined by the arbitrator or mediator at the time of arbitration or mediation. In addition, if litigation is not precluded by the franchise agreement, a franchisee may bring an action or proceeding arising out of or in connection with the sale of franchises, or a violation of the Washington Franchise Investment Protection Act, in Washington.

In the event of a conflict of laws, the provisions of the Washington Franchise Investment Protection Act, Chapter 19.100 RCW will prevail.

A release or waiver of rights executed by a franchisee may not include rights under the Washington Franchise Investment Protection Act or any rule or order thereunder except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel. Provisions such as those which unreasonably restrict or limit the statute of limitations period for claims under the Act, or rights or remedies under the Act such as a right to a jury trial, may not be enforceable.

Pursuant to RCW 49.62.020, a noncompetition covenant is void and unenforceable against an employee, including an employee of a franchisee, unless the employee’s earnings from the party seeking enforcement, when annualized, exceed \$100,000 per year (an amount that will be adjusted annually for inflation). In addition, a noncompetition covenant is void and unenforceable against an independent contractor of a franchisee under RCW 49.62.030 unless the independent contractor’s earnings from the party seeking enforcement, when annualized, exceed \$250,000 per year (an

amount that will be adjusted annually for inflation). As a result, any provisions contained in the franchise agreement or elsewhere that conflict with these limitations are void and unenforceable in Washington.

RCW 49.62.060 prohibits a franchisor from restricting, restraining, or prohibiting a franchisee from (i) soliciting or hiring any employee of a franchisee of the same franchisor or (ii) soliciting or hiring any employee of the franchisor. As a result, any such provisions contained in the franchise agreement or elsewhere are void and unenforceable in Washington.

Transfer fees are collectable to the extent that they reflect the franchisor's reasonable estimated or actual costs in effecting a transfer.

Use of Franchise Brokers. The franchisor may use the services of franchise brokers to assist it in selling franchises. A franchise broker represents the franchisor and is paid a fee for referring prospects to the franchisor and/or selling the franchise. Do not rely only on the information provided by a franchise broker about a franchise. Do your own investigation by contacting the franchisor's current and former franchisees to ask them about their experience with the franchisor.

2. Each provision of this addendum to the Disclosure Document shall be effective only to the extent, with respect to such provision, that the jurisdictional requirements of the Washington Franchise Investment Protection Act, is located at Wash. 7. Pursuant to RCW 49.62.020, a noncompetition covenant is void and unenforceable against an employee, including an employee of a franchisee, unless the employee's earnings from the party seeking enforcement, when annualized, exceed \$100,000 per year (an amount that will be adjusted annually for inflation). In addition, a noncompetition covenant is void and unenforceable against an independent contractor of a franchisee under RCW 49.62.030 unless the independent contractor's earnings from the party seeking enforcement, when annualized, exceed \$250,000 per year (an amount that will be adjusted annually for inflation). As a result, any provisions contained in the franchise agreement or elsewhere that conflict with these limitations are void and

unenforceable in Washington.

8. RCW 49.62.060 prohibits a franchisor from restricting, restraining, or prohibiting a franchisee from (i) soliciting or hiring any employee of a franchisee of the same franchisor or (ii) soliciting or hiring any employee of the franchisor. As a result, any such provisions contained in the franchise agreement or elsewhere are void and unenforceable in Washington.

IN WITNESS WHEREOF, the parties hereto have duly executed and delivered this Washington amendment to the Franchise Agreement on the same date as the Franchise Agreement was executed.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
And Stockholders of
SystemForward America, LLC
Lafayette, Louisiana

Opinion

We have audited the accompanying financial statements of SystemForward America, LLC (a Subchapter S Corporation), which comprise the balance sheets as of December 31, 2021 and 2020, and the related statements of income, changes in stockholders' equity and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of SystemForward America, LLC as of December 31, 2021 and 2020, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of SystemForward America, LLC and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SystemForward America, LLC's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SystemForward America, LLC's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SystemForward America, LLC's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

SYSTEMFORWARD AMERICA, LLC

Notes to Financial Statements

D. Trade accounts and notes receivable

An allowance for anticipated losses on trade accounts and notes receivable, primarily for royalty receivables from franchisees, are recorded at the balance sheet dates. The allowance for doubtful accounts is maintained at a level that is considered adequate by management to absorb potential credit losses based on customer credit information, historical performance, and projected economic trends. Receivables are written-off when deemed uncollectible which occurs after management has used reasonable collection efforts.

E. Inventory

Inventories consist primarily of tool kits and logo apparel and are stated at the lower of cost (first-in, first-out) or market value.

F. Property and Equipment

Property and equipment are stated at cost. Depreciation of property and equipment is provided using the straight-line method for financial reporting purposes at rates based on the following estimated useful lives:

Vehicle	5 years
Machinery and Equipment	3-10 years
Furniture and Fixtures	5-10 years

Expenditures for major renewals and betterments that extend the useful lives of property and equipment are capitalized. Routine expenditures for repairs and maintenance are expensed as incurred. The cost and related accumulated depreciation of property and equipment disposed of are eliminated from the accounts, and any resulting gain or loss is recognized.

G. Goodwill

The Company amortizes goodwill on a straight-line basis over a 15-year useful life and only evaluates goodwill for impairment at the entity level when a triggering event occurs.

H. Revenue Recognition

The Company sells individual franchises. The franchise agreements typically require the franchisee to pay an initial, non-refundable fee prior to opening the respective locations and continuing royalty fees on a monthly basis based upon a percentage of franchisee sales. The initial term of franchise agreements are typically 10 years. Subject to the Company's approval, a franchisee may generally renew the franchise agreement upon its expiration. If approved, a franchisee may transfer a franchise agreement to a new or existing franchisee, at which point a transfer fee is typically paid by the assignee. The assignee assumes all duties, obligations, and liabilities of the franchisee. They assume the

SYSTEMFORWARD AMERICA, LLC

Notes to Financial Statements

original franchise agreement which shall expire on the initial expiration date. If a contract is terminated prior to its term, all sums owed to the Franchisor become due immediately.

Under the terms of the franchise agreements, the Company promised to provide franchise rights, pre-opening services such as franchisee and sales training, and ongoing support. Prior to the adoption of Topic 606, initial franchise fees paid by the franchisees were recognized as revenue in their entirety when the agreement was made. Upon adoption of Topic 606 on January 1, 2019, the Company determined that franchise rights, franchisee and sales/employee training and ongoing support represented two separate performance obligations. The franchise rights, and ongoing support is deemed one performance obligation which is covered by the initial franchise fee paid. Revenue from the franchise fee is recognized on a straight-line basis over the duration of the agreement to ensure that the revenue recognition aligns with the customer's access to the franchise rights. The Company determined that sales/employee training is one performance obligation that is offered by the franchisor for an additional cost to their employees and sales representatives. Revenue for sales/employee training is recognized when training is complete.

Franchise fees that are payable over intervals which exceed one year and have no provision for interest are discounted at an imputed interest rate. Broker fees incurred which are related to franchisee fees are payable as franchise fees are collected and recorded utilizing similar accounting treatment for presentation in the financial statements. At December 31, 2021 and 2020, \$0 and \$0, respectively, was included in deferred revenues related to franchise fees receivables on the initial franchise fees.

Royalty income is recognized during the respective franchise agreement based on the royalties earned each month as the underlying franchisees sales occur. Adoption of Topic 606 did not change when the royalty revenue is recognized.

I. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

J. Income Taxes

The Company, with the consent of its stockholders, has elected under the Internal Revenue Service Code to be a Small Business Corporation, an "S" corporation. In lieu of corporation income taxes, the stockholder of an "S" corporation is taxed on his proportionate share of the Company's taxable income. Therefore, no provision or liability for federal or state income taxes has been included in these financial statements.

Management has determined that the Company does not have any uncertain tax positions and associated unrecognized benefits that materially impact the financial statements or related disclosures. Since tax matters are subject to some degree of uncertainty, there can be no assurance that the Company's tax returns will not be challenged by the taxing authorities and that the Company's shareholders will not be subject to

SYSTEMFORWARD AMERICA, LLC

Notes to Financial Statements

additional tax, penalties, and interest as a result of such challenge. Generally, the Company's tax returns remain open for three years for federal and state income tax examination.

K. Advertising Funds

Franchise agreements require the franchisee to pay continuing marketing fees on a monthly basis, based on a percentage of franchisee sales. The advertising fees are to be used only for advertising the Pop-A-Lock System, Temperature ProSystem, and the Plumbing Pro System to the general public. The Company expenses advertising costs as they are incurred. Advertising expenses for the years ended December 31, 2021 and 2020 was \$204,491 and \$180,641, respectively.

The advertising funds are separate legal entities under common ownership. The advertising funds are administered by board members made up of franchisees. The advertising funds are not reflected in the financial statements.

(3) Concentrations of credit risk

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist primarily of cash, marketable securities, and receivables.

The balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. As of December 31, 2021, uninsured cash balances total \$994,472.

SYSTEMFORWARD AMERICA, LLC

Notes to Financial Statements

Marketable securities

Marketable securities are carried at estimated fair value within the financial statements.

In accordance with FASB ASC 820-10-50-1, the Company groups assets and financial liabilities measured at fair value on a recurring basis in three levels, based on the markets in which the assets and liabilities are traded, and the reliability of the assumptions used to determine the fair value. These levels are:

Level 1 - Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Level 1 also includes securities that are traded by dealers or brokers in active markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 - Valuations for assets and liabilities traded in less active dealer or broker markets. For example, municipal securities valuations are based on markets that are currently offering similar financial products. Valuations are obtained from third party pricing services for identical or comparable assets or liabilities.

Level 3 - Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques and not based on market exchange, dealer or broker traded transactions. Level 3 valuations incorporate certain assumptions and projects in determining the fair value assigned to such assets or liabilities.

Marketable securities as of December 31, 2021 and 2020 are considered Level 1.

(5) Contract Balances

Contract assets include accounts receivable, franchise fees receivable, notes receivable and deferred costs related to broker and area developer fees. Franchise fees receivable include balances owed on the initial franchise fee charged as of December 31, 2021 and 2020. Notes receivables include financial obligations from various franchisees for royalties as of December 31, 2021 and 2020. INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
And Stockholders of
SystemForward America, LLC
Lafayette, Louisiana

We have audited the accompanying financial statements of SystemForward America, LLC (a Subchapter S Corporation), which comprise the balance sheets as of December 31, 2020 and 2019, and the related statements of income, changes in stockholders' equity and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of SystemForward America, LLC as of December 31, 2020 and 2019, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of SystemForward America, LLC and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SystemForward America, LLC's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SystemForward America, LLC's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

SYSTEMFORWARD AMERICA, LLC

Notes to Financial Statements

D. Trade accounts and notes receivable

An allowance for anticipated losses on trade accounts and notes receivable, primarily for royalty receivables from franchisees, are recorded at the balance sheet dates. The allowance for doubtful accounts is maintained at a level that is considered adequate by management to absorb potential credit losses based on customer credit information, historical performance, and projected economic trends. Receivables are written-off when deemed uncollectible which occurs after management has used reasonable collection efforts.

E. Inventory

Inventories consist primarily of tool kits and logo apparel and are stated at the lower of cost (first-in, first-out) or market value.

F. Property and Equipment

Property and equipment are stated at cost. Depreciation of property and equipment is provided using the straight-line method for financial reporting purposes at rates based on the following estimated useful lives:

Vehicle	5 years
Machinery and Equipment	3-10 years
Furniture and Fixtures	5-10 years

Expenditures for major renewals and betterments that extend the useful lives of property and equipment are capitalized. Routine expenditures for repairs and maintenance are expensed as incurred. The cost and related accumulated depreciation of property and equipment disposed of are eliminated from the accounts, and any resulting gain or loss is recognized.

G. Goodwill

The Company amortizes goodwill on a straight-line basis over a 15-year useful life and only evaluates goodwill for impairment at the entity level when a triggering event occurs.

H. Revenue Recognition

The Company sells individual franchises. The franchise agreements typically require the franchisee to pay an initial, non-refundable fee prior to opening the respective locations and continuing royalty fees on a monthly basis based upon a percentage of franchisee sales. The initial term of franchise agreements are typically 10 years. Subject to the Company's approval, a franchisee may generally renew the franchise agreement upon its expiration. If approved, a franchisee may transfer a franchise agreement to a new or existing franchisee, at which point a transfer fee is typically paid by the assignee. The assignee assumes all duties, obligations, and liabilities of the franchisee. They assume the

SYSTEMFORWARD AMERICA, LLC

Notes to Financial Statements

original franchise agreement which shall expire on the initial expiration date. If a contract is terminated prior to its term, all sums owed to the Franchisor become due immediately.

Under the terms of the franchise agreements, the Company promised to provide franchise rights, pre-opening services such as a franchisee and sales training, and ongoing support. Prior to the adoption of Topic 606, initial franchise fees paid by the franchisees were recognized as revenue in their entirety when the agreement was made. Upon adoption of Topic 606 on January 1, 2019, the Company determined that franchise rights, franchisee and sales/employee training and ongoing support represented two separate performance obligations. The franchise rights, and ongoing support is deemed one performance obligation which is covered by the initial franchise fee paid. Revenue from the franchise fee is recognized on a straight-line basis over the duration of the agreement to ensure that the revenue recognition aligns with the customer's access to the franchise rights. The Company determined that sales/employee training is one performance obligation that is offered by the franchisor for an additional cost to their employees and sales representatives. Revenue for sales/employee training is recognized when training is complete.

Franchise fees that are payable over intervals which exceed one year and have no provision for interest are discounted at an imputed interest rate. Broker fees incurred which are related to franchisee fees are payable as franchise fees are collected and recorded utilizing similar accounting treatment for presentation in the financial statements. At December 31, 2020 and 2019, \$0 and \$15,500, respectively, was included in deferred revenues related to franchise fees receivables on the initial franchise fees.

Royalty income is recognized during the respective franchise agreement based on the royalties earned each month as the underlying franchisees sales occur. Adoption of Topic 606 did not change when the royalty revenue is recognized.

I. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

J. Income Taxes

The Company, with the consent of its stockholders, has elected under the Internal Revenue Service Code to be a Small Business Corporation, an "S" corporation. In lieu of corporation income taxes, the stockholder of an "S" corporation is taxed on his proportionate share of the Company's taxable income. Therefore, no provision or liability for federal or state income taxes has been included in these financial statements.

Management has determined that the Company does not have any uncertain tax positions and associated unrecognized benefits that materially impact the financial statements or related disclosures. Since tax matters are subject to some degree of uncertainty, there can be no assurance that the Company's tax returns will not be challenged by the taxing authorities and that the Company's shareholders will not be subject to

SYSTEMFORWARD AMERICA, LLC

Notes to Financial Statements

additional tax, penalties, and interest as a result of such challenge. Generally, the Company's tax returns remain open for three years for federal and state income tax examination.

K. Advertising Funds

Franchise agreements require the franchisee to pay continuing marketing fees on a monthly basis, based on a percentage of franchisee sales. The advertising fees are to be used only for advertising the Pop-A-Lock System, Temperature ProSystem, and the Plumbing Pro System to the general public. The Company expenses advertising costs as they are incurred. Advertising expenses for the years ended December 31, 2020 and 2019 was \$180,641 and \$156,741, respectively.

In 2018, the Company adopted Accounting Standards Update (ASU) 2018-17, *Consolidation (Topic 810): Targeted Improvements to Related Party Guidance Variable Interest Entities*, which allows a private company (reporting entity) to elect not to apply variable interest entity guidance to legal entities under common control (including common control leasing arrangements) if both the parent and the legal entity being evaluated for consolidation are not public business entities. The advertising funds are separate legal entities under common ownership. The advertising funds are administered by board members made up of franchisees. The advertising funds are not reflected in the financial statements.

(3) Concentrations of credit risk

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist primarily of cash, marketable securities, and receivables.

The Company places its cash and cash equivalents with sound financial institutions. At times, such amounts may be in excess of FDIC insurance limits. The balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. As of December 31, 2020, uninsured cash balances total \$526,946.

Franchisees are generally dispersed by geographical locations, but all operate in similar lines of business.

(4) Fair Value of Financial Instruments

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate the fair value:

Cash and cash equivalents

The carrying amount approximates fair value.

Marketable securities

Marketable securities are carried at estimated fair value within the financial statements.

SYSTEMFORWARD AMERICA, LLC

Notes to Financial Statements

In accordance with FASB ASC 820-10-50-1, the Company groups assets and financial liabilities measured at fair value on a recurring basis in three levels, based on the markets in which the assets and liabilities are traded, and the reliability of the assumptions used to determine the fair value. These levels are:

Level 1 - Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Level 1 also includes securities that are traded by dealers or brokers in active markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 - Valuations for assets and liabilities traded in less active dealer or broker markets. For example, municipal securities valuations are based on markets that are currently offering similar financial products. Valuations are obtained from third party pricing services for identical or comparable assets or liabilities.

Level 3 - Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques and not based on market exchange, dealer or broker traded transactions. Level 3 valuations incorporate certain assumptions and projects in determining the fair value assigned to such assets or liabilities.

Marketable securities as of December 31, 2020 and 2019 are considered Level 1.

(5) Contract Balances

Contract assets include accounts receivable, franchise fees receivable, notes receivable and deferred costs related to broker and area developer fees. Accounts receivable represent monthly royalty payments that are billed and unbilled receivables due as of December 31, 2020 and 2019. Franchise fees receivable include balances owed on the initial franchise fee charged as of December 31, 2020 and 2019. Notes receivables include financial obligations from various franchisees for royalties as of December 31, 2020 and 2019. Deferred broker and area developer fees are costs that are related to ongoing contract rights and fees that are being straight lined over the contract life.

Notes to Financial Statements

(17) Restatement of Previously Issued Financial Statements

The Company has restated its previously issued financial statements for 2019 to reflect the correction of error related to recognition of initial franchise fees and related expenditures for a contract thought to be terminated when it was not actually terminated.

A contract with a franchisee was thought to be terminated in 2019 and therefore total deferred revenues and expenditures under the contract were recognized in 2019. In 2020, the error was discovered noting that the contract was not actually terminated and was corrected in 2020. The effect of the correction of this error on the results of operations, retained earnings, and significant asset and liability accounts is as follows for December 31, 2019:

	Previously Reported 12/31/2019	Prior Period Adjustment	As Restated 12/31/2019
Net income	\$ 1,703,678	\$(191,831)	\$ 1,511,847
Retained earnings	\$(2,694,126)	\$(191,831)	\$(2,885,957)
Assets:			
Unamortized broker fees - current	\$ 461,290	\$ 21,240	\$ 482,530
Unamortized broker fees - non-current	\$ 2,012,175	\$ 119,992	\$ 2,132,167
Liabilities:			
Deferred Revenue - current	\$ 1,342,269	\$ 49,782	\$ 1,392,051
Deferred Revenue - non-current	\$ 6,354,545	\$ 283,281	\$ 6,637,826

(18) Subsequent Event Review

The Company evaluated the need for disclosures and/or adjustments resulting from subsequent events through March 17, 2021, the date the financial statements were available to be issued. On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 10, 2020, declared it to be a pandemic and it is still currently ongoing. Actions taken around the world to help mitigate the spread of the coronavirus includes restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including geographical areas in which the Company operates. It is unknown how long these conditions will last and what the complete financial effect will be to the Company. Additionally, it is reasonably possible that estimates made in the financial statements have been, or will be, materially and adversely impacted in the near term as a result of these conditions.

SYSTEMFORWARD AMERICA, LLC

Notes to Financial Statements

(19) Recent Accounting Pronouncements

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842) intended to improve financial reporting regarding leasing transactions. The new standard affects all companies and organizations that lease assets. The standard will require organizations to recognize on the statement of financial condition the assets and liabilities for the rights and obligations created by those leases if the lease terms are more than 12 months. The guidance also will require qualitative and quantitative disclosures providing additional information about the amounts recorded in the financial statements. The amendments in this update are effective for fiscal years beginning after December 15, 2021, including interim periods within those fiscal years. The Company is evaluating the potential impact of the amendment on the Company's financial statements.

In 2018, the Company adopted Accounting Standards Update (ASU) 2018-17, *Consolidation (Topic 810): Targeted Improvements to Related Party Guidance Variable Interest Entities*, which allows a private company (reporting entity) to elect not to apply variable interest entity guidance to legal entities under common control (including common control leasing arrangements) if both the parent and the legal entity being evaluated for consolidation are not public business entities. The advertising funds are separate legal entities under common ownership. The advertising funds are administered by board members made up of franchisees. The advertising funds are not reflected in the financial statements.

Recent accounting pronouncements –

The FASB issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers (Topic 606)* and has since issued various amendments which provide additional clarification and implementation guidance on Topic 606. The core principal of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. To achieve the core principle, an entity should (1) identify the contract(s) with a customer, (2) identify the performance

SYSTEMFORWARD AMERICA, LLC

NOTES TO FINANCIAL STATEMENTS

obligations in the contract, (3) determine the transaction price, (4) allocate the transaction price to the performance obligations in the contract, and (5) recognize revenue when (or as) the entity satisfies a performance obligation. The Company adopted this new guidance on January 1, 2019 using the modified retrospective transition method.

The Company recognized the cumulative effect of initially applying the new revenue standard as an adjustment to the opening balance of equity at January 1, 2019. Therefore, the comparative period has not been adjusted and continues to be reported under the previous revenue recognition guidance. See Note 2 for further information regarding our revenue policies and disaggregation of our sources of revenue.

The FASB has issued Accounting Standards Update (ASU) 2016-01, *Financial Instruments-Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*, which is intended to improve GAAP by enhancing the reporting model for financial instruments to provide users of financial statements with more decision-useful information. The guidance will (1) require that equity investments, except those accounted for under the equity method of accounting or those that result in the consolidation of the investee, to be measured at fair value with changes in fair value recognized in net income, (2) simplifies the impairment assessment of equity investments without ready determinable fair values by requiring a qualitative assessment to identify impairment; (3) eliminate the requirement to disclose the fair value financial instruments measured at amortized costs for entities that are not public business entities; and (4) clarify that an entity should evaluate the need for a valuation allowance on a deferred tax asset related to available-for-sale securities in combination with the entity's other deferred tax assets. The amendments to this update are effective for fiscal years beginning after December 15, 2018. The adoption of this ASU had no impacts on the financial statements or notes.

Note 2. Revenue Recognition

The Company adopted Topic 606 on January 1, 2019 using the modified retrospective transition method and recorded a decrease to beginning retained earnings of \$4,766,869. The Company adopted Topic 606 only for contracts with remaining performance obligations as of January 1, 2019, under the modified retrospective transition method. Comparative information from prior periods has not been adjusted and continues to be reported under the accounting standards in effect for those periods. The adoption changed the timing of recognition of initial franchise fees and related expenditures.

The cumulative effects of the changes made to the consolidated balance sheets as of as of December 31, 2019 for the adoption of Topic 606 were as follows:

Franchise and related revenue

The Company sells individual franchises. The franchise agreements typically require the franchisee to pay an initial, non-refundable fee prior to opening the respective locations and continuing royalty fees on a monthly basis based upon a percentage of franchisee sales. The initial term of franchise agreements are typically 10 years. Subject to the Company's approval, a franchisee may generally renew the franchise agreement upon its expiration. If approved, a franchisee may transfer a franchise agreement to a new or existing franchisee, at which point a transfer fee is typically paid by the assignee. The assignee assumes all duties, obligations and liabilities of the franchisee. They assume the original franchise agreement which shall expire on the initial expiration date. If a contract is terminated prior to its term, all sums owed to the Franchisor become due immediately.

Under the terms of the franchise agreements, the Company promised to provide franchise rights, pre-opening services such as a franchisee and sales training, and ongoing support. Prior to the adoption of Topic 606, initial franchise fees paid by the franchisees were recognized as revenue in their entirety when the agreement was made. Upon adoption of Topic 606 on January 1, 2019, the Company determined that franchise rights, franchisee and sales/employee training and ongoing support represented two separate performance obligations. The franchise rights, and ongoing support is deemed one performance obligation which is covered by the initial franchise fee paid. Revenue from the franchise fee is recognized on a straight line basis over the duration of the agreement to ensure that the revenue recognition aligns with the customer's access to the franchise rights. The Company determined that sales/employee training is one performance obligation that is offered by the franchisor for an additional costs to their employees and sales representatives. Revenue for sales/employee training is recognized when training is complete.

Franchise fees that are payable over intervals which exceed one year and have no provision for interest are discounted at an imputed interest rate. Broker fees incurred which are related to franchisee fees are payable as franchise fees are collected, and recorded utilizing similar accounting treatment for presentation in the financial statements. At December 31, 2019 and 2018, \$15,500 and \$65,172, respectively, was included in deferred revenues related to franchise fees receivables on the initial franchise fees.

SYSTEMFORWARD AMERICA, LLC

The fees collected are to be used only for advertising the Pop-A-Lock System and Temperature ProSystem to the general public. The advertising fund for PlumbingPro system was not set up until after year end. The advertising funds are held in separate legal entities under common ownership. The funds in the advertising funds are administered by board members made up of franchisees. The advertising funds cannot be used by the company and are not reflected in the financial statements.

The Company charges a management fee to the funds, allowable in the franchise agreements, that is subject to a maximum of 15% of the funds per year to recover a portion of its operating expenses. Total management fees charged to the advertising funds in 2019 and 2018 were \$127,419 and \$118,319, respectively.

At December 31, 2019 and 2018, the advertising funds owed the Company \$169,567 and \$77,555, respectively, and is included in the due from affiliates' line item on the balance sheets.

Note 7. Other Related Party Transactions

The Company pays a consulting fee of \$10,000 per month to an entity owned by one of the Company's shareholders. Consulting fees of \$120,000 were paid to the related party during each of the years ended December 31, 2019 and 2018.

Note 8. Commitments and Contingencies

At various time during the year, the Company may be involved in disputes with franchisees that arise in the ordinary course of business. In some instances, the Company returns the initial franchise fees paid and is ordered to pay out additional amounts. Total franchise fees returned during 2019 and 2018 was \$201,128 and \$336,503, respectively and is recorded against franchise fee revenue. Any amounts paid out in addition to the initial franchise fee returned is recorded as an other expense on the statements of income. The amount of additional payments during 2019 and 2018 were \$- 0 - and \$307,851, respectively.

Note 9. Fair Value of Financial Instruments

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate the fair value:

Cash and cash equivalents

The carrying amount approximates fair value.

SYSTEMFORWARD AMERICA, LLC
NOTES TO FINANCIAL STATEMENTS

Marketable securities

Marketable securities are carried at estimated fair value within the financial statements.

In accordance with FASB ASC 820-10-50-1, the Company groups assets and financial liabilities measured at fair value on a recurring basis in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine the fair value. These levels are:

Level 1 – Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Level 1 also includes securities that are traded by dealers or brokers in active markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Fore example, municipal securities valuations are based on markets that are currently offering similar financial products. Valuations are obtained from third party pricing services for identical or comparable assets or liabilities.

Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques and not based on market exchange, dealer or broker traded transactions. Level 3 valuations incorporate certain assumptions and projects in determining the fair value assigned to such assets or liabilities.

Marketable securities as of December 31, 2019 and 2018 are considered Level 1.

Note 10. Reclassifications

Certain reclassifications have been made in the current year to total amounts presented as of December 31, 2018 to be consistent with the presentation as of December 31, 2019. The reclassifications had no effect on total net assets or changes in net assets as previously presented.

Note 11. Subsequent Events

The Company evaluated the need for disclosures and/or adjustments resulting from subsequent events through June 24, 2020, the date the financial statements were available to be issued. On January 30, 2020, the World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern” and on March 10, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus includes restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including geographical areas in which the Company operates. It is unknown how long these conditions will last and what the complete financial effect will be to the Company. Additionally, it is reasonably possible that estimates made in the financial statements have been, or will be, materially and adversely impacted in the near term as a result of these conditions.
